

Program #40001 - Public Health Administration and Quality Management 4/21/2021

Department: Health Department **Program Contact:** Jessica Guernsey
Program Offer Type: Support **Program Offer Stage:** As Proposed
Related Programs: 40096
Program Characteristics:

Executive Summary

Public Health Administration and Quality Management (PHA-QM) provides leadership for the Public Health Division (PHD). As the local public health authority, Public Health works to promote and protect health, and prevent disease for all residents within Multnomah County. PHA-QM sets Public Health's strategic direction and supports programs in achieving operational and fiscal accountability.

Program Summary

PHA-QM provides administrative support and project management, to ensure that the PHD fully performs its foundational role and achieves legal requirements as Multnomah County's local public health authority. The PHD is responsible for systems that promote and protect the health of, and prevent disease for, diverse communities within Multnomah County. Strategies of the PHD include direct services, policy interventions, prevention initiatives, public education and communications, community partnerships, planning, capacity building, and research, evaluation, and assessment. The primary goal of PHA-QM is to provide support to PHD programs so they can reduce health disparities experienced by BIPOC communities. PHA-QM program areas include:

Administration - This program area provides core administrative functions for the PHD to support division-wide infrastructure. Division-wide administration ensures accountability through achieving performance standards related to Public Health Accreditation, Public Health Modernization, effective financial management, and the PHD Strategic Plan.

Project Management - This program area supports quality assurance and improvement; performance measurement; information management; public health workforce development; public health informatics; project management for emerging public health issues with departmental and community significance (such as the prescription opioid epidemic); and academic partnerships.

Racial Equity - PHA-QM works closely with the Public Health Office of the Director and all PHD programs to use community and program level data to analyze racial disparities; engage culturally specific groups to reach BIPOC communities; and include BIPOC communities in the design of programs, assessments, planning, interventions, and direct services.

Performance Measures

Measure Type	Primary Measure	FY20 Actual	FY21 Budgeted	FY21 Estimate	FY22 Offer
Output	# of quality and strategy projects identified	NA	NA	NA	6
Outcome	% of identified projects successfully completed	90%	90%	90%	90%

Performance Measures Descriptions

Projects include both COVID-19-related and non-COVID-19-related projects.

Legal / Contractual Obligation

Oregon Revised Statute Chapter 431 State and Local Administration and Enforcement of Public Health Laws

Program Revenues				
Intergovernmental	\$0	\$182,581	\$0	\$232,249
Total Revenue	\$0	\$182,581	\$0	\$232,249

Explanation of Revenues

This program generates \$21,577 in indirect revenues.

State Opiate grant for Prescription drug Overdose Prevention and Federal BJA Hal Rogers PDMP to enhance the capacity of regulatory and law enforcement agencies and public health officials to collect and analyze controlled substance prescription data and other scheduled chemical products through a centralized database administered by an authorized state agency.

\$171,745 - Overdose Prevention-Counties

\$60,504 - Public Health Modernization Local

Significant Program Changes

Last Year this program was: FY 2021: 40001 Public Health Administration and Quality Management

Significant Changes - For FY22, there were increases in State Public Health Modernization funding (\$2,923) and State Overdose Prevention funding (\$46,745). A total of 0.05 FTE was added from this increase.

COVID-19-Related Impacts - During FY21, PHA-QM shifted to a focus on COVID-19-related quality and strategy projects. In FY22, this COVID-19 focus will continue but be more balanced with non-COVID-19-related projects.
