Program Characteristics:

Executive Summary

Many property offenses are motivated by substance use disorders. The START (Success through Accountability, Restitution and Treatment) Court program adheres to nationally recognized drug court key components to address addiction by partnering with treatment to hold participants accountable. In an attempt to decrease additional felony convictions and hold people accountable, both the Oregon Department of Corrections and the Oregon Criminal Justice Commission invested monies into comprehensive programming for this population. The funding agencies conduct evaluations of each program and report back to the legislature with the results.

Program Summary

The Department of Community Justice (DCJ) START Court program is committed to a drug court model, engaging a multi-disciplinary team to promote positive outcomes for participants and the community. Intensive supervision, close working partnerships with treatment agencies, and frequent court monitoring ensure comprehensive services and accountability for individuals enrolled in the program.

The START Court program adheres to key components of drug courts to respond to addiction and criminogenic risk factors effectively. The START Court program provides alternative sentencing for downward dispositional cases, and focuses on high risk and high need justice-involved individuals (JII). Comprehensive wrap-around services provided by a variety of stakeholders (Multnomah County Judges, the Multnomah County Sheriff's Office, the District Attorney's Office and defense attorneys, treatment, community partners, and DCJ) collaborate to deliver evidence-based practices that produce successful outcomes. Referrals to the START Court program are filtered primarily through the Multnomah County Justice Reinvestment Program (MCJRP), which provides informed sentencing, and is one option for eligible MCJRP cases.

The COVID-19 pandemic impacted operations beginning in March 2020. PPOs have limited in person visits to address immediate public safety concerns and address high risk behaviors. They maintain contact with justice-involved individuals via phone or other virtual options. Regular in person meetings will resume in FY 2022 when it is safe to do so.

Significant Program Changes

Last Year this program was: FY 2021: 50030 Adult START Court Program

DCJs FY 2022 budget reflects the impact of the passage of Measure 110 which establishes a Drug Treatment and Recovery Services Fund and decriminalizes the possession of small quantities of controlled substances. This measure requires the transfer of sentence reduction, reductions in arrests, incarceration and supervision savings to the new fund. This will result in a reduction of cases supervised.

Contractual services were reduced in FY 2022.
