ANNUAL LETTER TO THE BOARD

- Review and discussed working ACSI letter outline doc
- Structure: Framing the high line recommendations, similar to what Noelle provide (see bottom of letter)
- **Derron Coles** recommended that we highlight the low/no cost options for the County, in line with Noelle's draft language.
- Importance of defining what "support" language means.

- Importance of the energy/housing/health intersection, County's work to support energy justice
- Community Resources Team at the City of Portland - Pulls together providers of different services to find alignment in reaching folks, handing off when resources shift.
- Discussed supporting the City's work around the HEART standards, message may be to call on the BCC to support.
- Discussed idea of County becoming Community Solar data aggregator, to connect new folks, unsure if the County is well positioned / resourced on this.
- Feedback - Public records requirements
