Tax Information

Permanent Tax Rate

Exemptions

Local Property Tax Option

Property tax administration, governed by the Oregon Constitution, State tax laws, and regulations of the Department of Revenue, includes the assessment, equalization, levy, and collection of taxes. A tax limitation measure ("Measure 50") affecting property tax collections was approved by the voters in the May 1997 special election. This legislation changed the property tax administration system substantially, with changes to levy rates, assessments and equalization.

Each local taxing district which imposed operating ad valorem taxes in FY 1998 received a permanent tax rate. The rate was calculated by dividing the total operating ad valorem taxes imposed by the County in FY 1998 (reduced by an average of approximately 17% statewide) by the property's AV. Measure 50 prohibits increases in permanent tax rates. Permanent tax rates are subject to the Measure 5 limitations. The County's permanent tax rate is \$4.3434 per \$1,000 Assessed Value.

Measure 50 exempted from its limitations taxes levied to pay voter-approved general obligation bonds. Levies to pay general obligation bonds are also exempt from the Measure 5 limitations. Measure 50 also exempted the following levies, which are subject to Measure 5 limitations:

1. Levies to pay bonds and other borrowings, if they were made before December 5, 1996, and were secured by a pledge or explicit commitment of ad valorem property taxes or a covenant to levy or collect ad valorem property taxes.
2. Certain local government pension levies.

The County has no levies of the types described in paragraphs 1 and 2, above.

Local governments are able to override Measure 50 for limited-term local option levies subject to voter approval under the participation requirements discussed below. Local option levies may last up to five years for any purpose or ten years for capital projects.

Local option levies are subject to "special compression" under Measure 5. If operating taxes for non-school purposes exceed Measure 5's \$10/\$1,000 limit, local option levies are reduced first to bring operating taxes into compliance with this limit. This means that local option levies can be entirely displaced by future approval of permanent rate levies for new governments, or by urban renewal and the City of Portland's pension levy.

Measure 50, which passed in 1997, requires that local option levies be approved by a majority of the voters at a general election in an even-numbered year or at any other election in which not less than 50% of the registered voters cast a ballot. For example, voters approved an extension of the Library Levy in the May, 2002 election but less than 50% of the registered voters cast a ballot. Therefore, the Library Levy failed. Subsequently the County resubmitted the Library Local Option to voters in November 2002 and the measure passed.

Voter Participation

In November 2008, voters passed Measure 56 which eliminated the voter turnout requirement for property tax elections held in May and November but keeps the voter turnout requirement for elections at any other time (50% of qualified voters must vote and a majority of those voters have to approve the property tax measure). As a result, for May and November elections, local property tax measures become law when approved by a majority of voters.

General Obligation Bonded Indebtedness

Levies to pay the following general obligation bonds are exempt from the limitations of Measure 50 and Measure 5:

1. General obligation bonds authorized by the Oregon Constitution;
2. General obligation bonds issued on/before November 6, 1990; or
3. General obligation bonds for capital construction/ improvements; and
 - if issued after November 6, 1990, and approved prior to December 5, 1996, by a majority of voters; or
 - if approved after December 5, 1996, in accordance with Measure 50's voter participation requirements, or bonds issued to refund the preceding bonds.

Tax Collection

The County Tax Collector extends authorized levies, computes tax rates, bills and collects all taxes, and makes periodic remittances of collections to levying units. Tax collectors calculate public school and local government taxes separately, calculating any tax rate reductions to comply with tax limitation law, and developing percentage distribution schedules. The tax collector then reports to each taxing district within five days the amount of taxes imposed.

Tax collections are segregated into two pools, (1) public schools and (2) local governments. Each taxing body shares in its pool on the basis of its tax rate (adjusted to tax limitation rate caps), regardless of the actual collection within each taxing body. Therefore the amount for each taxing body becomes a pro rata share of the total tax collection record of all taxing bodies within the County. Thus, an overall collection rate of 90% of the countywide levy indicates a 90 percent tax levy collection for each taxing body.

The tax year (fiscal year) for all property starts July 1 and ends June 30 of the following year. The assessment date for the tax year starting July 1 is January 1 of the same calendar year. Tax payments are due November 15. Under the partial payment schedule a one third payment is due November 15, February 15, and May 15. If full by November 15, a 3% discount is allowed; if two-thirds are paid by November 15, a 2% discount is allowed. For late payments, interest accrues at a rate of 1.33% per month. Property is subject to foreclosure proceedings three years after the tax due date.

A Senior Citizen Property Tax Deferral Program allows homeowners to defer taxes until death or the sale of the home. Qualifications include a minimum age of 62 and household income less than \$43,500. Certain other requirements apply. Taxes are paid by the State, which obtains a lien on the property and accrues interest at 6% compounded annually. More information can be found at www.oregon.gov/dor/deferral.

Debt Overview

Debt is frequently an appropriate method of financing capital projects. It entails careful monitoring of such issuances to ensure that an erosion of the County's credit quality does not result. The County is rated by Moody's Investors Services as well as Standard & Poor's. Moody's rates the County's General Obligation and Full Faith & Credit debt at Aaa, the highest municipal rating that can be assigned. Standard & Poor's assigns a comparable AAA rating. Both rating agencies note that the County has a stable financial outlook.

Various types of securities are used to issue debt. Features of a security include its purpose, length of financing and the source of funds for repayment. The following types of long-term securities are available to Multnomah County:

- General Obligation Bonds
- Full Faith and Credit Bonds
- Revenue Bonds
- Pension Obligation Bonds

The County may also enter into capital leases and take out loans from other governmental entities (i.e., State of Oregon) as permissible by statute. Capital Leases do not currently count against debt limits that are established in Oregon Revised Statutes (ORS).

In FY 2019, the County has \$367.7 million of the following debt obligations:

- Pension Obligation Bonds - \$74.8 million outstanding
- Full Faith & Credit Obligations - \$290.9 million outstanding
- Oregon Transportation Infrastructure Bank Loan - \$2 million outstanding

In addition to issuing its own debt, the County has acted as facilitator in the issuance of Conduit Debt for private educational institutions and hospitals as authorized by state statute. The Conduit Debt issued creates a liability for the company for whom it is issued and is not a direct or contingent liability of Multnomah County and is therefore not included as debt obligations in this budget. Of the total \$228.4 million remaining on principal outstanding on Conduit Bonds as of June 30th 2018, 97% was issued on behalf of seven hospital facilities and the other 3% on behalf of educational facilities.

The following sections describe each debt category including debt limitations and a detailed table of principal and interest payments.

General Obligation Bonds

General Obligation Bonds (GO Bonds) issued by jurisdictions within Oregon have two important features. First, they must be referred to, and receive the approval of, a majority of voters within the jurisdiction. The second feature that differentiates GO bonds from other long-term debt obligations is the fact that they are supported by a dedicated Property Tax levy. Under Measures 5 and 50, taxes levied to pay debt service associated with GO bonds are outside the constitutional limitations imposed on other Property Tax levies.

The County does not currently have any General Obligation debt nor does it intend to ask for voter approval for new GO bonds in the near future.

State statute (ORS 287A.100) provides a debt limit on voter approved GO bonds of 2% of the real market value of all taxable property within the County. The following table represents the GO debt capacity as of July 1, 2018.

GO Bond Debt Limitation

Real Market Value 2017-2018	\$158,551,847,377
Debt limit at 2%	3,171,036,948
Outstanding Debt (7/1/2018)	0
Legal Debt Margin	\$3,171,036,948

Full Faith and Credit Bonds

There are currently four outstanding Full Faith and Credit bonds (FFCs). As the name implies, FFCs are backed by the County's credit worthiness and are payable from any legally available revenue source.

The Series 2010B bonds were sold as Build America Bonds (BABs) that were authorized by the American Recovery and Reinvestment, better known as the stimulus package. These bonds are taxable but carry a 45% interest subsidy from the federal treasury which results in a lower total cost of borrowing than could be achieved under a tax-exempt financing.

In December 2012, the County issued \$128 million in Series 2012 bonds to pay for the County's share of the Sellwood Bridge replacement project. The bridge was opened to commuters in March of 2016; the project is now substantially complete. Total cost of the project is estimated at \$330 million.

The Series 2014 FFC was a refunding of Series 2004 completed in late FY 2014. The savings from the refunding were \$2.6 million or approximately 10% of the refunded principal. Projects supported by this issue include acquisition of the Multnomah Building, construction of the Multnomah County East facility, and costs related to acquisition and implementation of SAP. The bonds have a final maturity date of August 2019.

The County issued \$164 million in Series 2017 in December 2017 to fund the County Courthouse Capital Construction Project, the Health Department Capital Construction Project, the Enterprise Resource Planning Implementation Project, and the Department of Community Justice East Campus Capital Project. The expected debt service for FY2019 is budgeted at \$14.9 million.

The County has approximately \$290.9 million of outstanding FFC debt. This represents the non-voter approved debt against which the internal financial policy is measured. ORS 287A.105 provides a debt limit on non-voter approved debt of 1% of the real market value of all taxable property within the County. The following table represents the estimated debt capacity as of July 1, 2018.

Full Faith and Credit Obligations Debt Limitation

Real Market Value 2017 - 2018	\$158,551,847,377
Debt limit at 1%	1,585,518,474
Outstanding Debt (7/1/2018)	(292,956,000)
Legal Debt Margin	\$1,292,562,474

In addition to these statutory debt limits, the County's internal Financial & Budget Policies adopted by the Board in FY 2018 further limit non-voter approved debt service payments to no more than 5% of budgeted General Fund revenues for debt supported directly by the General Fund. Under this policy, in FY 2019, the County will have an estimated \$25 million in available revenue for debt and an estimated \$53 million in remaining debt capacity for future bond issues.

Debt payments are approximately \$30.3 million in FY 2019. Most FFC debt, not attributed to the Sellwood Bridge, is recovered from departments in the form of internal service charges. For example, tenants in the Multnomah Building pay their share of debt service based on the space they occupy in the facility. All of the existing FFC debt will be retired by FY 2047.

Ultimately, the General Fund is the primary source for repayment of FFC debt. However, approximately 36% of total principal and interest payments, primarily for bonds that supported construction of the Sellwood Bridge, are paid by other funds. Ratings agencies have taken note of the fact that the County has taken steps to minimize the impact of debt service payments on the General Fund. During 2017, both Moody's Investor Services and Standard & Poor's upgraded the County's FFC debt rating to Aaa/AAA, the highest ratings assigned to government bonds.

Financial Summaries

fy2019 adopted budget

Full Faith and Credit Obligations *(in thousands)*

Debt Description	Dated	Maturity Date	Average Annual Interest	Amount Issued	Principal Outstanding 6/30/2018	Principal Outstanding 6/30/2019	2018-19 Interest	2018-19 Principal

Total Full Faith and Credit				\$329,640	\$290,990	\$273,440	\$12,486	\$17,550

Revenue Bonds

Revenue bonds are debt instruments that are retired by specified dedicated revenues, often generated by an activity or a project funded out of the debt proceeds. Revenue bonds are designed to be self-supporting through user fees or other special earmarked receipts; the general taxing powers of the jurisdiction are not pledged for retirement of the debt.

The debt created through the issuance of revenue bonds is repaid by the earnings from the operations of a revenue-producing enterprise or from special taxes. The County currently has no outstanding revenue bonds.

PERS Pension Revenue Bonds

Pension Obligation Bonds were issued in FY 2000 to cover the County's estimated unfunded actuarial liability (UAL) to Public Employees Retirement System (PERS). The County issued \$185 million of taxable debt for this purpose. Issuance of pension obligation bonds can provide present value savings because the PERS fund can make investments in instruments that produce higher yields than the County's investment portfolio. Debt service payments are covered through internal service charges based on payroll. For FY 2019, the rate charged to departments is 7.65% of payroll.

PERS Pension Revenue Bonds *(in thousands)*

Debt Description	Dated	Maturity Date	Average Annual Interest	Amount Issued	Principal Outstanding 6/30/2018	Principal Outstanding 6/30/2019	2018-19 Interest	2018-19 Principal
Limited Tax Pension Obligation Revenue Bonds	12/01/99	06/01/30	7.67%	\$184,548	\$74,793	\$52,593	\$1,649	\$22,200

Leases, Contracts, and Loans

The County has entered into various lease/purchase agreements to acquire property and equipment. These lease agreements qualify as capital leases for accounting purposes and have been capitalized in accordance with generally accepted accounting principles (GAAP).

In FY 2009, the County entered into a loan with the State of Oregon for the purpose of making capital improvements to the County road system.

Leases, Contracts and Loans (in thousands)

Debt Description	Dated	Maturity Date	Average Annual Interest	Amount Issued	Principal Outstanding 6/30/2018	Principal Outstanding 6/30/2019	2018-19 Interest	2018-19 Principal

Interfund Loans

An interfund loan is a transfer between funds or fund types within the County for an approved amount and a definite plan of repayment in a specific period of time (up to 10 years). Interfund loans are subject to ORS 294.468 and are designed to provide financing resources to address short-term cash flow needs in County operations or capital financing plans. Interfund loans are either operating or capital and shall meet the following requirements:

- An operating interfund loan is made for the purpose of paying operation expenses.
- A capital interfund loan is made for the purpose of financing the design, acquisition, construction, installation, or improvement of real or personal property and not for the purpose of paying operating expenses.

In FY 2018, an interfund loan of \$105,000 from the Asset Replacement Revolving Fund (2503) to the Willamette River Bridge Fund (1509) was paid off. The loan was issued to provide funding for replacing lighting on the Broadway, Burnside, Morrison, and Hawthorne Bridges.

In FY 2016, an interfund loan of \$3 million from the Risk Fund (3500) to the Willamette River Bridge Fund (1509) was issued to provide funding for a feasibility study for the seismic rehabilitation or replacement of the Burnside Bridge. The loan has a 10-year term at an interest rate of .54% per annum.
