

MAKE A DIFFERENCE.

Join the Aging Services Advisory Council and help advise Multnomah County on such topics as:

WELL BEING

CAREGIVER SUPPORT

LIVING WITH DIGNITY

TRANSPORTATION

Advisory council members advise Multnomah County's Aging, Disability, & Veterans Services Division (ADVSD) to ensure that all older adults, people with disabilities, and Veterans thrive in diverse and supportive communities. Advisory council members advocate for system level changes, provide advice to ADVSD regarding policies and programs, and connect with the broader community to understand the issues and priorities of ADVSD target populations.

We are building a caring, united, open-minded, and courageous team of volunteers who will stand for equity, empowerment, and accountability. We believe that working with ADVSD and its network of providers and community partners to improve services is a worthwhile investment in our future and yours. By becoming an adviser, you will have the opportunity to collaborate on issues of importance to you, connect with other people who care deeply, and work for meaningful change for the benefit of our entire community.
