- Management's Views and Corrective Action Plan to Current Year Audit Findings and Questioned Costs
- Summary Schedule of Prior Audit Findings and Questioned Costs

**REPORT OF INDEPENDENT AUDITORS ON COMPLIANCE AND ON INTERNAL CONTROL OVER  
 FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
 ACCORDANCE WITH OREGON MINIMUM AUDIT STANDARDS**

Board of Commissioners  
 Multnomah County, Oregon

We have audited the basic financial statements of Multnomah County (“the County”) as of and for the year ended June 30, 2013 and have issued our report thereon dated November 8, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the provisions of the Minimum Standards for Audits of Oregon Municipal Corporations, prescribed by the Secretary of State. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement.

**Compliance**

As part of obtaining reasonable assurance about whether the County’s basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, grants, including provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules OAR 162-10-000 to 162-10-330, as set forth below, noncompliance with which could have a direct and material effect on the determination of financial statement amounts:

OAR	Section	Instances of Non-Compliance Identified?
162-010-0000	Preface	None Noted
162-010-0010	Definitions	None Noted
162-010-0020	Introduction	None Noted

## MOSS ADAMS<sub>LLP</sub>

However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our test disclosed two instances of noncompliance that is required to be reported under Minimum Standards for Audits of Oregon Municipal Corporations, prescribed by the Secretary of State:

- The County experienced a budgetary over-expenditure in the General Fund (Sheriff's Office) which is disclosed in the notes to the financial statements, and
- The County did not meet the publication timeframe for the Notice of Budget Committee Meeting. The County publishes the meeting notice on their website. OAR 294.426 requires publication in a newspaper at between 5 to 30 days prior to the Budget Committee Meeting, and posting on the municipal corporation's website at least ten days prior to the Budget Committee Meeting. The County's posting on their website was only eight days prior to the meeting.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as item 2013-01 and 2013-02 that we consider to be significant deficiencies.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Minimum Standards for Audits of Oregon Municipal Corporations, prescribed by the Secretary of State, in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT OF INDEPENDENT AUDITORS ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Board of County Commissioners  
Multnomah County, Oregon

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, the aggregate remaining fund information, and the respective budgetary comparisons for the General Fund and the Federal and State Program Fund of Multnomah County, Oregon (the County) as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated November 8, 2013. Our report includes a reference to other auditors who audited the financial statements of The Library Foundation, as described in our report on the County's financial statements. The financial statements of the Library Foundation were not audited in accordance with *Government Auditing Standards* and accordingly this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with The Library Foundation.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as item 2013-01 and 2013-02 that we consider to be significant deficiencies.

**MOSS ADAMS<sub>LLP</sub>****Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**The County's Response to Findings**

The County's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Eugene, Oregon  
November 8, 2013

## **REPORT OF INDEPENDENT AUDITORS ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

The Board of County Commissioners  
Multnomah County, Oregon

### **Report on Compliance for Each Major Federal Program**

We have audited Multnomah County's (the County) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2013. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### ***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### ***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

#### ***Opinion on Each Major Federal Program***

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

### **Report on Internal Control Over Compliance**

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

**MOSS ADAMS** LLP

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items 2013-03 and 2013-04 that we consider to be significant deficiencies.

The County's response to the internal control over compliance findings identified in our audit are described in the accompanying Management's Views and Corrective Action Plan to Current Year Audit Findings and Questioned Costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**MULTNOMAH COUNTY, OREGON**  
**Notes to Schedule of Expenditures of Federal Awards**  
**For the Year Ended June 30, 2013**

---

**Note A – General**

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all Federal awards programs of Multnomah County, Oregon (the County) for the year ended June 30, 2013. The information in this schedule is presented in accordance with the requirements of the Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. The County's reporting entity is defined in Note 1 to the County's June 30, 2013 basic financial statements.

**Note B – Basis of Accounting**

The accompanying Schedule of Expenditures of Federal Awards is presented using the modified-accrual basis of accounting, as described in Note 1 to the County's basic financial statements. Expenditures reported on this schedule are recognized following the cost principles in OMB Circular A-87, *Cost Principles for State, Local Governments and Indian Tribal Governments*, where certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

The Highway Planning and Construction grant, CFDA 20.205, was reported on the cash basis due to the nature of this award. The Schedule provides the summary of expenditures of federal awards by program or program cluster (CFDA number), by State Agency, if applicable, and by detailed pass through agency, if applicable. Federal CFDA numbers are from the Catalog of Federal Domestic Assistance (CFDA) published by the Office of Management and Budget and the General Services Administration.

**Note C – Relationship to Basic Financial Statements**

Federal financial assistance revenues reported in the County's basic financial statements are included with operating grants and contributions.

**Note D – Non-cash Awards**

The accompanying Schedule of Expenditures of Federal Awards includes two non-cash awards.

An award from the State Department of Education provides food donations (CFDA #10.555 - Commodity Supplemental Food Program) for the Juvenile Detention Center. The value of the food is determined by the grantor; \$7,004. This amount is included in the total program value reported on the Schedule of Expenditures of Federal Awards of \$115,977.

An additional award from the Department of Health and Human Services is in the form of immunization vaccines (CFDA #93.268 – Childhood Immunization Grants). The value of the non-cash portion of the Childhood Immunization Grant award was determined by the granting agency. The amount expended and advanced at June 30, 2013 is calculated on a proportionate basis; \$3,056,418. This amount is disclosed only and is not included in the cash value portion reported on the Schedule of Expenditures of Federal Awards of \$42,304.

**MULTNOMAH COUNTY, OREGON**  
**Notes to Schedule of Expenditures of Federal Awards**  
**For the Year Ended June 30, 2013**

SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED JUNE 30, 2013**

Auditee qualified as low-risk auditee?

Yes  No

---

**Section II - Financial Statement Findings**

---

**FINDING 2013-01 – Capitalization of Software – Significant Deficiency in Internal Control (Repeat Finding)**

**Criteria:** Governmental Accounting Standards Board Pronouncement 51 – Accounting and Financial Reporting for Intangible Assets, issued June 2007 and effective for periods beginning after June 15, 2009 requires capitalization of internally generated software. This pronouncement requires the classification of software related expenditures into one of three categories: a) Preliminary Project State; b) Application Development Stage; 3) Post-Implementation / Operation Stage. Expenditures categorized as Application Development Stage are to be capitalized; all other expenditures related to the project are to be expensed as incurred.

**Condition:** The County does not have effective internal controls in place over the process to capture software development related expenditures specified by GASB 51.

**Context:** When testing the support schedule of GASB 51 capitalized software expenditures for FY 2013, several discrepancies were noted: \$35,500 variance for labor and over reporting of \$175,300 in purchased software. Upon further inquiry and investigation, it was determined there are no effective controls in place over this process.

**Effect:** Without effective internal controls in place to prevent, or detect and correct, potential errors in the process, the County risks an error in reporting the value of capitalized software costs.

**Cause:** Management attempts to identify qualifying projects and the associated expenditures for capitalization as part of the year end closing process. This is a manual process, most of which occurs outside of the accounting system. At present, management does not have effective controls in place over this process, which lead to the identification of several discrepancies that should have been prevented, or detected and corrected, by internal controls.

**Recommendation:** It is recommended that management implement an effective process for properly identifying and capturing expenditures that meet the criteria for capitalization. This process should include consideration of the following criteria: identification at project inception of whether the project will have enough expenditures during the Application Development Stage to meet the County’s capitalization threshold; use of a project or cost accounting system to identify costs that are to be capitalized; reconciliation between the potential project costs to be capitalized and actual expenditures as recorded in SAP; and a set of internal controls over the process to ensure accuracy and timeliness of information.

**Views of responsible officials and planned corrective actions:** Management’s response is included at “Management’s Views and Corrective Action Plan.”

**MULTNOMAH COUNTY  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED JUNE 30, 2013**

**FINDING 2013-02 – Cutoff – Significant Deficiency in Internal Control**

**Criteria:** Under Generally Accepted Accounting Principles (GAAP), there must be proper cutoff of revenue and expenditures at the beginning and end of the period to ensure that revenues and expenditures are recorded in the proper period.

**Condition:** During our testing of disbursements within the Highway Fund, we noted that expenditures related to FY 2012 were recorded in FY 2013 resulting in an under-reporting of construction in progress on a bridge project, under-reporting of accrued liabilities, and an under-reporting of receivables and revenues for amounts reimbursable from a grant partially financing the bridge project.

**Context:** During our testing of expenditures for the Highway Fund we found that two items related to FY 2012 were recorded during FY 2013.

**Effect:** The capital asset construction-in-progress, accrued liabilities, intergovernmental receivables and intergovernmental revenue, were understated by \$365,463 based on the final settlement of the invoices involved. In addition, the County had completed all the requirements for reimbursement from ODOT, but did not seek reimbursement for approximately thirteen months. The expenditures incurred and not timely claimed for reimbursement totaled approximately \$811,000.

**Cause:** The County had a bridge rehabilitation project that was partially funded by the State of Oregon through ODOT. Work performed by the contractor was completed in the third quarter of fiscal year 2012 and submitted for payment. Due to disputes between the contractor, the County, and ODOT regarding the quality of the work performed, payment for the project was not settled until the first quarter of fiscal year 2013. This was after the year end close of fiscal year 2012 and expenditures were carried forward into fiscal year 2013. There was a lack of consideration of the proper accounting for an estimate of the expenditures that should be accrued, as well as an estimate of the receivable and revenue that should have been accrued. There were additional delays after payment of the contractor before reimbursement of expenses was submitted to ODOT.

**Recommendation:** We recommend that the County improve processes for recording grant-funded projects that may straddle more than one accounting period to ensure that revenues, expenditures, and related accruals are recorded in the proper period.

**Views of responsible officials and planned corrective actions:** Management's response is included at "Management's Views and Corrective Action Plan."

**MULTNOMAH COUNTY  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED JUNE 30, 2013**

**Section III - Federal Award Findings and Questioned Costs**

**FINDING 2013-03 – Unallowed Costs – Significant Deficiency in Internal Control and Instances of Noncompliance**

<i>CFDA Number</i>	<i>Federal Agency/Pass-through Entity - Program Name</i>	<i>Award Number</i>	<i>Award year</i>	<i>Questioned Costs</i>
93.044	Aging Cluster, passed through the State of Oregon, Department of Human Services, comprised of: Special Programs for the Aging_Title III, Part B_Grants for Supportive Services and Senior Centers	136587	2013	\$83
93.045	Special Programs for the Aging_Title III, Part C_Nutrition Services			
93.053	Nutrition Services Incentive Program			

**Criteria or specific requirement (including statutory, regulatory, or other citation):** According to OMB Circular A-133, Section 300 (b) the County is responsible for maintaining internal control over Federal programs to ensure program integrity and proper use of federal resources.

**Condition:** Personal expenses were charged to the program.

**Context:** During our testing of general disbursements for the Aging Cluster, we found that personal expenses were charged to the program in two instances out of 25 samples initially selected for testing. The County identified these as personal expenses and required the employee to reimburse the County; however, the reimbursement was not properly credited to the grant nor was there a reduction in the subsequent draw down request.

**Effect:** Unallowable costs were charged to the program, which could jeopardize future funding for the program.

**Cause:** County travel related expenditures are processed through Accounts Payable and a summary is provided to the grant accountant. In this case, the grant accountant was not advised there were personal travel expenses included in the summary of charges and all travel expenses were charged to the award.

**Recommendation:** It is recommended that the County improve internal controls over general disbursements to ensure that unallowable expenses are not charged to the grant.

**Views of responsible officials and planned corrective actions:** Management’s response is included at “Management’s Views and Corrective Action Plan.”

**MULTNOMAH COUNTY  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED JUNE 30, 2013**

**FINDING 2013-04 – Unallowed Costs – Significant Deficiency in Internal Control and Instances of Noncompliance**

<i>CFDA Number</i>	<i>Federal Agency/Pass-through Entity - Program Name</i>	<i>Award Number</i>	<i>Award year</i>	<i>Questioned Costs</i>
	JAG Cluster, passed through the State of Oregon, Department of Criminal Justice and the City of Portland, comprised of:	Various	2013	None Reported
16.738	Edward Byrne Memorial Justice Assistance Grant Program			
16.803	Recovery Act - Edward Byrne Memorial Justice Assistance Grant (JAG) Program/ Grants to States and Territories Program			

**Criteria or specific requirement (including statutory, regulatory, or other citation):** According to OMB Circular A-133, Section 300 (b) the County is responsible for maintaining internal control over Federal programs to ensure program integrity and proper use of federal resources.

**Condition:** Time and Attendance reports were missing supervisor review and approval.

**Context:** During our testing of payroll for the JAG cluster, we noted two instances from the initial sample of 25 in which the Time and Attendance report was not reviewed and approved by the employee's supervisor.

**Effect:** Errors on time cards could go undetected and result in incorrect payroll related expenses being charged to the program.

**Cause:** The control currently in place is not consistently implemented to ensure that Time and Attendance reports are reviewed and approved.

**Recommendation:** It is recommended that the County address the internal controls to review Time and Attendance reports to ensure that the correct amount of payroll is charged to the program.

**Views of responsible officials and planned corrective actions:** Management's response is included at "Management's Views and Corrective Action Plan."

## **Management's Views and Corrective Action Plan to Current Year Audit Findings and Questioned Costs**

### **For the Fiscal Year Ending June 30, 2013**

#### **FINDING 2012-01 Capitalization of Software – Significant Deficiency in Internal Control**

During fiscal year 2013, management took a closer look at our processes to identify and capitalize internally developed and purchased software. As discussed with Moss Adams, management recognizes part of the solution is designing strong controls over our processes, implementing those controls and documenting those controls. Management has drafted internal control documentation over GASB 51 reporting and over the next year we will continue to identify areas where we can strengthen controls and provide evidence of an audit trail that allows Moss Adams to effectively test the control.

Some of our existing processes include identifying potential GASB 51 software projects at weekly IT Demand Planning meetings. In addition, projects are reviewed at quarterly IT planning meetings and are so noted in the meeting minutes. IT uses a software system, PlanView, to capture labor costs on IT projects. Labor costs captured in PlanView are being accurately tracked, sampled monthly against payroll records in SAP, and property capitalized. Personnel naming conventions in PlanView differ in some instances from those used in SAP (the payroll system) and those differences are being rationalized. Software costs recorded in SAP are being reviewed regularly in conjunction with General Ledger to identify software potentially capitalizable under GASB 51. These processes along with the controls that ensure we've properly accounted for GASB 51 capitalizable costs will be documented for audit testing in fiscal year 2014.

#### **FINDING 2013-01 Cutoff – Significant Deficiency in Internal Control – Highway Planning and Construction**

The circumstances and transactions encountered during the Morrison Bridge Deck Replacement project were unusual in nature and contributed to the lag in time to record expenses and revenues to the proper period on this project. Management considers this to be an isolated incident. However, this isolated incident did reveal a weakness in our internal controls.

As a result of the audit findings, Transportation Finance has reviewed and will revise the department's internal controls over recording expenditures and program revenues to ensure transactions are recorded timely and to the proper period.

To address the issue of expenses incurred in one fiscal year being reported in another fiscal year, we have strengthened the internal controls over expenditures. Project managers and engineers will promptly forward approved invoices to Transportation Finance upon their receipt of the invoice.

This allows Transportation Finance to review total project expenses and ensure transactions have been properly tracked and recorded in a timely manner. Additionally a fiscal year end review of all expenditures will be performed by Transportation Finance supervision and staff to ensure expenditures are recorded in the proper fiscal year.

To ensure prompt submittal of expenses to ODOT for reimbursement a project file will be created to track the status of DCS capital projects supported through external resources. On a quarterly basis, Transportation Finance supervision will review project revenue spreadsheets with staff to assess the status of eligible project costs and invoicing of those costs. This review is not intended to trigger the creation of the invoice, but rather to ensure that all invoices have been created in a timely manner.

DCS department internal control documents will be updated to reflect these planned changes and submitted to County Central Finance for review and comment.

In addition, to the internal control changes explained above, DCS staff have been counseled on the critical responsibilities they have regarding proper recording of transactions and the timely processing of invoices for both accounts payable and accounts receivable.

**FINDING 2013-02 Unallowed Costs – Significant Deficiency in Internal Control and Instances of Noncompliance – Aging Cluster**

In the fiscal year 2013 Single Audit, Moss Adams noted two samples out of twenty-five where personal travel expenses were charged to the Federal grant program. The two personal travel transactions were the only items that were unallowable costs.

The Department of County Human Services (DCHS) Accounts Payable unit has reviewed the travel card reconciliation process, will continue monitoring all program expenditures related to this grant, and is updating the process to include an additional reconciliation step. In the event any personal expenses are part of the approved travel, those expenses will be posted directly to the County General Fund for reimbursement and the reconciliation will note the movement of these expenses. This exception is found to be a one-time-only incident and management expects given revised procedure that further unallowable charges will not occur.

**FINDING 2013-03 Unallowed Costs – Significant Deficiency in Internal Control and Instances of Noncompliance – JAG Program Cluster**

In response to this finding, the Department of Community Justice (DCJ) revised their time entry and time approval process to include a monthly review of time and attendance reports for employees charged to Federal awards. This process enables DCJ to ensure that all documents have been properly reviewed and approved by the employee's supervisor. Copies of time and attendance reports for the relevant employees are now being turned in to the Department Finance unit for review each month. Any discrepancies are reported for correction and the documentation is maintained as part of the grant file.

---

## **Summary Schedule of Prior Audit Findings and Questioned Costs For the Fiscal Year Ending June 30, 2012**

### **FINDING 2012-01 Capitalization of Software – Significant Deficiency in Internal Control**

**Condition:** The County does not have an effective process in place to accurately capture capital related software development expenditures, and does not have a process to properly classify software development costs into the three categories specified by GASB 51.

**Recommendation:** Management should implement an effective process for properly identifying and capturing expenditures that meet the criteria for capitalization. This process should include consideration and documentation of the following elements: identification at project inception of whether the project is of a capital nature, development of a project budget, establishment of the likelihood the project will meet its intended objectives, establishment of the financial commitment to fund the project to completion, assessment of whether the project will have enough expenditures during the Application Development Stage to meet the County's capitalization threshold; use of SAP as a project or cost accounting mechanism to identify costs that are to be capitalized; reconciliation between the budgeted project costs to be capitalized and actual expenditures as recorded in SAP; and a set of internal controls over the process to ensure accuracy and timeliness of information.

**Status of Finding:** Management has responded to this finding in the corrective action plan to current year audit findings on page 203.

### **FINDING 2012-02 Eligibility – Significant Deficiency in Internal Controls**

**Federal Programs:** Low-Income Energy Assistance, CFDA 93.568, Weatherization Assistance for Low-Income Persons, CFDA 81.042 and ARRA – Weatherization for Assistance for Low-Income Persons, CFDA 81.042

**Condition:** During testing procedures performed over the eligibility determination process, internal controls were found to be poorly designed and not effectively implemented. There was a lack of segregation of duties and no evidence of a formal review and approval process in place. Even though controls were found to be deficient, no instance of eligibility non-compliance was noted.

**Recommendation:** It is recommended that the County develop and implement a series of internal controls over the eligibility determination process to ensure all client applications are subject to review and approval, and that this process is thoroughly documented. It is also recommended that role assignments for personnel be restructured to increase segregation of duties as it pertains to eligibility determinations.

**Status of Finding:** Department of County Human Services (DCHS) management took additional steps to strengthen internal controls over the eligibility screening process. DCHS Community Services Division drafted and implemented procedures to address the eligibility review process. In Weatherization and the Energy Assistance programs, applications are reviewed for eligibility by someone other than the staff who originally processed the application
