SAVE THE DATES for ACHIEVE Coalition 2020 Meeting Dates

Usually the 1st Wednesday of each month except: Jan and July - **Time:** 9:00 – 11:00 AM Location: Rotates.

Sept. 9, Oct, 7, Nov. 4, Dec. 2

Contact: ACHIEVE Coordinator Yugen Rashad: yugen.rashad@multco.us

C: 971 865-0512 O: 503 988-7264

Historical Context: ACHIEVE (Action Communities for Health, Innovation and Environmental Change) Coalition has laid the foundation for Racial and Ethnic Approaches to Community Health (REACH) since 2009. A group of multi-sectoral partners collectively envisioned: ending health inequities in chronic diseases for African Americans/Blacks in Multnomah County . The coalition advocates the use of communication, policy, systems and environmental (PSE) change strategies to increase access to healthy foods, improve community design by connecting safe and accessible places for physical activity, offering tobacco cessation programming and breastfeeding support in the places people live, work, worship and study.

Regarding the Cares funding. When people are asked to be tested, it takes results sometimes 2 days to get results. Folks are missing days from work especially in the medical fields. Then going back with their families. how can we direct folks to the funding and educate about the 14 quarantine in the black community.

I just thought of another way to educate about testing and quarantine in regards to Covid-19. Use the CHW's and the African American Community organizations and non-profits to educate. Creating a flyer with information about steps about testing, how to protect our families while we wait for results, quarantine guidelines and resources listed to help folks.

Lilian Olero10:23 AM

Will all this be translated on language that our community will be able to understand and maybe a link to YouTube where our community can get a link?

When can we start to send people to the organization once texted positive?

Therese Lugano9:45 AM

How come contact tracers send back to CHWs Counties clinics referral for resources support while they are in organizations?

Therese Lugano9:49 AM

languages barriers when calling for resources, or not response after leaving message

marsha jordan9:53 AM

Regarding the Cares funding. When people are asked to be tested, it takes results sometimes 2 days to get results. Folks are missing days from work especially in the medical fields. Then going back with their families. how can we direct folks to the funding and educate about the 14 quarantine in the black community.

I just thought of another way to educate about testing and quarantine in regards to Covid-19. Use the CHW's and the African American Community organizations and non-profits to educate. Creating a flyer with information about steps about testing, how to protect our families while we wait for results, quarantine guidelines and resources listed to help folks.

Lilian Olero10:23 AM

Will all this be translated on language that our community will be able to understand and maybe a link to YouTube where our community can get a link?

marsha jordan10:25 AM
