

Bull Run Treatment Projects Outreach History

A 10-year project like the Bull Run Filtration Projects provides opportunities for many different types of outreach events, discussions, and engagement forums—both in-person and online. The list below represents some of the ways we are keeping the community informed and involved, starting in early 2017 and continuing today using monthly e-newsletters, community briefings, information in bill inserts and the annual water quality report, and social media videos.

To stay up to date on the latest information, you can sign up to receive regular project updates through our e-newsletter, invite our team to present to your community or business group, visit our events tab to see upcoming opportunities, or reach out with ideas or feedback. We look forward to staying connected.

We share regular project updates through our Bull Run Treatment Projects e-newsletter.

2022 Outreach History

- **Aug. 22** - Filtration Neighbor Update - August 22, 2022 (e-news)
- **Aug. 19** - Filtration Neighbor Update - August 19, 2022 (e-news)
- **Aug. 16** - Bull Run Treatment Projects Update - August 2022 (e-news)
- **Aug. 12** - Filtration Neighbor Update - August 12, 2022 (e-news)
- **July 22** - Bull Run Treatment Projects at Portland City Council Meeting July 27, 2022
- **July 7** - Filtration Neighbor Update - July Meeting Reminder (e-news)
- **June 30** - Bull Run Treatment Projects Update - June 2022 (e-news)
- **June** - Prepared Annual Report to Council
- **June 8** - Filtration Neighbor Update - June 8, 2022
- **June 7** - Public Meeting Notification - Multnomah County Land Use Pre-Application
- **June 3** - Filtration Neighbor Update - June 3, 2022 (e-news)
- **May 31** - Bull Run Treatment Projects Update - May 2022 (e-news)
- **April 30** – Bull Run Treatment Projects Update - April 2022 (e-news)
- **April 21** – Filtration Neighbor Update - April Meeting Materials (e-news)
- **April 14** - Bull Run Filtration - Neighbor Meeting
- **April 11** - Public Meeting Notification - Multnomah County Land Use Pre-Application (e-news)
- **April 8** - Filtration Neighbor Update - April Meeting Reminder (e-news)
- **April 2022** - Improved Corrosion Control Treatment Project informational mailer sent to customers sensitive to water treatment changes
- **Mar. 31** – Blog: Native-owned McDonald Excavation Key to Completion of Improved Corrosion Control Treatment Facility
- **Mar. 31**– Bull Run Treatment Projects Update - March 2022 (e-news)
- **Mar. 25** – Blog: Midway through Bull Run Filtration design
- **Mar. 25** – Filtration Neighbor Update (e-news)
- **Mar.** – Mailed informational newsletter about design updates to community near project area
- **Feb. 28** – Bull Run Treatment Projects Update - February 2022 (e-news)
- **Feb. 28** – Blog: Brewing up business and building community one cup at a time
- **February-April 2022** - meetings with property owners about potential property acquisitions
- **Jan. 31** – Bull Run Treatment Projects Update - January 2022
- **Jan. 31** – Blog: Completion of Improved Corrosion Control facility nears the home stretch

- **Jan. 26** – Filtration Neighbor Update (e-news)
- **Jan. 20** – Filtration Neighbor Update (e-news)
- **Jan. 13** – Bull Run Filtration: Neighbor Update Meeting - January 2021
- **Jan. 12** – Filtration Neighbor Update (e-news)
- **Jan. 10** - Mailed informational letters and FAQ to property owners along proposed site access
- **Jan. 6** – Filtration Neighbor Update (e-news)
- **Jan. 3** – Filtration Project 2021 Native Community Engagement summary

2021 Outreach History

- **Dec.** – Mailed informational postcard to residents and property owners within 5 miles of the project locations
- **Dec. 30** – Bull Run Treatment Projects Update - December 2021
- **Dec. 17** – Filtration Neighbor Update (e-news)
- **Dec. 10** – Filtration Neighbor Update (e-news)
- **Dec. 3** – Filtration Construction Activity (e-news)
- **Nov. 30** – Blog: Field data is helping fine-tune planned pipe routes
- **Nov. 30** – Bull Run Treatment Projects Update - November 2021
- **Nov. 26** – Construction Activity Update (e-news)
- **Nov. 19** – Construction Activity Update (e-news)
- **Nov. 12** – Construction Activity Update (e-news)
- **Nov. 12** – Doorhanger notification to neighbors about sound and traffic impacts
- **Oct. 29** – Bull Run Treatment Projects Update - October 2021
- **Oct. 28** – Postcard on Bull Run Filtration Project sound and traffic impacts Nov. 15- Dec. 15
- **Oct. 27** – Blog: Corrosion control construction: changing direction so traffic doesn't need to
- **Sept. 30** – Bull Run Treatment Projects Update - September 2021
- **Sept. 29** – Blog: A safe and resilient water system is vital to prepare and recover from disasters and emergencies
- **Sept. 27** – Filtration Neighbor Update (e-news)
- **Sept. 9** – Bull Run Filtration: Neighbor Update Meeting - September 2021
- **Sept. 8** – Reminder: Filtration Site Neighbor Update Meeting Tomorrow (e-news)
- **Aug. 31** – Bull Run Treatment Projects Update - August 2021
- **Aug. 27** – Urban Indigenous Engagement Circle 2021 Summary Memo
- **Aug. 27**– Doorhanger notification to neighbors about drilling activity along pipe routes
- **Aug. 26** – Construction Activity Update (e-news)
- **Aug. 24**– Bull Run Treatment Projects presentation to Multnomah Fire District 10
- **Aug. 16** – Construction Activity Update (e-news)
- **July 30** – Bull Run Treatment Projects Update - July 2021
- **July 28** – Blog: Consistent clean water is critical for hemodialysis patient care
- **July 28** – Blog: Important groundwork for design of the filtration facility
- **July 27** – Construction Activity Update (e-news)
- **July 6** – Water Bureau Newsletter featuring Bull Run Treatment Projects information
- **July 3** – Construction Activity Update (e-news)
- **June 30** – Blog: Bull Run Treatment Projects annual update
- **June 30** – Bull Run Treatment Projects Update - June 2021
- **June 28** - Postcard mailed to facility neighbors about facility drilling (drilling postponed to fall 2021)

- **June 23** – Presentation of Bull Run Treatment Projects Annual Report to City Council (presentation slides)
- **June 18** – Bull Run Treatment Projects Update - Portland City Council Meeting Scheduled (e-news)
- **June 10** – Finalized Bull Run Filtration Good Neighbor Agreement
- **June 10** – Site Advisory Group Meeting: Good Neighbor Commitment and Facility Design Update
- **June 8** – Filtration Site Advisory Group Update - January Meeting Reminder (e-news)
- **June 3** – Urban Indigenous Engagement Circle 4
- **June 3** – Water Bureau Newsletter featuring Bull Run Treatment Projects information
- **June 1** – Portland Utility Board Program Briefing - (presentation slides)
- **June** – Prepared Bull Run Treatment Projects Annual Report to Council
- **June** – Annual Water Quality Report sent to 200,000 households providing information about the Bull Run Treatment Projects, including the filtration project.
- **May 28** - Blog: Water filtration facility is key to a resilient water future for all Portlanders
- **May 28** - Bull Run Treatment Projects Update - May 2021
- **May 14** - Construction Activity Update
- **May 13** - Site Advisory Group Meeting: Good Neighbor Language
- **May 11** - Construction Activity and Filtration Site Advisory Group Update
- **May 7** -Construction Activity and Filtration Site Advisory Group Update
- **May 6** - Urban Indigenous Engagement Circle 3
- **May 3** -Water Bureau Newsletter featuring Bull Run Treatment Projects information
- **May 3** - Doorhangers distributed to neighbors about traffic impacts near Lusted Hill facility

- **Sept. 23** – Bull Run Treatment Projects: Portland Utility Board Meeting Notice E-newsletter
- **Sept. 26** – Water Bureau Newsletter featuring Bull Run Treatment Project Information
- **Sept. 26** – Blog: City Council hears update on progress, new cost estimate for Bull Run Filtration Project
- **Sept. 19** – City Council Work Session for presentation of filtration options and estimated costs for the filtration facility, pipe connections, resilience
- **Sept. 18** – Presented at the Johnson Creek Inter-Jurisdictional Committee meeting
- **Sept. 13** – Bull Run Treatment Projects Update E-newsletter
- **Sept. 12** – Distributed doorhangers to residents living on potential pipeline route
- **Sept. 4** – Presented at the Sandy River Chapter of the NW Steelheaders meeting
- **Sept. 3** – Distributed doorhangers to the 62 closest neighbors of fieldwork borings to take place the following week
- **Sept.** – Mailed postcard notification of Good Neighbor Agreement Process and opportunity to participate in the Site Advisory Group to more than 1,000 project area neighbors.
- **Aug. 24** – Hosted a Saturday Open House at Sandy High School for community members (E-news)
- **August** – Mailed postcard notice of open house informational session to more than 1,000 project area neighbors
- **Aug. 21** – Bull Run Treatment Projects Update: Projects On Schedule, Planning Underway E-newsletter
- **Aug. 10** – Bull Run Treatment Projects: Neighbor Open House Notification E-newsletter
- **Aug. 9** – Provided project information at the Boring and Dull Social in Boring, Oregon.
- **Aug. 7-9** – Distributed doorhangers to the 50 closest neighbors of the Improved Corrosion Control Treatment project site, informing neighbors of the Aug. 23 land use hearing.
- **Aug.** – Mailed 11,500 informational postcards to residents and property owners within 5 miles of the project sites.
- **Aug. 5** – Installed a project information sign with a brochure box containing project information sheets at the Improved Corrosion Control Treatment project site. Also installed project information signs at the filtration facility site and Sandy River Station.
- **July** – Mailed postcards to 50+ closest neighbors of Improved Corrosion Control Treatment about project
- **July 16** – Hosted a BBQ&A at Dodge Park for more than 100 community members. Following the meeting, updated Frequently Asked Questions on the website.
- **July** – Updated Frequently Asked Questions on the website. Developed a comprehensive handout with responses to neighbor’s questions.
- **July** – Sent BBQ&A postcard to 1,100 neighbors
- **June 29** – Provided Bull Run Filtration Annual Report to Council
- **June 24** – Hosted a community project information session at the Grange for more than 150 community members. Following the meeting, updated Frequently Asked Questions on the website.

- **June 20** – Bull Run Treatment Projects Update: Important Improvements to Portland's Water E-newsletter
- **June** – Mailed project information newsletter to more than 1,000 addresses near the project area
- **June** – Annual Water Quality Report sent to 200,000 households providing information about the Bull Run Treatment Projects, including the filtration project.
- **May 31** – Water Bureau Newsletter featuring Bull Run Treatment Projects Information
- **May 19** – Distributed doorhangers providing notice about scheduled drilling and potential noise
- **May** – Continued social media outreach to share general information on the projects, including creating a project overview video.
- **Mar. 26** – Hosted an informational session at our Sandy River Station for neighbors who live near the property and who had public easements on their property. About 15 to 20 neighbors attended the presentation, and a great after-meeting conversation was had with each neighbor.
- **Mar. 19** – Hosted an information session at our Sandy River Station for neighbors who live near our Lusted Hill facility on Cottrell Road (no one attended).
- **Mar. 17** – Bull Run Treatment Projects presentation to Johnson Creek Watershed Council Inter-jurisdictional Committee
- **Feb. 21** - Water Bureau Newsletter featuring Bull Run Treatment Projects information
- **Feb.** – Sent an informational mailer and postcard to neighbors near our Lusted Hill facility and to neighbors with easements on their properties.
- **Feb.** – Conducted public opinion research and focus groups to learn about people's responses and attitudes to the project.
- **Jan.-April** – Visited individually with the nursery leasing our facility site, Pleasant Home Water District, and other neighbors to learn about concerns and gather feedback to inform planning and design. A variety of emails were also exchanged regarding process.

2018 Outreach History

- **Dec. 12** – Portland City Council presentation. Council decided to locate the future filtration facility at the city-owned property in that area. We send emails to neighbors who had signed up informing them of public testimony opportunities. Local media provided updates.
- **Nov. 30** – Hosted a small information session to dive deeper into the details with adjacent neighbors. Nearly all adjacent neighbors attended.
- **Nov. 8** – Hosted a community forum with Commissioner Amanda Fritz, Water Bureau staff, and community partners. Requested emails to continue discussions with both adjacent neighbors and other community members in the project area.
- **Oct.** – Sent a newsletter mailer on the project, timeline, and an invite to attend the Nov. 2018 community forum to adjacent neighbors and encouraged neighbors to bring other interested community members.
- **Sept.** – Created project website and shared links in correspondence with neighbors
- **Aug. 22** – City Council meeting on filtration and treatment projects to authorize a contract with Brown and Caldwell for the Program Management and Support Services.
- **Aug. 14** – City Council Work Session on the filtration project key decisions
- **June 29** - Report to City Council
- **June** - Annual Water Quality Report sent to 200,000 households providing information about the Bull Run Treatment Projects, including the filtration project.
- **April-June** – NextDoor online public values survey received more than 1,700 responses
- **Jan. 4** – Mailed initial notification letter to adjacent neighbors of the future filtration facility site.

2017 Outreach History

- **Dec. 18** – Signed Bilateral Compliance Agreement with Oregon Health Authority requiring the filtration facility be in operation by September 30, 2027.
- **Aug. 2** – Presented treatment options to Portland City Council, including comparative costs.
- **Aug. 1** - Portland Utility Board meeting Corrosion Control Improvements Update
- **July 25** - Portland Utility Board meeting Questions & Answers and public comment opportunity
- **July 24-July 31** - Public comments solicited about treatment options via social media and the bureau webpage
- **July 10-July 17** - Public comments solicited about treatment options via social media and the bureau webpage
- **June 30-July 10** - Public comments solicited about treatment options via social media and the bureau webpage
- **June 27** – City Council Work Session on the variance revocation
- **June 6** - Information about the treatment options presented at Public Utility Board meeting.
- **May 31** - Water Quality briefing presented at Public Utility Board Meeting
