Behavioral Health Transformation

What is it?

- Intended to transform the system by aligning expected outcomes, roles, responsibilities and incentives with funding
- Planning Team Led by Sen. Lieber and Rep. Nosse

Why?

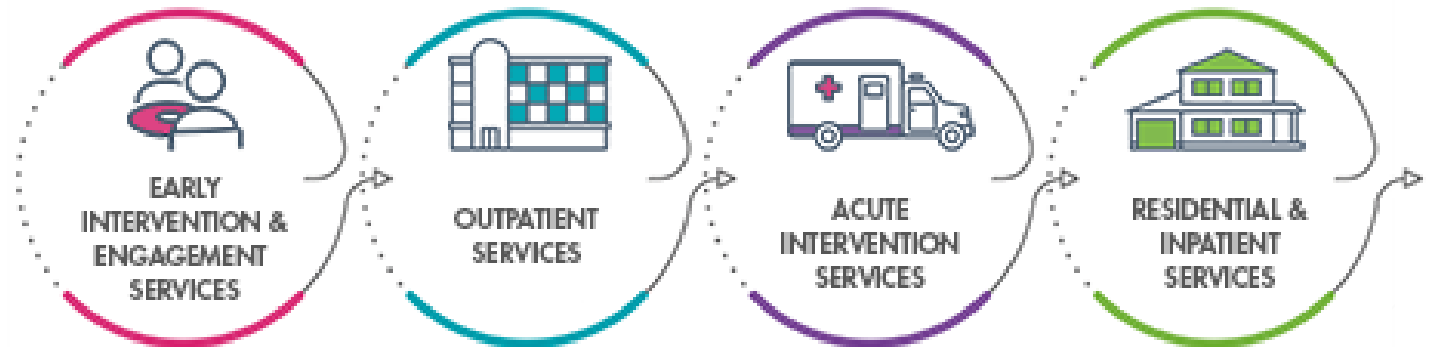

- Over the past two decades
 - Reduced or difficult access to key Safety Net services
 - Stagnant, outdated funding levels
 - Siloed systems became more insular

Considerations

- Is the System broken?
- System further impacted by Pandemic: Higher need, Reduced workforce
- How do we foster collaboration across systems?
- How do we re-align funding?
