Re: Extension of 150-Day Deadline for Case # T2-2025-0023

As provided in Multnomah County Code (MCC) 39.1135(D)(4) and ORS 215.427(5), New Cingular Wireless PCS, LLC (AT&T) requests a **ninety (90) day** extension of the 150-day deadline, for lands outside of the Urban Growth Boundary, for the County to take final action on the application submitted. We understand and agree that, if granted, this request will toll the 150-day deadline during the extension period.

Additionally, as this is an application for a telecommunications facility subject to the Federal Communications Commission (“FCC”) shot clocks, federal law provides that the County must take final action on the application within 150 days from the date the application was filed, plus any tolling of the review timeline. See 47 CFR Section 1.6003(c)(1)(iv). Accordingly, this letter will serve as confirmation that the County and AT&T also agree to toll the FCC shot clock for a period of ninety (90) days.

Sincerely,

Brian Gullen
