City of Gresham

Measure No: 26-223

Caption: Rockwood-West Gresham Renewal Plan Extension Requires No New Taxes

Question: Shall the City extend Rockwood-West Gresham Renewal Plan to 2029 and continue to fund transportation, housing, parks, and jobs?

Summary: This Measure approves an extension of the Rockwood-West Gresham Renewal Plan from 2023 to 2029, allowing the City more time to utilize the money that was originally approved by the voters in 2003. The extension would not impose new taxes, nor raise existing taxes.

The City estimates that approximately \$37 million dollars will be available over the next six years to invest in new projects that will improve the quality of life for the community.

Funds for the Rockwood-West Gresham Renewal Plan will support new projects such as:

- Transportation improvements
- Parks and Recreation
- Access to quality housing options
- Jobs

Projects funded will reflect the goals of the adopted 2003 plan and future community outreach will assist in prioritizing the projects. Funding comes from newly generated property taxes from new development and increased property values in the urban renewal area. Funding generated within the area must be spent on projects within the area.

Urban Renewal is not a new tax.

A copy of the Plan and Plan Amendment and additional information is available at <https://greshamoregon.gov/Urban-Renewal/>

Beaverton School District 48J

Measure No: 34-313

Caption: Bonds to Repair, Rebuild Schools; Health, Safety, and Technology Upgrades

Question: Shall District repair, rebuild, modernize schools and facilities, improve health, safety, technology, security, transportation, issue \$723,000,000 in bonds? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

Summary: Measure would provide funds for repairs, construction, and improvements. Because tax rate on existing bonds is scheduled to decline, this \$723,000,000 principal amount of bonds is only projected to cost an additional \$0.25/\$1,000 of assessed value annually. For home with average assessed value of \$303,021, that is approximately \$76 per year.

Bond funds would finance capital costs, including:

- Improve air ventilation systems
- Fund seismic upgrades
- Repair/replace aging roofs
- Upgrades and/or replacements to structural, mechanical and electrical systems
- Make special education classrooms more accessible for students; add classroom space to address overcrowding
- Upgrade computers and devices for students and staff; update technology infrastructure
- Upgrade safety and security systems, including security cameras and entry access control systems
- Replace old buses and improve transportation facilities
- Modernize schools throughout the District
- Rebuild Beaverton High and Raleigh Hills Elementary
- Pay issuance costs, purchase property, repay existing debt

Bonds may be issued in multiple series; each maturing within 30 years from issuance. Levy rate may change based on interest rates or assessed value growth.
