Invest Today in the Possibilities of Tomorrow!

"I am running for Centennial School Board Director, Position 7, At-Large because I believe that public education is reflective of the viability and vitality of our community. Recognizing the continuum of academic security and the impact of poverty and hunger on the educational experience, I know that investing in our children now means a future of possibility for the children in Centennial School District. In order to provide every child with the education they deserve, the Centennial School Board must have a vision, create structures to foster and improve stability, and be forward thinking, all while remaining accountable to our community. We must advocate for our students at every opportunity and create with them, the community in which they not only survive, but thrive. A vote for me is an investment today in the possibilities of tomorrow!"
