Optional Information:

I have always been a strong advocate for public education. During my tenure as a member of the Centennial School Board, my appreciation for public education has been renewed and fortified. I embrace the Centennial Destination 2023 strategy focused on the four pillars of

- 1) student focused teaching and learning,
- 2) healthy culture and environment,
- 3) effective systems and programs, and
- 4) community and partnerships

all wrapped around the equity goal that each and every learner receives the resources they need individually to thrive in our schools no matter what. I have enjoyed being a part of a compelling strategy and vision aimed at ensuring that every student achieves success.

I am dedicated to student success. There are at least two initiatives that need additional focus.

1. Helping low income and homeless students achieve success. Many efforts in this area have proven very successful, however, much work remains to be done.
2. Seeking adequate funding for operations and facilities. I campaigned for the last successful Centennial bond measure nearly 20 years ago. Our facilities face significant challenges, and each budget cycle results in difficult cuts.

The most challenging part of being on the school board is seeking adequate funding for schools. Our kids deserve a strong chance for success. In order to achieve student success we need to adequately fund schools!
