**Empowering youth and bonding community**

My goal will be to bring community involvement back into the school district. My mission is to listen to parents and students' concerns as well as teachers' needs. To build a stronger connection so we can rebuild a broken system.

" As a motivational speaker. I offer tools to change the perspective and mindset of individuals."

I have lived in the Centennial school district over 8 years and our community is important to me. The experience I have in community organizations and with non-profits has helped me advocate for myself and others in the district, especially those who have disabled children. My goal for the school board will be diversity so we mirror our community. I will be a source of Hope to our younger students and work to motivate the students, teachers, and parents/guardians for future years to come.

As your school board member I will focus on building a better district that will serve our students by:

- Advocating for safety in our schools so our students will be comfortable while learning.
- Advocating for mental health resources to support school staff.
- Facilitating community engagement through events such as picnic in the park, board games in the evening ECT...
- Listening to all students' voices and concerns to implement changes that address their needs.
- Showing our values of equality and diversity in our community.
- Presenting curriculum where students from all walks of life feel powerful, respected, and heard.
