Workplan Update (Monique)

- CJP Framework document and Targeted Universalism are foundational docs/concepts for this work.
- Universal goals - what we aspire for all communities. Targeted strategies - address the needs of communities who are farthest from those goals. Not just about vulnerabilities, but could be system barriers, folks who lack connection to solution spaces.
- March 14th - held optional workshop to worksmithing Universal Goals -
- Staff will begin working with the SC to identify community engagement pathways. Important and big topic.
- Revised universal goals that had a thumbs down vote
