The Healthcare Sector Emergency Preparedness (HSEP)

*"The staff are the ultimate professionals
and go beyond the norm to aid responders and point us in the right direction. I have found a ready font of information and I look forward to going each and every time. I regularly speak to other groups regarding the CDP and recommend the center for training. Keep up the good work!"*

-Kristjan Rahe; Captain; Mecklenburg Sheriff's Office; North Carolina

The FEMA Center for Domestic Preparedness (CDP) in collaboration with the U.S. Department of Health and Human Services, Office of the Assistant Secretary for Preparedness and Response's Division of National Healthcare Preparedness Programs has developed a one-day, 8-hour Health Sector Emergency Preparedness Course. The course is designed to provide training to health care providers and suppliers in the achievement of the four core elements outlined in the September 2016 Emergency Preparedness Requirements for Medicare and Medicaid Participating Providers and Suppliers Final Rule. Below are some of the critical skill sets learned during this training:

a.   Understand specific healthcare provider and supplier emergency preparedness requirements as outlined in the CMS Emergency Preparedness Requirements for Medicare and Medicaid Participating Providers and Suppliers Rule.

b.   Develop knowledge and skill in achieving relevant emergency preparedness elements for your healthcare provider or supplier type.
