

# Multnomah County Community Action Program

The Department of County Human Services (DCHS) serves as the designated Community Action Agency for Multnomah County. Through its Youth and Family Services Division and Homeless Services Department, DCHS administers and distributes federal, state, and local anti-poverty funds to community partners. The Multnomah County Commission for Economic Dignity (MCCED) functions as the county's Community Action Board, providing oversight, guidance, and community accountability for federal anti-poverty programs.
