Corbett is home. Many in the community know me well. 2 years ago, District voters, voted in 2 new candidates to help work on several important issues for the community. Decrease the CSD student population, get a small bond passed so we could get the students and staff out of the current failing middle school building, increase CTE, decreasing the amount of required AP classes, while still maintaining a robust AP offering for the students. These were all things that the community felt were important during the Saxton report process. We were able to accomplish those ideas swiftly. We need to continue to slowly reduce student population to fit comfortably in our CSD building footprints. This process needs to be done affordably and equitably. We know the community cannot afford a bond for the square footage needed for a new high school at the current population. The previous Superintendent stated often that we needed to add 80 students so the school district could survive. After much research I found there were ways of cost savings and was able to point it out during the budget processes. The board only allowed 40. This was still a decrease in population, but not as much as planned. This brought up something I never thought would happen in Corbett, "Cancel Culture". Smears and mistruths by a small group to question my character and family name. They thought adding the 80 students was the only option CSD had. Staying positive, focused and with support of my wife, children and community members, we got the job done. If re-elected, I will continue to do what's right for the Corbett community and students attending the district. **"This election will be a litmus test"** as to the direction the community wants CSD to go. To keep CSD going in the right direction, vote for Todd Mickalson.
