Educational Background: Reynolds High School, Diploma; Center for Advanced Learning, Diploma, Manufacturing Engineering; Oregon State University, Mechanical Engineering

Prior Governmental Experience: None

I have lived in Corbett for the last 7 years with my wife and 4 children. My family is deeply involved and invested in the community through various activities and careers. With them I share a passion for public service and keeping Corbett a great place to call home. I believe a school board's job is to provide a vision and direction for the school and its staff. That direction should reflect the values, wants, and needs of the parents and community it services. Our children and staff need the resources and support to be successful without the influence of politics or other distractions.

In coming years staff and students will face new challenges, and it is important that our focus be on giving our kids the tools and skills necessary to be successful in both their future work, home, and hobbies. Through my work in business and program management I have gained experience in both private and government contract review, contract negotiations, lean operations, and an understanding of budgets through account management. I know that given the opportunity I will be an effective resource to the board. I ask for your vote this coming election so that I can serve my kids and community, as well as yours.
