Option Information:

I would like to express my gratitude for the privilege and honor of serving on the Corbett School Board over the last 4 years while achieving great accomplishments for the students. The Board hired a superintendent that immersed himself in the community, the district shifted from the AP for all model and is now offering alternatives that better suit more of our students, brought our accounting in-house, and campus safety has been increased.

I have lived my entire life in Corbett. Both of my parents, all four of my grandparents, my amazing wife, two of our children, and myself all graduated from CHS. We currently have one child and many family members attending Corbett schools. My volunteering in Corbett started with coaching when I was 16 and has continued for many years over different sports.

As a graduate of CHS in 1997, I love to speak first hand as to how successful a student can be pursuing a career path in the trades, and I use my opportunities to introduce students and their parents to apprenticeships in different trades while taking some on job shadows with me to work.

In closing, the school is here to provide an education for our students. It is not to be used for adults to push their political opinions or personal beliefs on children. I believe parents have all the rights to know what is happening in their child's classroom and life. All should feel safe sending their child to school for an education and not having their family values or morals contradicted. In every decision I've contemplated on the board, I have asked if it is a responsible use of our district taxpayers money.
