Dear Land Use Planner,

I am writing to express serious concerns regarding the proposed installation of a cellular tower at the above location. While I understand the need for improved connectivity, the impact on neighborhood aesthetics, potential property devaluation, and public health concerns cannot be overlooked.

The proposal appears to lack a thorough site-specific analysis. I urge the County to require a full public health assessment and consider alternative locations away from residential zones. A public forum for discussion would also be appreciated.

Thank you for considering community input before moving forward.

Sincerely,
Sujesh Kaimalangara Jastee
