Subject: Urgent: Objection to Cell Tower Development Near Residences - CASE FILE: T2-2025-0023

CASE FILE: T2-2025-0023 LOCATION: [13937](#) & [14111 NW Springville Rd. Portland](#)

Map, Tax lot: 1N1W16C-00100 & 1N1W16C-00400

Dear Land Use Planner,

I urge the County to reject or reconsider the proposed cellular tower at [13937](#) & [14111 NW Springville Rd.](#) The proposal lacks community input, health disclosures, and does not align with the character of our neighborhood.

There are safer, more appropriate sites for such infrastructure. Until the public has been given a voice, and full documentation is disclosed, this project should not move forward.

Please prioritize our community's well-being.

Sincerely,
Saravanan Sethuraman
14590 NW Delia St

Hello Sir/Madam

I am living at [14590 NW Delia St, Portland](#), this is on springville road.

I "strongly object" Cell phone towers to be built near springville area in Multnomah County.

This affects human health, not good for environmental reasons and will bring long term issues. This is also not good for birds and the entire ecosystem.

This is a Big Risk to human kind who are living nearby the tower radius.

Thanks

Best Regards

Saravanan
