Rev 07222014 2 of 2

## As your Mayor, I will

- Ensure fair and effective governance
- Budget responsibly
- Preserve the character and quality of life in our community
- Reduce the cost of local government and public utilities
- Increase transparency and citizen involvement
- Invest in our critical infrastructure
- Support local education
- Promote effective economic development
- Stop tax and fee increases
- · Reduce the impact of local government regulations on individual rights

The mayor should provide leadership to the City Council and sensible oversight to the city staff and operations. As a 26-year resident, I am deeply committed to Lake Oswego and will continue to address waste in city budgets; reinvesting savings in core services such as roads, public safety, parks, and community improvements.

Citizens cannot afford ever-increasing water rates and the escalating cost of local government. I will find innovative ways of delivering services at lower costs to improve affordability and quality of life. We need a balanced approach to ensure Lake Oswego remains a fantastic <u>and</u> affordable place to live.

We need the input of our citizens and their informed consent to govern properly. I will ensure broad citizen participation and embrace new ideas by engaging the community to determine city priorities and enhance core services desired by our residents.

I will work to preserve our community character, using our resources to maintain our streets, parks, and core facilities while approving development only when it's consistent with our community values.

I sincerely appreciate your support and remain committed to our city and our principles.
