

What Providers Need to Know About the Supportive Housing Services Tri-County RFPQ

About Tri-County Supportive Housing Services

Supportive Housing Services (SHS)

The Supportive Housing Services Program is a regional program to address homelessness and housing instability funded by voter-approved Metro Supportive Housing Services ballot measure 26-210. Prioritizing Communities of Color, the program aims to build a regional system of care to increase housing stability and equitable services delivery through inclusive community engagement, **investments in programs that advance racial equity**, and tracking indicators demonstrating success in these areas.

Tri-County Vendor Pool for Supportive Housing Services

The goal is to create a simplified, transparent process for new and established providers to become qualified vendors to deliver homeless services funded by a Supportive Housing Services contract. Last year, Clackamas, Multnomah, and Washington Counties came together and ran the first Tri-County Request for Programmatic Qualifications (RFPQ) resulting in 89 qualified vendors to work in all three counties. **The RFPQ will open a 2nd time on January 17, 2023.**

2nd Tri-County RFPQ opens on January 17, 2023

Register to attend a Tri-County SHS RFPQ Pre-proposal conference. We will review Washington County's procurement portal OpenGov, the SHS Homeless Service components, the online application, evaluation criteria, and time for questions.

- **Conference #1 - Wednesday, January 25, 11:00 a.m. - 12:30 p.m.**
 - [Register here](#)
- **Conference #2 - Monday, February 6, 5:30 p.m. - 7:00 p.m.**
 - [Register here](#)

To apply for an RFPQ hosted by Washington County, **vendors need to register for an OpenGov** account at: procurement.opengov.com/signup

Registration takes about 5 minutes and requires an email address.

Who Should Apply?

We welcome and encourage culturally specific, and new and emerging organizations interested in delivering homeless services to attend a pre-proposal conference to learn more about becoming a qualified vendor and apply to this Tri-County RFPQ.

On the following pages is the current list of the Tri-County Supportive Housing Services Supplier Pool as of January 2023. Please note: **Being qualified does not automatically result in a contract.** The Counties employ several allocation methods including direct funding and notices of funding availability.

Providers who already qualified for the Tri-County Supportive Housing Services (SHS) Supplier Pool should not submit applications in response to the January 2023 Tri-County SHS Request for Programmatic Qualifications (RFPQ) unless they would like to expand their eligibility to additional counties or service components.

Tri-County Supportive Housing Services Supplier Pool

***As of January 2023

This document lists the providers who have already qualified for the Tri-County SHS Supplier Pool and shows which service components each provider in the Supplier Pool is eligible to contract for. All previously qualified providers are responsible for checking the list to confirm the counties and service components for which they are currently qualified, regardless of what they may have been told previously.

In the list, the letters C, M, and W indicate which counties the provider is eligible to contract with for each service component:

- C: Clackamas County
- M: Multnomah County
- W: Washington County

Questions?

Please email any questions to Suzi Fulcher at Suzi_Fulcher@washingtonty.gov
