Name: Don and Rebecca Ekstrom

Address: [29840 SE Chase Road](#)

Email: DREkstrom81@gmail.com

Testimony:

We find the Portland Water Treatment plant location in Gresham concerning for many reasons.

#1 - The distance the treated water will need to be transported for use in Portland.

#2 - The traffic concerns to the existing community that will impact current residences and home values.

#3 - Potential chemical impact given the chemicals over the road and use in filtration.

#4 - We currently have great water and we do NOT need a filtration plant in our area.

#5 - We are a rural area and people live here for the peace and quiet. Building a plant in this community will change the nature of our community.

STOP PDX WATER FILTRATION PLANT !!!
