**RE: Application for a Conditional Use and National Scenic Area (NSA) Site Review
(Case #T3- 2025-0001)**

Please accept the following responses to your Case Status Letter of February 28, 2025.
Please declare our application complete.

1. An amended narrative is provided to address MCC 38.7035 GMA SCENIC REVIEW CRITERIA and MCC 38.7300 REVIEW AND CONDITIONAL USES.
2. The training tower's elevation is provided.
3. The United States Forest Service has conducted the required review and has committed to providing the result to Multnomah County by May 28, 2025.
4. The septic review certificate is provided.
5. The storm water issues are addressed in the amended narrative.

Thank you for your attention to our application to ensure that the Corbett Fire district can continue to provide the highest level of fire suppression and emergency response to the Corbett Community, the Columbia Gorge National Scenic area and Portland's eastern urban/forest land interface.

Sincerely,

Peter Finley Fry
