SUBJECT: Testimony Opposing the Approval of T2-2025-0048

It seems that the permit (T2-2024-0062) PWB was operating under expired and PWB was to timely apply for a new permit, which they did not.

The initial permit had conditions that were to be followed if the permit expired. MultCo has not enforced these conditions, even though PWB was in violation.

I would simply ask that PWB would be treated as the citizenry would be treated, i.e., enforce the permit conditions when violated.... Please.

Respectively submitted and request your due consideration ... we look to you to set an example of fairness.
