## STORMWATER DRAINAGE CONTROL CERTIFICATE >500 SQUARE FEET OF NEW / REPLACED IMPERVIOUS SURFACES

**NOTE TO PROPERTY OWNER/APPLICANT:** Please have an Oregon Licensed Professional Engineer fill out this Certificate and attach a signed site plan, stamped and signed storm water system details, and stamped and signed storm water calculations used to support the conclusion. Please note that replacement of existing structures does not provide a credit to the square footage threshold.

**Property Address or Legal Description:** 13195 NW McNamee Rd.  
**Description of Project:** Administrative decision for implementation of State Measure 49 approval  
significant environmental concern for Wildlife Habitat Permit (biological hazard)  
Permit for residential dev. exception for 2nd fire safety zone forest practices  
& standards & setbacks for property

The following stormwater drainage control system will be required:

- Use of Gutter, downspout, and splash block drainage control system;
- Natural Infiltration Process; or
- Construction of an on-site storm water drainage control system.

The rate of stormwater runoff attributed to the new/replaced development for a 10-year/24-hour storm event will be no greater than that which existed prior to any development as measured from the property line or from the point of discharge into a water body with the use of the designated system [MCC 39.6235].

I certify the attached signed site plan showing the areas needed for the chosen system type, stamped and signed storm water system design details, and stamped and signed calculations dated Dec 5, 2019 will meet the requirements listed above.

 Date: 1/30/20

**NOTE TO ENGINEER:** Please check one box above. Multnomah County does not use the City of Portland's storm water ordinance. As part of your review, MCC 39.6235 requires that you must consider all new, replaced, and existing structures and impervious areas and determine that the newly generated stormwater from the new or replaced impervious surfaces is in compliance with Multnomah County Code for a 10-year/24-hour storm event. This Storm Water Drainage Control Certificate does not apply to shingle or roof replacement on lawfully established structures.
