Dear Lisa,

I would like to provide my comments regarding Case File: T2-2021-14981.

I have significant environmental concern (SEC-h) about making changes in this farm area. Our family have lived next to this space for the past 6+ years and know that this area is many wildlife's habitats including animals like deers, chayotes, many kinds of birds including owls, plants, insects and many more. Making this space as a dwelling space would result in further extinction of wildlife habitats.

Regards,
Kyoungyo Yoo
