2021 Meeting Dates: Jan.5th, Feb 2nd, March 2nd, April 6th, May 4th, June 1st
 Usually the 1st Wednesday of each month except: July **Time:** 9:00 – 11:00 AM

Historical Context: ACHIEVE (Action Communities for Health, Innovation and Environmental Change) Coalition has laid the foundation for Racial and Ethnic Approaches to Community Health (REACH) since 2009. A group of multi-sectoral partners collectively envisioned: ending health inequities in chronic diseases for African Americans/Blacks in Multnomah County . The coalition advocates the use of communication, policy, systems and environmental (PSE) change strategies to increase access to healthy foods, improve community design by connecting safe and accessible places for physical activity, offering tobacco cessation programming and breastfeeding support in the places people live, work, worship and study.

Acknowledgement Statement: Multnomah County sits on the ancestral homelands of the Multnomah, Kathlamet, Clackamas, Tualatin Kalapuya, Molalla, bands of the Chinook, and many others who made their homes along the Columbia River. We also honor the members of over 400 tribal communities who live in the Portland metro area. We also want to acknowledge the labor of kidnapped and enslaved Africans who helped to build the wealth of this country. These acts of genocide and slavery were done by White settlers who had government support. Please take a moment to honor the people who continue to resist and survive despite the intentional and ongoing attempts to destroy them.
