Condominium Field Inspection Request

Please complete this form and submit it to the Multnomah County Surveyor's Office. This form must be completed and submitted along with the items listed below before a field check will be performed and the plat is approved for recording.

Copy of the most current version of the plat.
Current photos of project showing all buildings and limited common elements.

Date: _____

Condominium Name: _____

Order Number: _____

Please provide a revised plat with surveyor's signature for the field check.

I _____ certify that the monumentation for the above referenced plat, as shown on the attached map, is completed pursuant to [ORS 92.060](#) and that all found and set monuments indicated on the plat have been flagged and referenced with lath or stakes (excepting monuments set in asphalt or concrete surfaces).

I also certify that all units and limited common elements shown on the plat have been constructed, field measured, and match dimensions shown on said plat.

(Signature of PLS)

(NOTE: County field crews will not check corners unless they have been flagged and accessible. The entire site must also be accessible to our crews for field measurement. **Subsequent site inspections will cause additional charges to the project.**)
