- Performance Measures

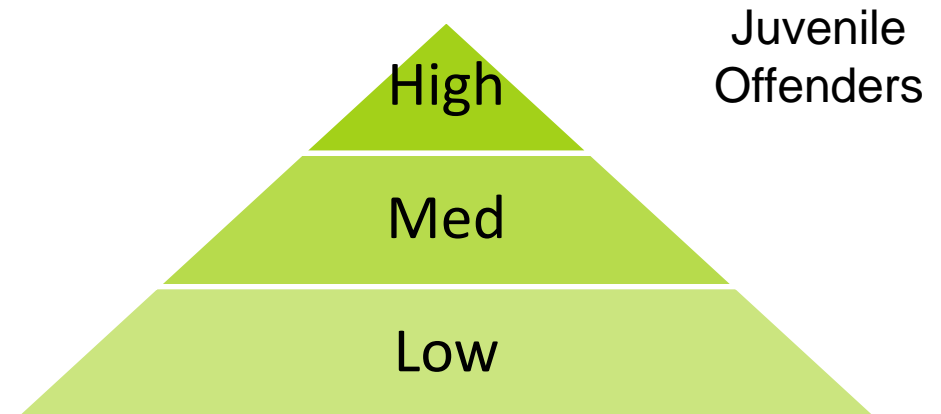

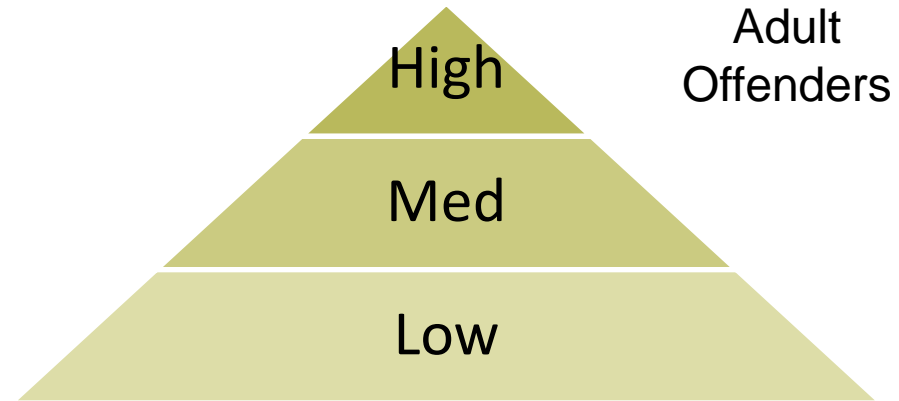

“Community Safety through Positive Change”

Our Mission: Managing Criminal Risk

Twin Peaks:

- Identify highest risk adults and youth
- Prioritize intervention based on risks/needs
- Prioritize programs that serve high risk adults and youth

Our Mission:

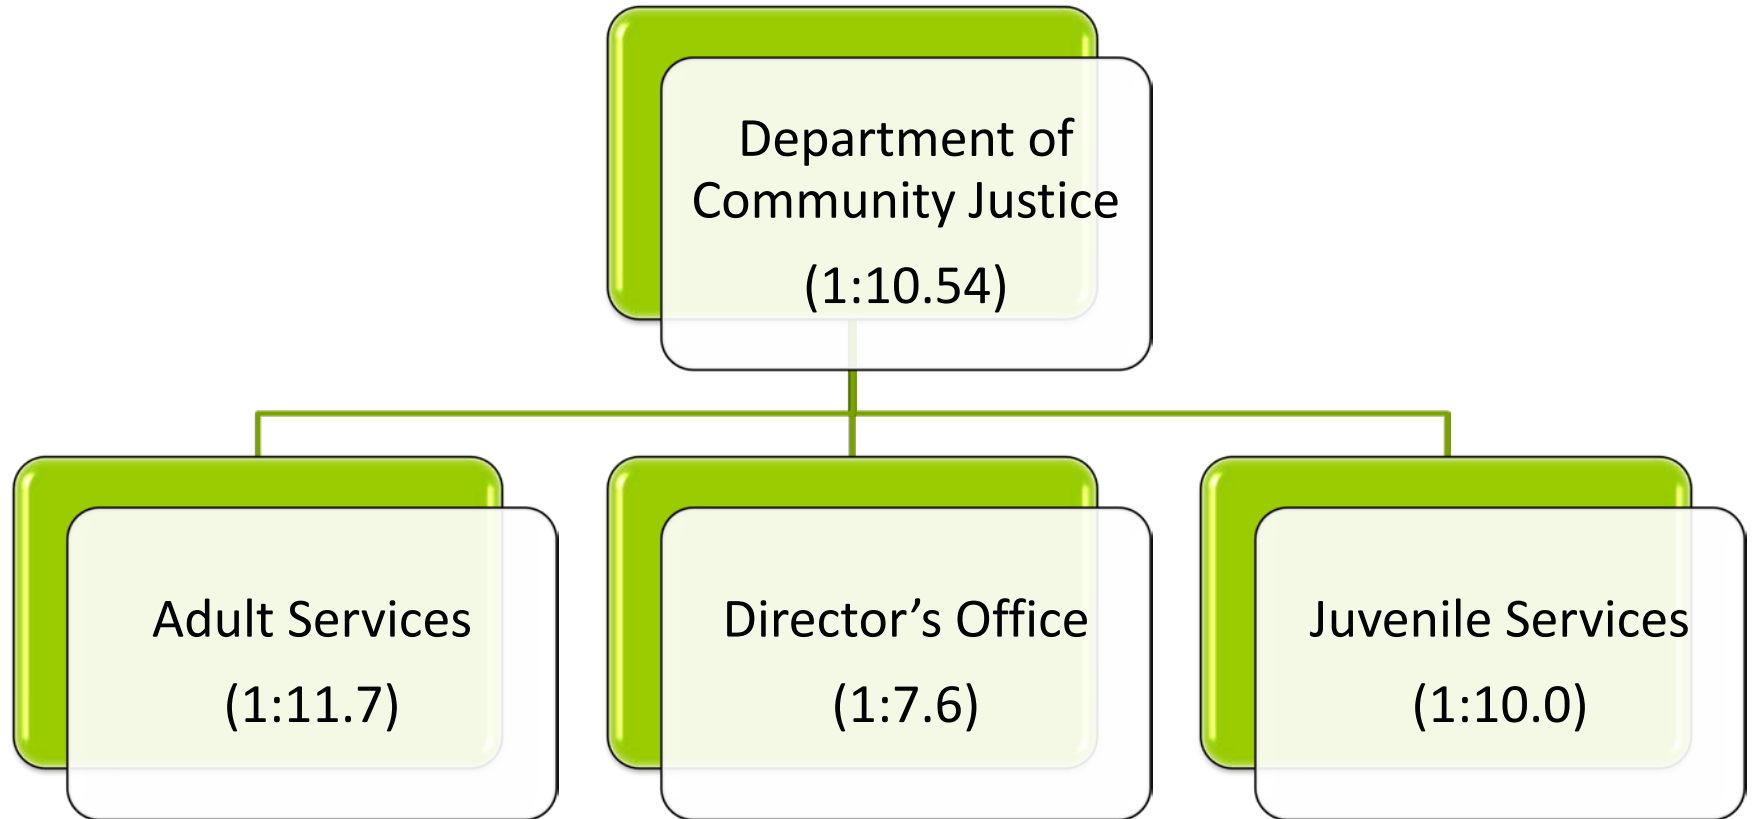

FY13 Key Accomplishments

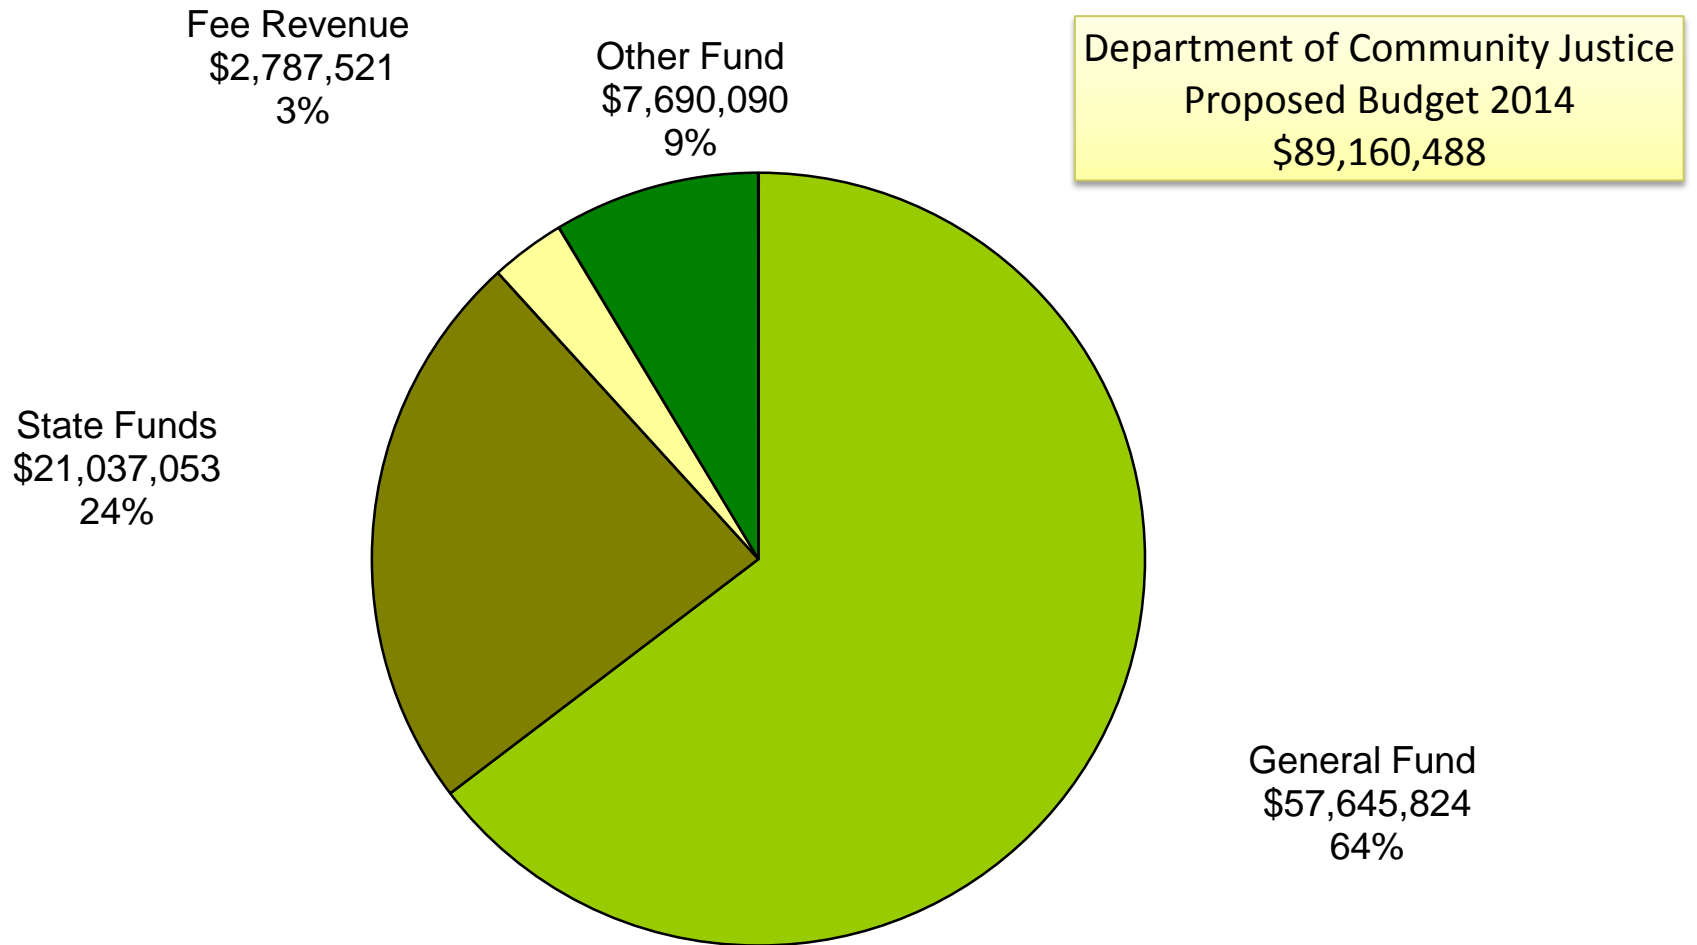

- **Juvenile Services Reorganization**
 - Reconfigured staff to improve services and strengthened connection to community supports
- **Public Safety Checklist (PSC)**
 - Implemented new statewide risk tool
- **Assessment & Referral Center (ARC)**
 - Centralized adult offender assessments, case plan, & service referrals
- **Crime Victims Unit**
 - Established unit centered on needs of crime victims

#50023 Juvenile High Risk Unit - RISE

- Reduces 1 FTE
- Funding for this position ended in FY13

50019 Juvenile Intake, Assessment, Intervention & Adjudication (IAIA)

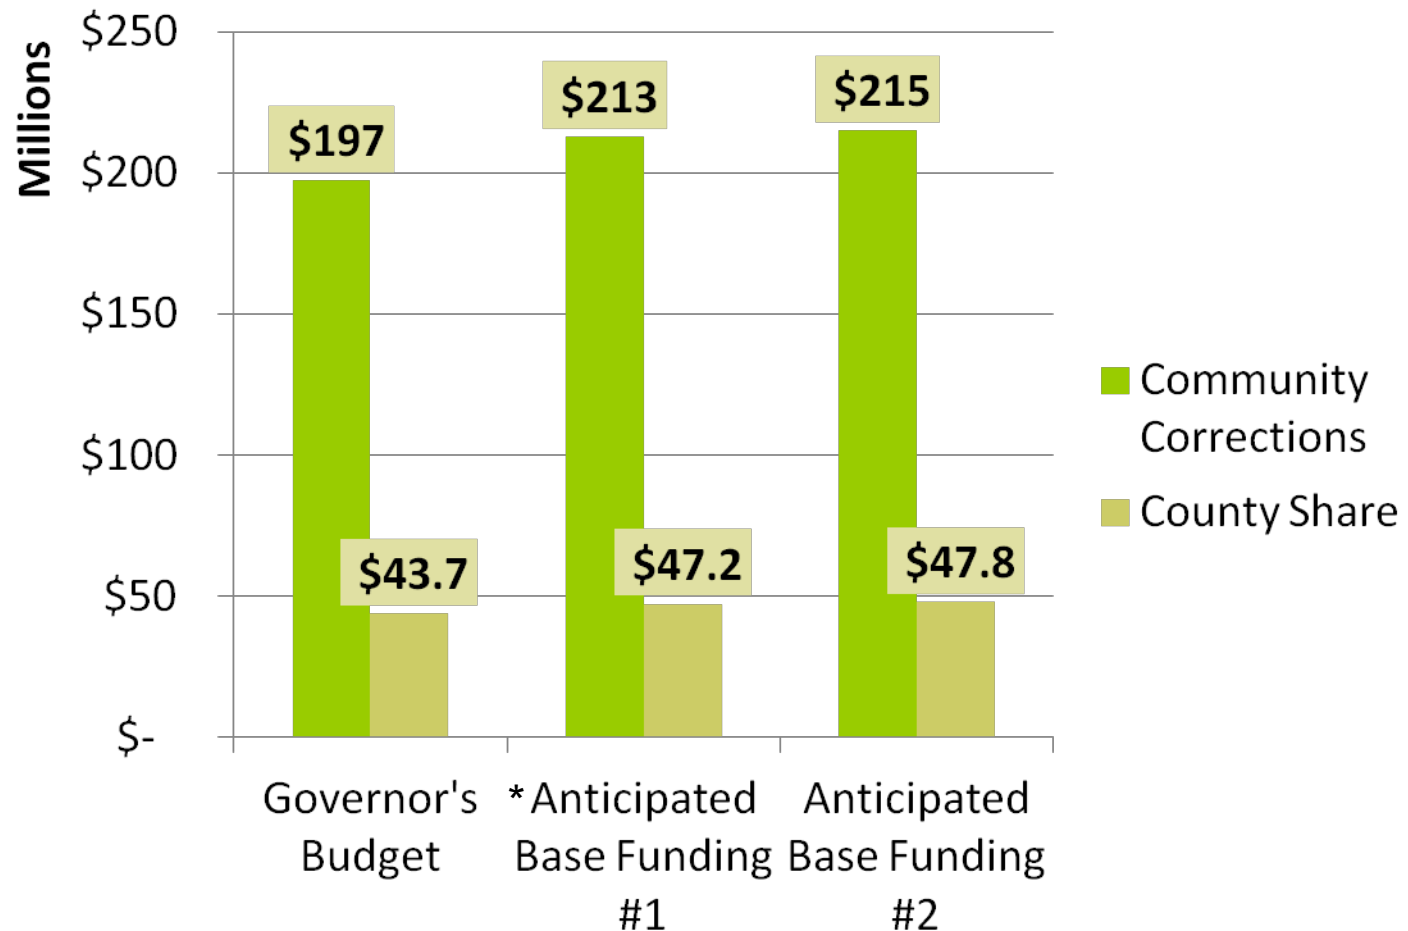

- Reduces 2 half-year positions
- Funding for these positions ended in FY13

DCJ FY14 Proposed Budget

Opportunities:

Community Corrections Statewide Biennial Funding

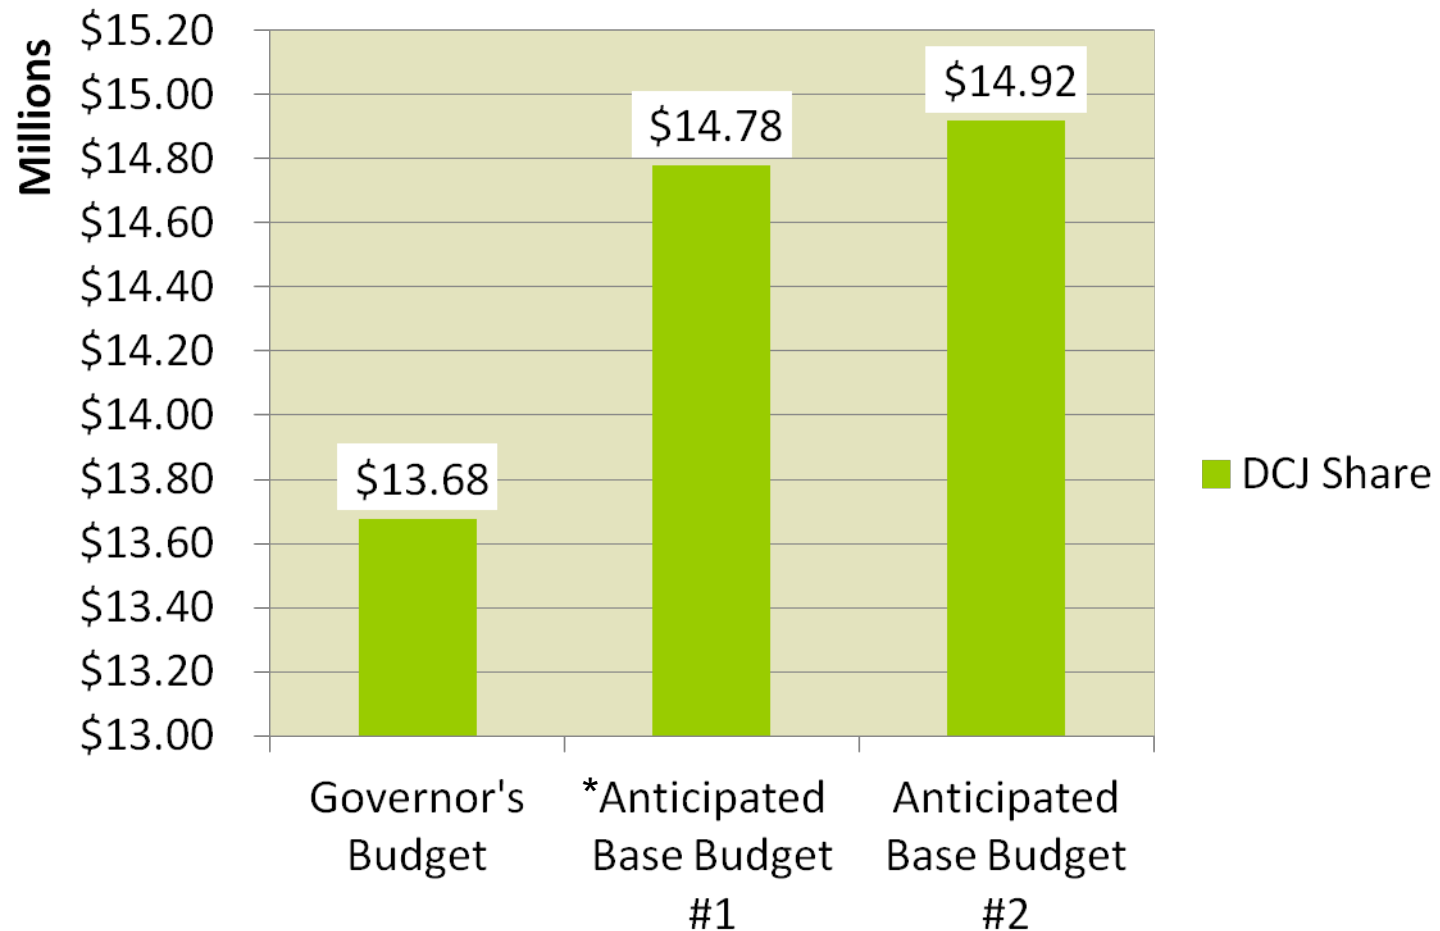

**proposed budget assumes this funding level*

DCJ FY14 Proposed Budget

Opportunities: FY14 DCJ Community Corrections Funding

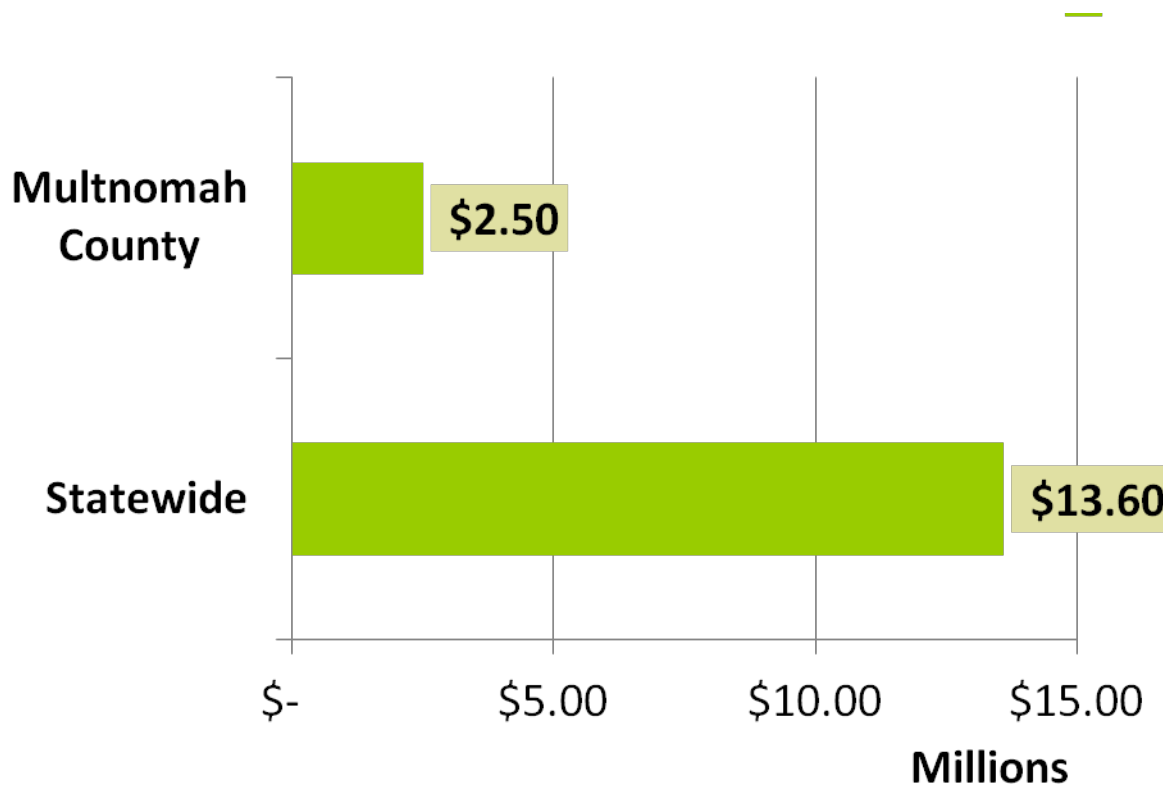

**proposed budget assumes this funding level*

DCJ FY14 Proposed Budget

Opportunities FY13-15: State Community Corrections Incentive Funding*

*Not included in State or DCJ base funding

DCJ FY14 Proposed Budget

Opportunities: New Federal Funding Source

Title IV-E:

- A federal entitlement program for child welfare services
- Requires partnership and agreement with State
- Revenue Potential \$500K-\$1M
- Proposed Budget includes \$500k in expanded juvenile intercept program, shelter beds, 1 FTE case manager, and pro-social skill-building services.

DCJ FY14 Proposed Budget

Challenge:

Realizing the Full Potential of Healthcare Reform

- Criminal justice populations are *over 7 times* more likely than the general population to meet the criteria for substance dependence
- Criminal justice populations have higher rates of serious mental illness and chronic medical conditions.
- Only about 10% currently have health insurance.
