

## Department Overview

Prosecution services are the cornerstone of any effective public safety system. The District Attorney's Office reviews and prosecutes criminal cases referred by seven police agencies within the county. It also represents the State of Oregon in cases of juvenile dependency, delinquency, and on matters related to child support.

The Multnomah County District Attorney's Office is committed to the open and balanced administration of justice – one that honors and respects diversity in all of its forms – and works diligently to protect children and victims of crime and maintain timely and appropriate sanctions for offenders who engage in criminal activity. The District Attorney's Office operates under these guiding principles:

- To enforce the Rule of Law by providing fair, equitable, and unbiased prosecution services.
- To be responsive to the needs of our community by proactively working to resolve emerging crime issues through outreach and education.
- To provide effective services to victims of crime by educating them on their constitutional and statutory rights, providing compassionate guidance and support through legal processes, and communicating case outcomes.
- To be responsive to law enforcement partners by being flexible in addressing emerging trends in criminal activity and providing expert legal advice and guidance.
- To work collaboratively with criminal justice system partners to affect positive change by looking at and developing new and innovative programs, best practices, and leveraging technological advancements.
- To find ways at both the adult and juvenile levels to provide education and access to community services to reduce reentry into the criminal justice system.
- To provide the best and most cost effective child support services.

### Budget Overview

The FY 2018 budget for the District Attorney's (DA) Office totals \$33.5 million, a 1.6% increase from FY 2017. General Fund expenditures, comprising 74% of the total budget, increased by \$1.1 million (4.5%). The majority of the General Fund increase is in the materials and supplies and internal services categories.

Other Funds, 26% of the total budget, were reduced overall by \$532,031 (5.8%) due to state budget cuts (details in division significant changes and programs offers) and a reduction in District Attorney of New York (DANY) grant funding. Awarded in FY 2017, the DA's Office received a DANY grant to fund work on a sexual assault kit testing backlog, work that is now nearing completion. The reduction in this grant funding is \$364,791 and makes up the largest portion of the contractual services budget decrease.

Significant changes include the reduction of 6.03 FTE due to state funding decreases and cuts to meet budgetary constraint (cuts detailed in division significant changes). The internal services budget increased by \$608,700, driven by the addition of \$276,507 for the ERP system.

The DA's Office has no new General Fund ongoing programs for FY 2018. The FY 2018 General Fund allocation includes \$554,486 in one-time-only funding:

- Portland Building Relocation - General Fund Costs (15106B)      \$140,178  
The Portland building relocation will be funded partially through General Fund and partially through reimbursement from grants.
  
- CRIMES Replacement (15012)      \$414,308  
This program funds a 1.88 FTE project team to continue work on the replacement of the DA's Office existing case management system and associated software costs. A companion program offer (78319) in the Department of County Assets budgets for professional service costs (\$1,112,106).

## Successes and Challenges

### Successes

The District Attorney's Office continues to do the job of holding the most dangerous offenders accountable while using resources as efficiently and effectively as possible. As the largest district attorney's office in the State of Oregon, representing Oregon's most populous county, we are eager to partner with public safety officials in working to enact public safety policies and laws which increase efficiency and effectiveness system-wide.

Here are some highlights from FY 2016:

- The office resolved over 13,000 criminal cases.
- Victim Advocates assisted 1,464 victims of crimes and made over 1,100 court appearances to support victims.
- The Restitution Recovery Program contacted over 1,600 victims to identify financial losses associated with criminal activity, identifying nearly \$9,000,000 in losses eligible for court-ordered restitution.
- Continuing a history of success, the Child Support Enforcement Division collected just under \$30,000,000 in child support, all of which went to helping households in Multnomah County.

### Challenges

The District Attorney's Office depends upon uncertain funding resources from State, Federal, and Local sources. The State of Oregon provides significant support for our Child Support Enforcement (SED), Juvenile Trial Court, Child Abuse (MDT), and Victim Advocate programs.

The criminal justice system continues to face racial and ethnic disparities in our community. The District Attorney's Office is dedicated to continue its work to eliminate those disparities through thoughtful, data-driven, and coordinated policy adjustments.

### Diversity and Equity

The District Attorney's Office is fully committed to workplace diversity and equity. This office will provide outstanding service to the many different people and populations within Multnomah County in a manner that is culturally and linguistically competent and trauma-informed. It is the policy of the District Attorney that all staff and attorneys maintain the highest ethical and professional standards, which includes acting with full awareness of the ways in which the justice system impacts different people and populations.

In 2013 the District Attorney initiated an internal employee workgroup that named itself the "Equity, Dignity and Opportunity Council" (EDOC). This group of 12 office members – six lawyers and six non-lawyers – meets weekly to advance the equity conversation within the office, plan and sponsor equity-related trainings for the office, consider workplace initiatives, and present equity issues for internal review, discussion and solution. The EDOC is moving in to its fifth year of activity.

Another example of our efforts to address diversity and equity issues in our community can be seen in our Victims Assistance Program (15401). Our Victim Advocates work hard to eliminate the cultural and other barriers that prevent victims from realizing and fully utilizing their legal rights in the criminal justice system. That includes being mindful of cultural sensitivities, producing written materials in several languages, using interpreters and translation services, and partnering with social-service agencies to assist with personal and family stability. In order to address inequities in our community, we must have an unbiased understanding of the current state of the criminal justice system and a method to evaluate the effectiveness of our programs.

### Executive Summary

This program offer funds the Multnomah County Justice Reinvestment Process (MCJRP) Deputy District Attorney and a .5 Legal Assistant 1 to collaborate with agency partners in implementing and modifying (as needed) the MCJRP process that assesses offenders, gathers critical information and encourages sanctions, services and programs designed to reduce recidivism in a cost-effective manner. These efforts are aimed at decreasing reliance on Department of Corrections prison beds.

### Program Summary

The MCJRP DDA's efforts focus on improving the criminal case process in order to have the best information available at important decision points throughout the public safety continuum. This includes, but is not limited to:

- Providing continuing education and training of MCDA prosecutors on risk assessment and the MCJRP process and serving as a resource and liaison on MCJRP matters to prosecutors and defense attorneys as cases progress through the system.
- Working with agency partners to collaborate on modifications to the process or program, if necessary; and
- Attending BM11 and BM57 meetings to assist with, and facilitate discussions about, MCJRP Assessment evaluations.

The MCJRP DDA participates in workgroups and meetings such as the Justice Reinvestment workgroup, Re-Entry Council, Specialty Courts Subcommittee, Measuring Outcomes Subcommittee, Metro Regional Implementation Council, and other local work-groups to discuss effective programming, jail/prison usage, victim input/impact considerations, and recidivism. The attorney works closely with the Data Team Collaborative on baseline and outcome data.

The MCJRP DDA regularly staffs cases with MCJRP probation officers in an effort to monitor offender progress and performance in the program and in treatment (if applicable). This involves weekly or monthly staffing events of approximately 250 to 300 cases on the Intensive Supervision caseload. Through these case staffing events, particular attention is paid to an offender's restitution payment efforts. The MCJRP DDA also monitors second sentences (probation revocation) for prison intake trends.

The MCJRP DDA provides oversight and technical assistance to the Restitution Unit, particularly as it relates to MCJRP cases. The MCJRP DDA participates in restitution policy discussions, collaborates with agency partners on restitution issues, and provides guidance to the restitution team comprised of a DDA, CLS Interns and MCDA staff. The .5 FTE CJRP LA1 assist in completing expedited criminal history reports for use by the prosecutor, defense attorney, court and DCJ.

**Executive Summary**

Collaborative project with the Department of County Assets (DCA) IT department to replace the District Attorney's case management system (CRIMES) used in the administration for all Adult and Juvenile cases including information on hearings, judgments, defendants, witnesses, and victims. This program offer funds an internal MCDA team of 2.50 FTE for 9 months to provide subject matter expertise to vendors contracted through DCA-IT and training of MCDA employees.

**Program Summary**

For the past 14 years the CRIMES case management has allowed MCDA to meet the legislative requirement of keeping an official record of all District Attorney court proceedings including information on hearings, judgments, defendants, witnesses, and victims.

This project was kicked off during the FY2016 budget cycle with funding to DCA of \$100,000 to assist MCDA in the planning, vendor identification, and contracting for the project. The project timeline and these costs are based on current estimates to complete by March 2018. Training costs are included in implementation services and MCDA implementation team costs and does not require any DCA Talent Development resources. Ongoing support costs (e.g. licensing, ongoing training, updates / upgrades, hardware refresh, MCDA or DCA personnel, etc.) are not included in the funding request; those costs are covered in the 15002 - Information Technology Program Offer.

Standing up the hardware is included in existing rates from Tech Services to support normal activities for MCDA because the amount of hardware doesn't require incremental resources in County IT.

**Executive Summary**

The Juvenile Court Trial Unit prosecutes juvenile crimes ranging from misdemeanors to homicides. It has three primary functions: 1) delinquency cases (prosecuting juveniles who have committed criminal offenses), 2) dependency cases (litigating child protection cases in Juvenile Court), and 3) termination of parental rights (litigating cases where the abuse or neglect of a child necessitates effort be made to free the child for adoption).

**Program Summary**

The delinquency function involves the prosecution of juveniles who have committed all but the most serious (Ballot Measure 11) crimes. This includes cases ranging from minor misdemeanors to serious felonies. The unit works closely with the Department of Community Justice (DCJ) Juvenile Division in developing appropriate sanctions aimed at accountability, community protection and reformation of the child or youth.

The dependency function involves working closely with the State Department of Human Services (DHS) and other agencies to protect children who come to the attention of authorities as a result of abuse or neglect. Deputy District Attorneys are responsible for proving child protection cases (dependency cases) in Juvenile Court and for working with DHS and other agencies and partners to fashion plans which will provide protection for the child and opportunities for the parents to mitigate the dangers which brought the child to the attention of the court in the first place.

All efforts are made to keep the family unit intact, however when those efforts are exhausted the Termination of Parental Rights deputy DAs work in close collaboration with the State Department of Human Services to free these children for adoption. Services provided to law enforcement, juvenile courts, DCJ and DHS include filing petitions for delinquency, dependency or termination of parental rights, meeting with victims and witnesses, seeking restitution on behalf of victims, coordinating with juvenile court counselors, DCJ and DHS and trying cases in court.

### Executive Summary

This group of 4 Deputy District Attorneys and 3 support staff has three primary functions: (1) Prosecute felony crimes involving child victims including homicide, physical abuse, abandonment and neglect, sexual exploitation and sexual assault of children where the perpetrator is considered family, (2) Protect vulnerable children through litigating dependency cases in juvenile court; and (3) Coordinate the Multi-Disciplinary Child Abuse Team's child protection efforts and develop practices and policies to investigate and prosecute abuse while working to help keep children safe.

### Program Summary

The Multidisciplinary Child Abuse Team (MDT) is part of a larger team comprised of representatives from law enforcement, public schools, hospitals, courts, health departments, the Oregon Department of Human Services (DHS), and the Oregon Department of Employment Child Care Division. The team provides services to child victims, minimizes the number of victim interviews, prevents abuse of other potential victims, advances public safety and increases the effectiveness of prosecution of both criminal and dependency cases. A case in the MDT unit is often time-intensive.

MDT is located at the Gateway Children's Center campus and co-housed with the Child Abuse Hotline and a specialized police unit comprised of detectives from the Portland Police Bureau and the Gresham Police Department. Last year, this program prosecuted some of the most troubling homicides and serious felony sexual and physical assaults against children in the county. This team reviews all fatalities which involve a child under the age of 18 years. Deputy District Attorneys also work with DHS and other agencies to protect children who are abused and neglected.

Last year, attorneys litigated some of the most high risk/high lethality child protection cases in Juvenile Court. With the court, DHS and other agencies and community partners the office fashions plans that provide protection for the child and opportunities for the parents to mitigate the dangers which brought the child to the attention of the court in the first place, with the goal that the child(ren) will be returned and the need for court involvement ended.

MDT DDAs coordinate discussion and resolution of inter-agency issues, assist in training with agencies involved in child abuse, participate in policy meetings regarding child abuse and neglect, prepare and update the protocols for the larger MDT, and advise community partners on child abuse legal issues. The Senior Deputy District Attorney is on call 24/7 to assist law enforcement, medical personnel and DHS. This program also coordinates the distribution of state Child Abuse Multidisciplinary intervention (CAMI) funds to a variety of local partners on an annual basis for projects/services associated with child abuse intervention.

**Executive Summary**

The three DAs and 21 staff of the Multnomah County District Attorney's Support Enforcement Division (SED) establishes, modifies and enforces paternity, child support and medical support orders for the families of Multnomah County as part of The Oregon Child Support Program (OCSP) by working with both parents to provide the financial and emotional support their children need to grow and thrive. OCSP delegates the authority of non-public assistance cases to county district attorney's offices.

**Program Summary**

The Child Support Enforcement (CSE) Program, operated by the Support Enforcement Division (SED), was enacted in 1975 as a federal-state-local partnership. The federal government reimburses each state 66% of all allowable expenditures on CSE activities, including staffing costs. The federal government's funding is "open-ended" in that it pays its percentage of expenditures by matching the amounts spent by state and local governments with no upper limit or ceiling. Last year the SED received \$1,942,518 in federal funding.

Operating in two locations (Downtown and East County), the SED routinely carries an average caseload of approximately 7500 cases and collects approximately \$31 million annually. Every dollar collected (less a \$25 annual fee) is sent directly to custodial parents for the benefit of the children in our community, providing a critical safety net for families. Last year the program collected 78% of funds owed to custodial parents.

SED, using automated, administrative, and judicial means to enforce court orders, currently collects support every month, resulting in payments benefiting over 10,000 children in our community. SED also works with the courts to offer those that are unable to meet their obligations with tools to do so such as assistance with job placement, addiction evaluations, and mental health services referrals.

In addition to enforcing child support and medical support orders SED also assists families by establishing paternity, establishing support and medical orders, modifying support orders to ensure a fair support amount, and establishing arrears on past support owed.

SED works with all 50 states, local tribes, and US territories, to cooperatively provide child support services. In addition, OCSP and CSE have reciprocity agreements with over 30 foreign nations.

### Executive Summary

Felony Trial Unit C/Gangs prosecutes a variety of very serious and mid-level felony crimes including: homicides, robberies, weapons offenses, gang crimes, vehicular homicides and assaults, arson, residential burglaries and felony animal abuse. These crimes are predominantly person crimes, and many of the violent cases handled by this unit have long-lasting effects on the victimized community members. Last year this unit reviewed 970 cases.

### Program Summary

This 11.5 FTE program (8.5 DDAs 3 support staff) works closely with federal, state and local law enforcement agencies to prosecute serious person and property crimes, including those cases involving homicides, vehicular assaults and homicides, crimes involving gangs, weapons possession by felons, arson, animal abuse, all degrees of robberies, and residential burglaries. Unit C/Gangs works cooperatively with state and local law enforcement agencies and community partners to target and reduce the instances of gang related crime through aggressive enforcement and prosecution. In the continuum of prosecution services, this unit prosecutes mostly high risk and some medium level offenders, and many cases handled in Unit C/Gangs have high visibility in the community. The program also works cooperatively with the Portland Police Bureau, Multnomah County Sheriff's Office, Gresham Police Bureau, and other local law enforcement agencies in the County to promote better case investigation and development by consulting with and training officers in the complex legal issues these cases present. Members of the unit are available to officers with questions 24 hours per day, 7 days per week. Additionally, the unit works with the Bureau of Alcohol, Tobacco and Firearms and the US Attorney's Office to reduce by vigorous prosecution the illegal use, possession and transfer of firearms. Hundreds of these weapons cases are handled annually, resulting in both state and federal prosecutions. A key goal to the Unit C/Gangs program is to make sure that offenders are held accountable for their criminal behavior and that the rights of victims are protected. The program seeks to hold offenders accountable for committing serious person and property crimes, and seeks to engage other community partners in reducing gang related violence and illegal activities in the schools and neighborhoods.

### Executive Summary

This 27-person program (11 DDAs, 16 Support Staff) holds offenders accountable by providing prosecution services for misdemeanor crimes. Intake attorneys review and issue charging documents on misdemeanor cases and directly respond to a variety of inquiries from members of the public regarding criminal law issues, and the criminal process in Multnomah County.

### Program Summary

This program works collaboratively with the State courts and local law enforcement agencies to prosecute all misdemeanor crimes except those involving domestic violence. The attorneys assigned to Intake screen, issue or reject for prosecution misdemeanor offenses such as driving under the influence of intoxicants (DUI), resisting arrest, assault, sex abuse, theft, prostitution, stalking, trespass, strangulation and disorderly conduct. Intake attorneys also handle court appearances at the Justice Center including arraignments, DUI Diversion entries, Community Court and early resolution cases.

Cases involving non-violent offenders can also now be referred to the Community Courts located in downtown Portland and Gresham. These courts not only issue sanctions against offenders but also provide access to needed social services such as alcohol treatment, drug treatment and mental health services. With over 9,000 cases processed each year, the Community Courts offer a cost-effective collaboration between the state courts, prosecution and social service providers.

Attorneys assigned to the Misdemeanor Trial Unit prepare cases for trial and represent the State of Oregon in misdemeanor jury and bench trials. These attorneys also appear in court on other matters including pleas, sentencing's, probation violation hearings, and restitution hearings. Attorneys in the trial unit work collaboratively with the Neighborhood DA program by prosecuting their issued cases. Most non-violent offenders qualify for "Community Court" where they can earn a reduction or dismissal of their charges by giving back to local neighborhoods through community service while getting connected with needed social service programs. Offenders who decline or are ineligible for "Community Court" are prosecuted by the attorneys in the Misdemeanor Trial Unit. Because of the large volume of cases and the continued expansion of East County, prosecutors present cases to courts located in downtown Portland and also in Gresham.

**Executive Summary**

The Neighborhood District Attorney Program is comprised of 7 neighborhood-based Deputy District Attorneys and 2 support staff who work directly with local individual citizens, community groups, neighborhood associations, business associations and law enforcement agencies in communities throughout Multnomah County to identify and develop strategies to combat quality of life crimes and improve neighborhood livability. NDAs also review and issue charging documents on misdemeanor cases throughout the county. Last year the program reviewed over 3,600 cases.

**Program Summary**

This nationally recognized model program engages a variety of community, business and law enforcement partners in identifying crime issues and developing strategies within a community to combat quality of life crime in neighborhoods throughout Multnomah County. The Neighborhood prosecutors are strategically located in East, North/Northeast, Central, Port of Portland and the Gresham police precincts, and the Rockwood and Albina neighborhoods and Tri-Met. Each Neighborhood District Attorney (NDA) is responsible for working with police, other government agencies, businesses and citizens to improve the quality of life in the areas they serve. This includes keeping police officers up to date on criminal law changes, making the criminal justice system user-friendly for responsible area businesses, marshaling prosecution resources to solve entrenched neighborhood problems, attending community meetings and providing legal tools for citizens and police to use to improve their quality of life, such as collaborating on partnership agreements, business trespass agreements, homeless issues, diversion programs, innovative gang interventions, focused prosecutions and involving citizens to obtain search warrants to close neighborhood drug houses.

Specialized prosecutors are contracted with Lloyd Business District and Tri-Met to prosecute crimes and solve crime problems specific to those entities. There is also one additional prosecutor in the North/Northeast area assigned to coordinate county-wide misdemeanor gang prosecutions and probation with the Portland Police and Multnomah County Circuit Court in an effort to have these emerging gang members mentored by area pastors and community leaders. In addition the program issues approximately one half of all misdemeanors processed by the office, including quality-of-life misdemeanors such as drinking, camping, graffiti, drugs and prostitution.

**Executive Summary**

The program includes responsibilities which represent a new approach to criminal justice placing the district attorney in the lead of review of claims of actual innocence and wrongful conviction. The program expands upon this cutting edge approach to criminal justice by utilizing this Deputy District Attorney as the office resource for professional training and developing critical internal office case handling "best practices", ethics and avoidance of repeating past mistakes. The program places the Post-Conviction Deputy at the center of significant post-conviction related office analysis and

**Program Summary**

The program represents a first for Oregon and one of only a limited number of such programs in the nation. When responding to a claim of actual innocence or wrongful conviction, case review requires thorough, committed and unrelenting effort. These challenges have involved cases some of which date from the 1980's and 1990's. This post-conviction review is complicated by the passage of time including obtaining old archival records, retention and storage of evidence, as well identifying and contacting original law enforcement investigators, victims, witnesses. This case review also requires analysis of past litigation, including trial transcripts, appeal briefs and state or federal post-conviction challenges. Finally, these cases are challenging to determine the availability and significance of potential new forensic testing including DNA , as well, the significance of past and present laws.

In addition, the program deputy is responsible for additional post-conviction case support including liaison to the Governor when the office responds to petitions for Executive Clemency, liaison with the Oregon Board of Parole for purposes of Murder review, Exit interview and Dangerous Offender release hearings, , liaison to the Oregon Department of Justice in its response to Oregon statute based petitions for Post-Conviction Relief and federal petitions for Habeas Corpus relief, hearings before the Psychiatric Security Review Board (PSRB) matter to determine whether a person found Guilty but Insane should continue to be subject to PSRB supervision or discharge.

A multi-jurisdiction project initiated and lead by the Multnomah County District Attorney's Office to process approximately 3,000 untested sexual assault kits in Multnomah, Marion, and Lane counties. Testing for the project is 100% grant funded via the District Attorney of New York (DANY) grants. Personnel costs are funded through a Portland Police Bureau grant from the Bureau of Justice Assistance (SAKI).

**Program Summary**

In October 2016, the Multnomah County District Attorney's Office was awarded a \$1,995,453 grant to process approximately 3,000 untested sexual assault kits (USAK's) in Multnomah, Lane, and Marion counties. In addition, MCDA is also the recipient of \$274,012, from a Bureau of Justice Assistance grant via the Portland Police Bureau to fund a Deputy District Attorney position for 20 months to prosecute cases resulting from the testing of these kits, the remaining \$89,000 of the award will be expended in FY2018.

Due to capacity constraints at the Oregon State Police (OSP) Crime Lab, testing of USAK's are being performed via a contracted laboratory pre-approved by OSP that meets all federal requirements necessary for results to be entered in to the FBI Combined DNA Index System.

It is estimated that 75% of the testing will be completed in FY2017 and the remaining 25% will be completed in FY2018.

### Executive Summary

The primary goal of the Victim Assistance and Restitution Recovery Program is to make the criminal justice system more responsive to individual citizens, particularly to victims of crime. To this end, it is the philosophy of the office that every effort be made to maximize victim involvement at every possible stage of a criminal case, and assure the rights of crime victims by investigating the economic loss to victims and ensuring that losses are accurately presented in court.

### Program Summary

Victim Advocates work directly with crime victims to explain the criminal justice system, including what rights are available to them; provide court accompaniment; offer referral information to appropriate community services and guide victims through the prosecution process.

The program also provides 24-hour on-call response to victims of sexual assault. We carry out this effort with a team of paid staff and over 40 volunteers. This immediate crisis intervention service is then followed by ongoing support and advocacy throughout the investigation and prosecution of the case.

Currently there is an enhanced focus on improving all aspects of obtaining restitution for victims of crime. As a result of this focus impressive improvements have been made, and other possibilities for improvement are being studied. Last year, the Restitution Recovery Program assisted 2,500 victims, and helped victims claim \$7,000,000 in restitution.

All victims of crimes being prosecuted by the District Attorney's Office receive information about their rights as victims, an opportunity to submit information about their losses for restitution, and notification letters on the case status and disposition.
