

Department Overview

Multnomah County Department of Community Services (DCS) has developed a performance and accountability strategy that focuses on results. This system improves our ability to measure how we are doing, plan for the future and report on our performance across all of the services we deliver to the community. The foundation of our performance and accountability strategy is our department-wide Strategic Plan. The Plan adopts the motto, “Inclusive Community - Accessible Services” to reflect our commitment to incorporate the diverse needs of our community in all the services we provide. The FY 2020 Department Budgets all align with this Plan. The Department delivers a number of essential services throughout Multnomah County. The divisions include Animal Services, Elections, Land Use Planning, and Transportation. The common mission of these diverse divisions is articulated in the department’s Mission, Vision and Values. These serve as the basis for developing goals, objectives and strategies included in the Strategic Plan:

Mission: The Department of Community Services preserves harmony between natural and built environments, keeps people and pets safe, and ensures every voice is heard.

Vision: To be a trusted partner helping to create thriving and inclusive communities.

Values: Responsibility -We are resourceful and explore ways to deliver safe, responsive, effective, and sustainable services; Integrity - We act with honesty, sincerity and high ethical standards; Transparency - We promote an open process and communicate the reasons for actions and decisions; Equity - We respect, value, and honor diversity as we build relationships with our colleagues and communities; and Leadership - We encourage innovation and promote professional growth.

Budget Overview

The FY 2020 Department of Community Services Proposed budget is \$139.0 million. County General Fund comprises \$17.9 million (13%), Other Funds include the Road Fund \$69.2 million (50%), Sellwood Bridge Replacement Fund \$21.0 million (15%), Burnside Bridge Fund \$14.9 million (11%), Willamette River Bridge Fund \$11.6 million (8%), Land Corner Preservation Fund \$2.0 million (1%), Animal Control Fund , Fed/State Fund, Video Lottery Fund and Bicycle Path Construction Fund (2%).

Significant changes in Other Funds include the Road Fund which decreased by \$9.8 million primarily due to completion of capital projects. Willamette River Bridge Fund decreased by \$2.3 million also due to anticipated capital projects completion. Sellwood Bridge Replacement Fund increased by \$2.3 million as the construction claim settlement is still ongoing. Burnside Bridge Fund increased by \$8.9 million primarily due to repayment of the internal loan from the Risk Fund and for continuing the National Environmental Policy Act (NEPA) phase of the project. The budget assumes the County to issue 10 year Full Faith and credit bonds for \$16.0 million to complete the NEPA project phase. The debt service will be covered from vehicle registration fees.

The FY 2020 General Fund allocation includes \$82,962 in ongoing funding for one new program:

- DCS Equity and Organizational Culture Manger (91000B).

The FY 2020 budget includes \$632,962 in one-time-only funding. The one-time-only funding is allocated to three program offers. A list of programs funded as one-time-only can be found in the Budget Director’s Message.

Successes and Challenges

The Department of Community Services Divisions have successfully met several significant milestones during FY 2019 and face challenges in FY 2020:

Director's Office - Department's addition of a full-time Equity and Organizational Culture Manager will oversee the effort to meet the objectives outlined in the County's Workforce Equity Strategic Plan.

Animal Services – Multnomah County is working with an outside agency to develop the programming and service delivery recommendations for the future MCAS operations. This engagement is anticipated to last 6-12 months beginning in March 2019. Multnomah County will also be developing a RFP for Specialty Design Services for an Animal Care Facility. This consultant will assist in developing the design for a new MCAS facility. These activities will continue into and through FY 2020 with the expectation to have schematic plans for a new MCAS facility by June 2020. The challenge for the Division is the reduction of one staff to meet its Budget Constraint. Loss of the 1.00 FTE will impact program resource capacity to serve the residents of Multnomah County.

Elections – Access to election services is key to successful voter participation in elections. The Elections Division is experiencing an extraordinary period of growth. Through population growth and implementation of automatic voter registration, the County's active registered voter count has shot up by more than 100,000 voters since 2015 and is expected to continue to climb. The Presidential Election cycle which begins in March 2020 will initiate an anticipated and unprecedented interest and turnout for the 2020 Elections.

Land Use Planning – The program continues to implement the revised comprehensive plan through the development and implementation of land use code in close coordination with the Community. The Division has eliminated a position the Compliance section to meet its budget constraint for this fiscal year. This position reduction will impact the Compliance section's ability to respond to complaints from the Community.

Transportation - Planning efforts on the Earthquake Ready Burnside Bridge and an aggressive construction schedules continue with both road and bridge projects. The Earthquake Ready Burnside Feasibility Phase was completed resulting in four build alternatives that will be studied in-depth during the environmental review phase that will continue through FY 2020. Transportation's Capital Program Offer 91018B includes a one-time-only program offer to support project development of tier one American with Disability Act projects. This program offer addresses the the 1990 Civil Rights Act that prohibits discrimination in accessing employment, government services, public accommodations, and public transportation.

Diversity, Equity, and Inclusion

DCS has undertaken diversity, equity, inclusion and organizational culture initiatives to ensure that staff and customers from all backgrounds have equitable access and experience equitable outcomes from our programs and services, and DCS leadership continues efforts to diversify its workforce. For example, we provide training for our hiring managers and interview panels to address issues such as implicit bias, advertise jobs on a broad range of job boards and other resources to reach as broad an applicant pool as possible, review minimum qualifications to ensure they accurately represent the position, look for the best ways to reach and evaluate candidates, and review our workforce needs and look for opportunities to create entry level positions and/or apprentice programs.

The DCS Strategic Plan identifies objectives, actions and metrics to inform us whether or not we are making progress towards achieving our goals. In FY 2019 we are focusing on work to support the County’s Strategic Workforce Equity Plan and new our new service excellence model, Think Yes for DCS. Further, the department ensures the inclusion of a broad spectrum of voices to help guide program planning and implementation through community involvement in our public meetings, Citizen Advisory Committees and the Planning Commission. We also foster inclusion, diversity and equity in our service delivery (such as Elections’ Voter Center Express), Transportation contracting outreach efforts with OAME and Metro, customized staff trainings developed in partnership with County Talent and Development; and equity introduction training provided at onboarding for all temporary election workers. We also maintain our Department representation on the County Workforce Equity Council and encourage staff participation in the varied county employee resource groups.

Director's Office

This Division comprises three groups: the Director's Office, Human Resources, and Business Services.

- The Director's Office leads, manages, and oversees both mandated and non-mandated Department services, including employee safety programs, state local budget law and federal, state, county and department regulations covering compensation, disciplinary action and work schedules. It represents the Chair and Board of Commissioners in its administration of the Department of Community Services (DCS) and provides leadership, management, and executive direction to department programs and services. DCS remains focused on providing cost efficient, quality services that offer good value to County residents while providing a safe work environment for staff and the public. Assuring accessibility, equity, transparency, and accountability is deeply embedded in all of the work we do to provide health, public safety, and social justice to our communities.
- Human Resources provides direct support to division managers and to current and prospective employees, including recruitment and selection services and performance management and consultative services regarding a range of management and employee/labor relations issues.
- Business Services manages the financial and administrative functions of the department's operating programs. This unit performs essential GIS and asset management and administrative support operations for DCS programs and provides common interpretations of county policy and procedure.

Significant Changes

With the General Fund reductions, DCS faces a reduction in the level of service provided to the residents of Multnomah County. At DCS, we pride ourselves on our ability to not only meet our statutory requirements, but to provide services and programs that the community expects to have access to. These programs and services are provided by maximizing the capacity of our lean staff and working collaboratively with community partners and other agencies. These budget reductions mean that we have to again take a critical look at our services and make some difficult decisions about where reductions are made.

The Department of Community Services, mission, vision and values are strongly aligned with Multnomah County Board of Commissioner's stated mission, vision and values. DCS remains focused on the health, public safety and the social justice of our communities. Assuring accessibility, equity, transparency and accountability of our policies and processes is deeply embedded in all of the work we do.

Animal Services

Multnomah County Animal Services (MCAS) protects the health, safety, and welfare of pets and people in Multnomah County. MCAS is the only open-admission shelter in the County and provides services 365 days each year. The division is organized into three programs/work units:

- Animal Care provides humane shelter, veterinary care, behavioral evaluation, and enrichment for homeless animals that are served by MCAS. Services include health examinations, vaccinations, spay/neuter surgery, general surgical interventions, micro-chipping, behavioral assessment/evaluation, daily enrichment and socialization, community information and referral, adoption and counseling, and foster care placement/coordination.
- Client Services provides administrative services, including: customer care for shelter visitors, phone customers, and e-business transactions; lost/found services and owner reunification; countrywide pet licensing and facility licensing programs; financial processing of all MCAS transactions; and all program communication activities including but not limited to media relations, social media, website, and weekly newsletters.
- Field Services Program (Animal Control) provides 24/7 hour public safety emergency response to calls concerning animals attacking and injuring people and animals; 24-hour emergency animal rescue for injured, sick and abused animals; investigation services for animal bite cases and animal abuse and neglect cases; enforces city, county and state laws; and provides community education and assistance in helping resolve neighborhood animal nuisances.

Significant Changes

MCAS has continued to focus on ways to improve daily operations and services. The following is a brief outline of recent accomplishments/changes:

1. The Animal Health Program obtained re-accreditation from the American Animal Hospital Association (AAHA). MCAS is one of only twenty shelters in the United States to hold this accreditation.
2. Working closely with local animal advocates and Commissioner Meieran's office, MCAS was instrumental in successfully amending the County Ordinance to ban the display of exotic animals in Multnomah County.
3. The Animal Care Team has increased daily enrichment activities for all animals in the shelter and have adjusted their work schedules to provide greater daily enrichment services.
4. In an effort to enhance transparency and provide greater information to the public, monthly statistical data regarding core program functions has been added to the MCAS website.
5. The majority of facility renovations have been completed, with the dog kennel renovation slated to be completed this upcoming fiscal year.

Elections

The Elections Division conducts transparent, accurate, accessible, and accountable elections in Multnomah County and maintain the public's confidence and trust in the elections process. The Elections Division conducts all local, city, county, state, and federal elections for the citizens of all political districts within Multnomah County. The elections include a wide range of races, from a water district commissioner to the president of the United States, including votes on ballot measures and elected offices from the local to federal levels.

Conducting elections involves registering voters, maintaining the statewide voter registration and election management database, maintaining address and district data, checking signatures on city and local candidate and initiative petitions, accepting candidate and measure filings, producing voters' pamphlets, issuing and mailing ballots, managing the main office, a voting center, and 27 other drop site locations, accepting and processing returned ballots, providing assistance to voters with disabilities and voters who speak languages other than English, counting ballots, and releasing results. During major elections, the division employs as many as 260 temporary workers. The division also provides voter education and outreach as a core service, working to identify and remove barriers to voter participation in underserved communities through building relationships, community engagement, and targeted education and outreach opportunities.

Significant Changes

As the population and number of registered voters grows steadily in Multnomah County (100,000 new voters from 2015 to 2018), the Elections Division must be forward-thinking to provide statutorily mandated services to the residents of the county. The 2016 and 2018 general elections both set records for turnout with the highest and second highest number of ballots returned respectively. These elections were executed with the same number of full time staff as the previous several years. The Presidential Election cycle which begins with May Primary Election will initiate an anticipated and unprecedented interest and turnout for the 2020 Elections.

Land Use Planning

The Land Use Planning Division is responsible for Land Use Planning, Code Compliance, and implementing the Solid Waste Licensing program for unincorporated areas of Multnomah County.

Land Use Planning collaborates with a range of community groups and agency partners to develop and implement federal, state, and local policies and laws that keep our community safe, prevent urban sprawl, preserve the rural farm and timber economy, protect the environment, and maintain the quality of life and rural character in our unincorporated communities.

Code Compliance ensures compliance with land use and transportation right-of-way rules. This helps preserve harmony, public health and safety. The compliance program is largely complaint driven, emphasizing a collaborative partnership approach for educating and working with property owners to achieve voluntary compliance.

The Solid Waste Licensing program licenses service providers for solid waste disposal and recycling in the rural unincorporated areas of the County to meet state and regional requirements ensuring waste is minimized and the remainder disposed of in a coordinated, efficient and responsible manner.

Significant Changes

The Land Use Planning Division has taken over the responsibility of conducting erosion control inspections. This task was historically completed by an inspector within the Transportation Division who no longer has capacity to complete the inspections. The Compliance Section will be responsible for completing these inspections because they travel throughout .

This year Staff are focusing on implementing policy from the Multnomah County Comprehensive Plan with an emphasis on addressing those policies that are safety related. Staff will focus on the development of code that will mitigate wildfire and landslide risk as well as provide a framework for regulating development of floating structures.

State Law obligates the Division to review land use applications within a specific time frame. Development of new Federal, State and Regional laws often obligates the County to adopt or revise existing ordinances in a specific time frame. The Division eliminated a position within Compliance Section to meet the constrained budget requirements for this fiscal year because there are no legal obligations to perform. The reduction of the position will impact the Compliance Section's ability to respond to complaints from the Community.

Transportation

The Transportation Division comprises Bridges, Roads, the County Surveyor, Planning and Development, and Water Quality.

- Bridges and Roads operate the four movable downtown bridges and maintain, preserve, and improve the safety of the County's six Willamette River Bridges and approximately 275 miles of roads and 24 bridges outside the Cities of Portland and Gresham. These programs also perform planning, engineering, and construction management for capital projects, respond to emergencies, and perform preventative maintenance tasks such as maintaining traffic signs, road striping, signals, and storm drainage systems.
- The County Surveyor maintains survey records, reviews and files surveys and land division plats, and maintains and restores land markers used in public land surveys.
- Water Quality coordinates the county-wide responses to federal and state clean water regulations in an effort to preserve local water quality.
- Planning and Development develops strategies to improve all modes of transportation in the county. This program assesses the transportation impacts of development within the county, reviews applications for the use of county right-of-way permits, prepares the Capital Improvement Plan, and secures funding for capital projects.

Significant Changes

Road Fund revenue has increased as a result of HB2017. Even with the new revenue, funding does not keep up with system needs. Update of the County Capital Improvement Plan and Program was completed in FY 2019. This update provided an in-depth review of existing conditions, improvement needs, and preliminary project development and cost estimates and resulted in a prioritized transportation capital projects list. Capital projects completed in FY 2019 include NE Sandy Blvd Multimodal Project, Newberry Slide Repair, Broadway Bridge Rall Wheel Replacement, and Historic Columbia River Highway Curb Extensions. Additionally, 11.7 miles of chipseal road resurfacing were completed. The Earthquake Ready Burnside Feasibility Phase was completed resulting in four build alternatives that will be studied in-depth during the environmental review phase that will continue through FY 2020.

The Division has an aggressive construction schedule planned for FY 2020. The East County project on NE Arata Road is planned to be completed. Work will continue on the Burnside Maintenance Project, Earthquake Ready Burnside Study, NW Cornelius Pass Road Project, NE 238th Avenue Project between NE Halsey Street and NE Glisan Street, and a culvert replacement on SE Cochran Road in the City of Troutdale. A one-time-only program offer for project development of tier one American with Disabilities Act projects is funded. This project addresses the 1990 Civil Rights Act that prohibits discrimination in accessing employment, public accommodations, and public transportation.

Executive Summary

In order to meet the objectives outlined in the county's Workforce Equity Strategic Plan and the Department of Community Services's internal strategic plan, the Department needs a dedicated management position with subject matter expertise to develop and implement a department-wide approach to diversity, equity, inclusion and organizational culture initiatives.

Program Summary

DCS has undertaken diversity, equity, inclusion and organizational culture initiatives to ensure that staff and customers from all backgrounds have equitable access to and experience equitable outcomes from our programs and services. Because we do not currently have a position dedicated to equity, inclusion and culture, we do not have a subject matter expert to lead this department-wide effort, ensuring that this work stays at the forefront of our activities and gets integrated into our daily work practices.

DCS is proposing the addition of a full-time Equity and Organizational Culture Manager to oversee the department's efforts to meet the objectives outlined in the county's Workforce Equity Strategic Plan and to ensure that the department continues to create a culture of belonging and empowerment for customers and staff from all backgrounds.

The Equity and Organizational Culture Manager's duties will include, but will not be limited to: strategic planning and measurement to ensure organizational progress on issues regarding diversity, equity, and inclusion, including the performance measures outlined in the Workforce Equity Strategic Plan; creating awareness and understanding around diversity, equity, and organizational culture issues and initiatives among staff at all levels; supporting managers' efforts to create cultures of belonging and inclusion within their programs and divisions; supporting the implementation of the core PPR competencies for managers and staff; identifying and tracking training opportunities for staff at all levels; working with divisions to address barriers to access or inclusion for community members impacted by their programs; and relationship-development with key stakeholders within and outside of the County.

Output	Number of department-wide communications regarding diversity, equity, and inclusion	N/A	N/A	N/A	12

Performance Measures Descriptions

Number of exercises included in senior management meetings and number of department-wide communications capture our efforts to raise awareness and understanding around diversity, equity and inclusion among DCS staff. Percent of WESP performance measures completed on time represents our work to meet the objectives outlined in the Workforce Equity Strategic Plan.

Executive Summary

The Department of Community Services Human Resources program provides direct support to Division Managers and to all current and prospective employees. Services provided by the Human Resources program include, but are not limited to, recruitment and selection services, performance management, employee orientation and organizational development, succession planning and consultative services regarding a wide range of management and employee/labor relations issues.

Program Summary

The program provides a broad range of services for both Division Managers and employees regarding human resources and labor relations issues.

- DCS Human Resources staff consults and advises management and employees on interpreting and applying the county's human resources performance planning process, personnel rules, policies, procedures, collective bargaining and labor agreements and other applicable laws and regulations governing public sector employment.
- The program provides DCS managers with additional support in the form of recruitment and retention services, performance management consultation, discipline and grievance processing and dispute resolution.
- The program facilitates the department's Family Medical Leave Act (FMLA) and Oregon Family Leave Act (OFLA) requirements, maintains its personnel records and provides an essential liaison relationship with the county's Central Human Resources and Labor Relations staff.

Performance Measures

The Department of Community Services Business Services program provides administrative, financial and business support for the department. Services include development, management and administration of the department's annual budget; GIS and asset management; grants management; accounts receivable; accounts payable; payroll; contracts; and purchasing. Staff members serve as liaisons between the department and internal service providers such as the Department of County Assets, County Finance and the Central Budget Office.

Program Summary

The program supports the work of the Department of Community Services by providing: GIS and asset management; budget development, management and reporting; contracting and procurement; accounts payable and receivable; payroll; grant accounting; administrative support; and implementation of, and compliance with, all county, state and federal fiscal policies and procedures related to the business of this department.

Business Services personnel work across the county with other departments and agencies and function as liaison staff between the department and internal service providers such as County Finance, the Central Budget Office, and the Department of County Assets.

Business Services also manages two county special districts: Dunthorpe-Riverdale Sanitary Sewer District and the Mid-County Street Lighting Service District.

Business Services provides responsible leadership and sound budgetary and financial management and delivers results that are consistent with Department and County priorities.

Performance Measures

Measure Type	Primary Measure	FY18 Actual	FY19 Purchased	FY19 Estimate	FY20 Offer
Output	Total dollars spent by DCS	\$102M	\$128M	\$115M	\$140M
Outcome	Percentage of invoices paid on time	80%	90%	90%	95%

Performance Measures Descriptions

Total dollars spent by DCS provides a general measurement of the activity level of Business Services. Fluctuations in dollar values from year to year are primarily a function of Transportation capital projects. Invoices paid on time is the percentage of invoices paid within 30 days of the invoice date, which measures the effectiveness of the accounts payable process to issue timely payment to our vendors. Our goal is to increase the percentage of vendors paid on time using the new Workday financial system.

Executive Summary

The Animal Services Client Services program provides customer service for shelter visitors and phone customers. Key service areas include staffing the Division's call center, reception and customer service at the facility, management of the county-wide pet licensing program, intake service for animals entering the shelter and management of lost/found services.

Program Summary

The Animal Services Client Support program delivers the following services:

- Phone Services provides information, assistance and referral for 50,000 annual phone customers. Regular business phone lines are staffed seven days a week, providing approximately 50 hours of service each week.
- Visitor Services assists walk-in customers who visit the shelter, processes all transactions for animal intake, conducts animal adoptions, manages lost and found reports, responds to calls for field services, helps owners reclaim animals and provides general information and referral.
- Pet Licensing processes all pet licensing and animal facility licensing, including license sales and renewals through the mail, license sales by business partners in the community and e-business sales; conducts database entry; and manages billing and collection services.
- Agency Communications manages press releases, website content, social media postings and weekly newsletters.
- Grant Writing and Management seeks funding from external sources.

Outcome	Private donations (dollars)	\$151,295	\$122,500	\$150,000	\$150,000

Performance Measures Descriptions

Pet licenses processed includes only licenses that have been issued - it does not account for licenses that are not in compliance and are still being managed by the staff. Fluctuations in donations are the result of occasional bequests assigned to Animal Services.

Explanation of Revenues

In the General Fund, the revenue represents the cash transfer from the Animal Services Fund to the General Fund. It includes revenue from the sources described above plus fees collected for notices of infractions.

Specifically, MCAS currently processes approximately 50,000 pet licences per year which generates approximately \$1,680,000 in revenue and \$28,000 in fines related to license non-compliance.

Significant Program Changes

Last Year this program was: FY 2019: 91005-19 Animal Services Client Services

As a result of the budget constraint, Client Services will be reduced by 1.00 FTE Office Assistant Senior (License Compliance) position in FY20. It is estimated that MCAS currently has a 32% pet owner compliance rate for dog licensing and a 16% compliance rate for cat licensing. While these rates are higher than the national average (22% for dogs and less than 10% for cats), there is room for improvement. Indeed, the 2015 audit of MCAS recommended that the Division work to increase licensing compliance and implement processes that would enable greater efficiency. MCAS has implemented a new software system, resulting in significant process improvements and efficiencies and enabling MCAS to explore ways to increase its licence compliance rate. A 1.00 FTE reduction within this work unit will have a significant impact on MCAS's ability to increase license compliance activities, limiting our ability to facilitate increased ordinance compliance and revenue.

Executive Summary

The Animal Services Field Services program provides 24-hour public safety emergency response to calls concerning animals attacking and injuring people and animals; 24-hour emergency animal rescue for injured, sick and abused animals; investigation services for animal bite cases and animal abuse and neglect cases; enforcement of city, county and state laws; and community education and assistance in helping resolve neighborhood animal nuisances. Service is provided to the community seven days a week. This program serves all cities and unincorporated areas in Multnomah County.

Program Summary

The Animal Services Field Services program delivers comprehensive, 24-hour animal control services with the primary function of providing public safety to all cities and unincorporated areas in Multnomah County. Such services include, but are not limited to, responding to dangerous dog attacks, investigating reports of animal bites, quarantining animals due to suspected rabies exposure, picking up stray animals and assisting law enforcement agencies as first responders for animal related situations (house fires, arrests, vehicle accidents, etc.). This program is also responsible for ensuring the welfare of the animals in our county by responding to and investigating all cases involving suspected animal abuse/neglect/abandonment, investigating reports of dog fighting activities and ensuring that humane standards of care are provided to all animals in licensed animal facilities (boarding facilities, breeding kennels, retail stores, rescue entities, etc.). Additionally, Field Services responds to calls regarding deceased animals in public areas, animal nuisance complaints (barking dogs, free-roaming cats, etc.) and provides community education and information related to responsible pet ownership and compliance with city, county, and state laws involving animals. Lastly, this program is responsible for handling all public records requests and for the coordination of all administrative hearings involving animal-related county ordinance violations.

The primary function of the Field Services program is to ensure public safety and adherence to all applicable laws/ordinances while also ensuring the safety and well-being of animals in Multnomah County. Daily services are provided county-wide and directly benefit all persons in Multnomah County. Due to the high number of low-income and homeless persons in the county, a large percentage of time is dedicated to assisting these populations. Such services often include, but are not limited to, responding to dog bites within homeless camps, emergency veterinary needs, stray dog issues due to limited secure enclosures or leash compliance and emergency boarding needs due to incarceration, eviction or owner medical/mental health crises. As such, the Field Services program provides extremely important service to many disadvantaged pet owners who would not be able to retain their animals without the assistance of these services.

Output	Number of calls responded to by officers	7,681	8,000	8,000	6,400
Outcome	Citations issued in response to calls	422	280	375	300

Performance Measures Descriptions

Number of calls responded to by officers reflects complaints received by dispatch that ACO-2 positions are able to respond to. FY18 and FY19 numbers are based on 8.00 FTE and the FY20 number is based on 7.00 FTE. This measure includes finalized calls and calls that are still being worked by officers. Citations issued in response to calls reflects enforcement citations issued by ACO-2 positions in the field. It does not include citations for pet license noncompliance.

Significant Program Changes

Last Year this program was: FY 2019: 91006-19 Animal Services Field Services

The current staffing pattern for Field Services consists of 8.00 FTE Animal Care Officer-2 (ACO-2) positions covering five districts, seven days per week. In order to provide the greatest amount of coverage each day, these positions are scheduled for 10-hour shifts for 4 days per week, with contracted services providing emergency-only coverage during the evening/night time hours. There are only four (4) ACO-2 positions working any given day to cover the entire county. As a result of the budget constraint, Field Services will be reduced by 1.00 FTE ACO-2 position in FY20. It is estimated that this reduction will have a 15%-20% impact on operational performance and response public safety functions. The proposed budget constraint will increase response times to dispatched calls and reduce capacity for investigations. We anticipate that these changes will have the greatest impact on vulnerable low-income and homeless populations.

Executive Summary

As a result of budget constraints for FY20, the Field Services program was reduced by 1.00 FTE Animal Control Officer (ACO-2) position. This program offer is submitted as a request is to restore this position as originally funded. The Field Services program delivers comprehensive animal control services with the primary function of providing public safety to all cities and unincorporated areas in Multnomah County regarding animal related issues. Service is provided to the community seven days a week.

There are only four (4) ACO-2 positions working any given day to cover the entire county. As such, a reduction of 1.00 FTE for this work unit is a 12.5% reduction in the workforce but equates to a 25% reduction in service capacity. This reduction will limit resources to meet the needs of the community. Specific impacts may include the following: 1) Response times may be longer than desired due to limited number of officers available to respond, resulting in delayed response to public safety issues such as loose aggressive dogs, animals in distress, dog bite investigations, animals in traffic, cruelty investigations and welfare checks; 2) Officers' ability to respond to and assist law enforcement agencies in a timely manner may be reduced; 3) Officers' workloads may increase, especially during the peak season, resulting in greater use of overtime; and 4) The program will have greater difficulty meeting daily demands when officers are on vacation/sick, leaving the team even more short-handed in the field.

Executive Summary

The Animal Care program provides humane shelter and veterinary care 365 days a year for lost, homeless, stray, injured, sick, abandoned, abused and neglected animals found in Multnomah County. The program reunites animals with their owners, adopts animals into new homes, provides animal behavior assessment services and provides comprehensive shelter medicine in our American Animal Hospital Association accredited veterinary hospital. The primary goal for Animal Care is saving animal lives.

Program Summary

The Animal Care program delivers the following services:

- Provides a clean, comfortable, safe and healthy environment to house and care for all animals that enter the shelter
- Reunites animals with their owners
- Provides lost/found pet services
- Provides pet adoption services
- Provides shelter medicine and veterinary hospital services, which include veterinary health care and treatment for all shelter animals, spay/neuter surgeries for adopted animals and subsidized veterinary services for low income pet owners
- Provides animal behavioral assessment and training services to determine adoption suitability or transfer to partner organizations
- Works directly with over 225 foster families who provide care and support to shelter animals in need of temporary respite care for behavioral or medical reasons

This program also works with over 50 professional animal welfare agencies to facilitate transfer of adoptable animals to their services as needed. Additionally, trained volunteers and foster pet parents assist in providing specialized animal care and help match potential adopters with the right pet. The keys to our success in saving animal lives are: providing humane care of all animals in the shelter; a strong, accessible pet adoption program; maintaining effective relationships with partner organizations; a commitment to progressive animal behavior services; and the provision of high standards of veterinary services.

Executive Summary

The Elections Division conducts all local, city, county, state and federal elections for the citizens of and all political districts within Multnomah County. Under Oregon law, regular election dates are in March, May, September and November. Under state and local law, special elections and recall elections can also be called at any time of the year.

Program Summary

The Elections Division conducts transparent, accurate, accessible and accountable elections in Multnomah County and maintains the public's confidence and trust in the elections process. The Division conducts all local, city, county, state and federal elections for the citizens of all political districts within Multnomah County. Elections include votes on ballot measures and all elected offices from the local level to the federal level.

Conducting elections involves many processes including registering voters; maintaining the statewide voter registration and election management database; maintaining address and district data; checking signatures on city and local candidate and initiative petitions; accepting candidate and measure filings; producing voters' pamphlets; issuing and mailing ballots; managing the main office, a satellite voting center and 27 other drop site locations; accepting and processing returned ballots; providing assistance to voters with disabilities and voters who speak languages other than English; counting ballots; and releasing results. During major elections, the Elections Division brings on as many as 260 temporary workers to assist its 12 full time staff.

The Elections Division also conducts the Voter Education and Outreach program as part of its core services. The program works to identify and remove barriers to voter participation in underserved communities through building relationships, community engagement and targeted education and outreach opportunities. The Voter Education and Outreach program is informed by direct outreach to underserved communities, organizational and community partnerships and results from a voter survey, focus groups and mapping voter behavior with demographic data.

Performance Measures Descriptions

Percent of voters using ballot tracking is percent of voters using BallotTrax to track and receive messages about ballot status. Percent of customers satisfied with counter service is percent of customers indicating that service met or exceeded expectations. FY Actual for the personnel cost per 1,000 ballots cast measure is for the gubernatorial primary, FY19 Purchased and FY19 Estimate are for the gubernatorial general election and FY20 Offer is for the presidential primary.

Legal / Contractual Obligation

Multnomah County Code of Ordinances, Chapter 5, Elections, describes the process for county initiative/referendum petitions and how to fill vacancies in county elective offices. Multnomah County Administrative Rules, Multnomah County Language and Effective Communication Policy, Oregon Administrative Rules, Chapter 165, addresses state-wide uniformity in the conduct of elections by county. Rules deal with issues such as county voters' pamphlets and voting by mail. Oregon Revised Statutes, Chapters 246 through 260, provide the legal authority for all aspects of conducting elections in Oregon. Federal mandates (Title VI of the Civil Rights Act, The Voting Rights Act, The National Voter Registration Act, The Help America Vote Act and the Military and Overseas Empowerment Act) establish election administration standards.

Explanation of Revenues

Some revenue is generated through reimbursements from districts for their apportioned share of the cost of an election. Election expenses are always reimbursed by special districts. Special elections called by the state or cities are reimbursed by the state or the city calling the election. By state law, cities and the state cannot be charged for the cost of the election in the primary or general election. The county must pay for those district's apportioned cost in these elections. In addition to election reimbursement, the budget has revenue of \$6,650 for reimbursement of costs related to petitions processing. Two smaller special elections are included in the FY 2020 budget at \$344,444 each. The November Special Election is also in the budget at \$477,706. Budget amounts for these special elections are calculated at 100% reimbursement. Reimbursement for the Presidential primary election in May 2020 is budgeted at 3%, or \$25,877. Revenue also includes \$75,000 in projected revenue from the state for costs associated with Oregon Motor Voter. This funds one FTE whose primary job function is to process new voter registrations, many of which originate from the DMV.

Elections

Department: Community Services **Program Contact:** Tim Scott
Program Offer Type: Existing Operating Program **Program Offer Stage:** As Proposed
Related Programs: 91010A
Program Characteristics:

Executive Summary

In anticipation of unprecedented interest in and turnout for the 2020 presidential election cycle, this program offer will provide temporary staffing and overtime funds to develop administrative support for running an efficient and timely election. These funds will also provide Elections with the flexibility to build capacity among existing staff and temporary on-call staff to prepare for the presidential election cycle and beyond.

Program Summary

The presidential primary and general election are our largest elections of the 4-year cycle. Voter registration, customer service demand and ballot turnout increase with high turnout elections. Currently, the Elections Division runs all elections with 12 FTE and obtains additional capacity with temporary staff. This program offer restores program capacity and reduces strain placed on full time staff to efficiently run elections to meet ballot counting timelines. Restoration of funds would also provide the Elections Division with the flexibility to maintain capacity among existing staff and temporary on-call staff to prepare for the 2020 presidential election cycle. Maximizing capacity and efficiency is necessary to meet the demands associated with Multnomah County's increasing population, the increasing number of registered voters and the high turnout rates seen in recent elections.

Additional temporary staff will:

- Provide Think Yes customer service at our main office, phone bank and Voting Center Express.
- Support voter education and outreach services.
- Assist voters with disabilities.
- Issue replacement and provisional ballots.
- Assist with critical functions like our high speed sorters, ballot tally room and opening boards.
- Assist in election processes from ballot printing and mailing to ballot scanning and adjudication.
- Improve the voter experience and reduce wait time for services.

Performance Measures

Measure Type	Primary Measure	FY18 Actual	FY19 Purchased	FY19 Estimate	FY20 Offer
Output	Number of election planning meetings attended by temporary staff	N/A	N/A	N/A	8
Outcome	Average number of days the Voting Center Express is open to the public	N/A	N/A	13	15.5

Performance Measures Descriptions

Number of election planning meetings attended by temporary staff captures the need to develop effective, well-trained temporary staff to support the 2020 election cycle. Average number of days the Voting Center Express is open to the public captures a key service that will be expanded through this program offer.

Legal / Contractual Obligation

Multnomah County Code of Ordinances, Chapter 5, Elections, describes the process for county initiative/referendum petitions and how to fill vacancies in county elective offices. Multnomah County Administrative Rules, Multnomah County Language and Effective Communication Policy, Oregon Administrative Rules, Chapter 165, addresses state-wide uniformity in the conduct of elections by county. Rules deal with issues such as county voters' pamphlets and voting by mail. Oregon Revised Statutes, Chapters 246 through 260, provide the legal authority for all aspects of conducting elections in Oregon. Federal mandates (Title VI of the Civil Rights Act, The Voting Rights Act, The National Voter Registration Act, The Help America Vote Act and the Military and Overseas Empowerment Act) establish election administration standards.

Significant Program Changes

Last Year this program was:

This program offer will restore reductions made in the Elections main program offer, 91010A. The number of registered voters in Multnomah County is growing significantly, with more than 100,000 new voters added since 2015. At the same time, turnout is setting records in high-interest elections like the November 2016 and 2018 elections. Turnout in the upcoming 2020 presidential primary and general elections is likely to be high. Well trained on-call election workers are critical to support the increasing needs of voters in these large elections. This program offer will restore capacity for key election services, such as funding on-call staff to support additional days of service at the Voting Center Express, which will address the increasing demand for this popular vote center.

The County Surveyor's Office provides maintenance and restoration of public land survey corners, reviews and files surveys and land division plats, provides survey records to the public, and provides survey support to other County programs and local agencies.

Program Summary

The County Surveyor's Office provides several services, some of which are mandated by state law.

Mandated functions (required by state statute) include:

- Maintenance and restoration of public land survey corner monuments under the Public Land Survey System. The maintenance and restoration of these corners are critical in ensuring the integrity of property boundaries within the county because all property descriptions within the state are either directly or indirectly tied to public land survey corners.
- Review, filing and indexing of survey records. All surveys that set permanent monuments (property corners, etc.) within Multnomah County are required to be filed with our office. State statutes require that we review these surveys and file and index them in the County Survey Records.
- Review and approval of land division plats (subdivisions, partitions, and condominiums). Comprehensive reviews of all land division plats within the entire county are performed by our office to ensure accuracy and compliance with state statutes and local ordinances.
- Provide access to the public survey records. We maintain a robust online records retrieval system that is widely used by the public and is essential for providing information required by land surveyors, developers, the title industry, planning jurisdictions and others.

Other functions include:

- Provide surveying support for capital improvement projects on county roads and bridges. Current projects include the Sellwood Bridge Replacement Project and NE Arata Road and NE 238th/242nd Drive Improvement Projects.
- Provide surveying support for county departments and local agencies. The program provides ongoing support to Road and Bridge Engineering and Road Maintenance for various projects (other than CIP).
- Provide surveying expertise to the public, county, and local agencies.

Performance Measures

Measure Type	Primary Measure	FY18 Actual	FY19 Purchased	FY19 Estimate	FY20 Offer
Output	Number of public land corner visits performed	100	100	115	100

Output	Number of plats reviewed for approval	158	140	185	150
Output	Number of images added to SAIL website	N/A	920	1000	920

Performance Measures Descriptions

The Surveyor's Office maintains approximately 2,000 public land survey corners on a 7- to 10-year cycle. In recent years, we have been maintaining rural corners, which require more time to complete than those in urban areas. The County Surveyor approves all land division plats in the county and all cities within it. Our goal to review plans within 21 calendar days of submittal represents an ambitious timeline that allows projects to move forward quickly. The Surveyor's Office makes survey-related records available to the public on our SAIL website. adding new images weekly.

Legal / Contractual Obligation

The County Surveyor position is mandated by state statute. The duties of the County Surveyor are mandated by ORS Chapter 209, including those related to Public Land Corners. Plat review and approval are mandated by ORS 92.100 and ORS 100.115. Certain work regarding county roads is mandated by ORS 368.

Explanation of Revenues

The County Surveyor's Office is self supporting. All revenues are from user fees or charges for services. Maintenance and restoration of Public Land Corners make up the largest part of our program. This is funded by a fee (currently \$6) charged when documents are recorded in the County Records. Another large portion of our revenue is derived from a filing fee (currently \$400) which is charged for all records of survey and plats that are submitted to our office for review and filing. Revenue estimates are as follows: Public Land Corner Preservation Fund – estimated 83,333 documents recorded at \$6 each - \$500,000, Plats and Surveys submitted for filing/recording - estimated 730 at \$400 each = \$292,000, and Survey support for county roads and other projects, estimated \$60,000. (all under "Other/Miscellaneous" above); Plat review and approval - actual cost incurred - estimated \$225,000 ("Service Charges" above).

Significant Program Changes

Last Year this program was: FY 2019: 91012-19 County Surveyor's Office

Additional 1.00 FTE will support the increased customer demand for review and approval of land division plats (subdivisions, partitions and condominiums). Salary costs are covered through a direct cost recovery for work performed for survey customers.

Program Characteristics:

Executive Summary

Road Services serves a fundamental community need by ensuring that the county-maintained road system is preserved for the benefit of the public by constructing, operating, repairing and maintaining roadways in a professional and cost-effective manner. Community members use roads in order to access emergency services, places of employment, businesses, schools and recreational activities. Multnomah County's economy is dependent on the transportation system to move products to markets. Principles of equity are applied during project prioritization, public outreach and project delivery.

Program Summary

Road Services is responsible for planning, funding, designing, constructing, maintaining, operating and preserving county-owned roads. The program contributes to the goals and strategies of the Department of Community Services in providing transportation services county residents rely upon. Road Services focuses on providing quality roads through innovation, a skilled and diverse workforce and efficient practices. This program offer supports four areas (Roadway Engineering, Planning and Development, Water Quality and Road Maintenance) to deliver services that comply with local, state and federal transportation requirements while striving to achieve the transportation priorities of Multnomah County residents communicated through our public outreach efforts.

The Transportation Division is a regional leader in sustainable maintenance policies and practices that respond to the Endangered Species Act, Safe Drinking Water Act and Clean Water Act. The group fulfills its mandates through cooperative planning with local and regional jurisdictions, preserving and improving the transportation system through the building of roads and providing on-going maintenance and traffic services that contribute to public safety, environmental protection and livability. The group also provides technical and policy expertise on transportation equity, active transportation and greenhouse gas reduction and supports efforts with the Health Department and Office of Sustainability to accomplish multiple program objectives, including the Climate Action Plan (CAP).

The funding for transportation infrastructure continues to be an acute challenge at the national, state and local levels. Increasing costs combined with flat revenues have shown that the current funding models are not sustainable. State and local land use goals promote density, which supports alternative modes of transit to the public (such as buses, bikes and rail) and have reduced the demand for gasoline consumption, consequently reducing fuel tax receipts. Further, the county's 3-cent fuel tax rate remains static (unchanged since 1981). The Division is directly engaged in regional, state and federal decision-making on transportation funding that affects the county's ability to achieve many of its interdepartmental goals as well as capital improvements.

Performance Measures

Outcome	Rural Pavement Condition Index (PCI)	N/A	N/A	64	62
Outcome	Average number of days to review development proposals	N/A	10	10	10

Performance Measures Descriptions

Number of proposals reviewed represents development and transportation impacts being reviewed and mitigated. The county assesses road surfaces using a pavement management system and assigns a Pavement Condition Index (PCI) rating between 0 and 100 (100=excellent). The average number of days to review development proposals is an indication of the amount of staff effort and time required to process applications and the effectiveness of the application review process.

Legal / Contractual Obligation

The Division fulfills its obligation as a road authority under the provisions of ORS 368 and 371, and OAR Division 12. The Federal Highway Administration's Manual on Uniform Traffic Control Devices, Federal Environmental Laws; Clean Water, Safe Drinking Water and Endangered Species Acts, Americans with Disabilities Act (ADA) provide standards under which we must incorporate in our service delivery. State-mandated transportation system planning including bicycle and pedestrian modes, capital improvement programming and compliance with Congestion Management/Air Quality requirements.

Significant Program Changes

Last Year this program was: FY 2019: 91013A-19 Road Services

1.50 FTE net increase results from changes in Road Engineering and Transportation Planning and Development. A transfer of 2.00 FTE (engineering staff) from the Bridge Services (program offer 91015) is included in this budget to support an aggressive road capital program. Road Services eliminated 1.50 FTE (Office Assistant Senior and Engineer 3) and were able to redistribute work to other existing positions inside Transportation. The completion of the Levee Ready Columbia work supporting Sauvie Island allowed a reassignment of a 1.00 FTE in the program offer 91014 into Road Services program offer to support requirements of the County's certification requirements with the Oregon Department of Transportation.

Program Characteristics: One-Time-Only Request

Executive Summary

The Levee Ready Columbia program supports work to secure the Columbia River levees' accreditation, reduce the risk of catastrophic flooding and protect the health and resiliency of county communities and the broader region. The FY 2020 budget includes a cash contribution to fund the program administration of the Levee Ready Columbia partnership to ensure that the region addresses federal requirements for levee accreditation.

Program Summary

As a regional partner in Levee Ready Columbia, the county has supported the work necessary to ensure improvements are identified and addressed within four drainage districts along the Columbia River levee system in Multnomah County. Failure to address identified deficiencies puts communities at risk of flooding and poses a risk of loss of levee accreditation under the Federal Emergency Management Agency's (FEMA) National Flood Insurance Program as well as noncompliance with the US Army Corps of Engineers Rehabilitation and Inspection Program.

The project is a multi-year effort entering its fifth year. The past four years focused on conducting evaluations of the levee systems and studying options for long-term governance solutions. Future work will include developing levee improvement project alternatives, implementation of improvements, creation of a long-term governance structure and completion of certification and accreditation processes. This work will be supported by Levee Ready Columbia program staff funded through partnership financial contributions.

In addition to providing financial support to Levee Ready Columbia, the county will continue to act as the fiscal agent in administering state grants and loans secured in 2016 for the regional partnership. The county will also continue to provide representation in partnership meetings.

Staff support was required in previous years of this program to oversee the levee evaluation process for Sauvie Island and participate in project management and technical assistance to support the regional Levee Ready Columbia partnership. Sauvie Island's levee evaluation and remediation projects are complete and documentation supporting accreditation will be submitted to FEMA during FY19. Levee Ready Columbia is creating a new interim board and technical work is transitioning from evaluation to capital project planning. With these changes, technical work will be overseen by Levee Ready Columbia program staff funded through partnership cash contributions during FY20.

Executive Summary

The Bridge Services program operates and preserves the county's long-term investment in its six Willamette River bridges. The program also offers technical and maintenance support to the Roads Services program for 24 other bridge structures. The Willamette River crossings consist of four movable bridges (Hawthorne, Morrison, Burnside and Broadway) and two fixed structures (Sellwood and Sauvie Island). Bridge Services includes Engineering, Maintenance and Operations.

Program Summary

Engineering provides planning, engineering and construction project management for the preservation of structural, mechanical, electrical and corrosion protection (paint) systems of the county's bridges. Most design and construction work is performed by contractors with direction and oversight by Engineering. Projects are identified, prioritized and ranked in the Transportation Capital Improvement Plan (TCIP) using a variety of criteria, including equity. TCIP ranking and available funds from the Bridge Services program or grants determine the projects chosen for design and construction. Engineering also works with other agencies to secure funding from state and federal sources. Engineering is typically engaged in multiple capital improvement projects at various stages of development/construction. Construction was completed on the Broadway Rall Wheel Replacement project in FY19. The Burnside Maintenance project is anticipated to be completed in FY20. The Earthquake Ready Burnside Bridge Feasibility Study was completed in FY19, resulting in four options that will be studied in-depth during the environmental review phase that will continue through FY20. This project incorporates equity principles by considering impacts to underserved populations and ensuring representation of these communities on our advisory committees.

Maintenance staff perform preventative maintenance and smaller scale upgrades/enhancements on the bridges. They ensure the operational reliability of mechanical, electrical, structural and corrosion protection (paint) systems. Maintenance places priority on response to emergencies, performance of specialized preventative maintenance tasks and making repairs/enhancements as needed. Some of the tasks include bridge repairs resulting from vehicle accidents, mechanical and electrical repairs/replacements, electrical and mechanical systems troubleshooting, minor roadway or sidewalk repairs, graffiti removal and snow removal.

Operations raises and lowers bridge draw spans to allow passage of ships and other river traffic and performs some preventative maintenance tasks. Spanish and Russian language bridge lift announcements were added on the Hawthorne Bridge in FY19. Both Maintenance and Operations work closely with Engineering on a wide variety of projects and issues.

Performance Measures

Measure Type	Primary Measure	FY18 Actual	FY19 Purchased	FY19 Estimate	FY20 Offer
Output	Number of preventative maintenance tasks completed	1,800	1,750	1,200	1,200
Outcome	Percent of bridge openings with minimal delay to river traffic	99%	99%	99%	99%

Performance Measures Descriptions

Preventative maintenance tasks help keep the bridges working properly and avoid the need for expensive capital rehabilitation projects. The percent of successful drawbridge openings measures the ability of this group to provide access for river traffic.

Legal / Contractual Obligation

Multnomah County is required to maintain and operate its drawbridges in accordance with the River and Harbor Act of 1894, federal regulations (USC 117.750), U.S. Coast Guard regulations (CFR Title 33), State Law (ORS 382.305), 1984 IGA with the City of Portland as amended in 1989, and HB 2041 Section 3a.

Total Revenue	\$0	\$10,230,775	\$0	\$8,873,047

Explanation of Revenues

Revenue for this program comes from gas taxes and vehicle registrations that are collected by the state and distributed based on an intergovernmental agreement that specifies the amount to be allocated to Bridge Capital. These are dedicated funds and can only be used for bridges. These funds are used to leverage Federal and State dollars to provide a greater benefit to the County. Other/Miscellaneous revenue comes from reimbursements to Bridge Engineering for work performed by other projects and programs.

The program budget drops approximately \$1.5 Million as this dedicated revenue draws down the unappropriated fund balance to support current bridge capital projects schedule in FY 2018 (see Program Offer 91018-18 - Transportation Capital).

Significant Program Changes

Last Year this program was: FY 2019: 91015-19 Bridge Services

2.00 FTE reduction reflects a transfer of bridge engineering staff to support road capital projects. The FTE will be reflected in the Road Services Program Offer 91013.

Executive Summary

The Transportation Capital program represents the county and other fund sources that pass through the county to make capital improvements on county-owned bridges (Sellwood, Hawthorne, Morrison, Burnside, Broadway and Sauvie Island), roads, bicycle/pedestrian facilities and culverts. The purpose of this program is to maintain and enhance the existing transportation system by identifying needs, prioritizing projects and securing funding to construct projects.

Program Summary

This program represents the county and other fund sources to make capital improvements on county-owned bridges, roads, bicycle/pedestrian facilities and culverts. Capital improvements are relatively high dollar projects to rehabilitate, improve or replace transportation infrastructure assets. Current capital needs are identified in the Transportation Capital Improvement Plan (TCIP), which outlines needed road and bridge improvements for the next 20 years. Projects are identified, prioritized and ranked in the TCIP using a variety of criteria that includes equity, sustainability, safety, asset management, mobility and resiliency. The Transportation Capital program prioritizes and schedules projects to match available funds and new funds projected for a 5-year period.

The county's transportation infrastructure assets are valued in excess of \$1.8 billion, thus we deem it very important to protect these assets. Many factors contribute to the constant degradation of the transportation infrastructure which requires continual maintenance. The major bridge transportation capital projects included are the Burnside Bridge Maintenance and the Morrison Bridge Paint projects. Roadway projects in East County include bike and pedestrian improvements to Arata Road, Stark Street and NE 238th Ave. West County projects include safety improvements on Cornelius Pass Road. Also included are fish passage and culvert projects on Beaver Creek at Cochran Road.

The Earthquake Ready Burnside Bridge Project is a long-term project to create a seismically resilient crossing of the Willamette River in downtown Portland. This project will enable emergency services to respond, allow families to reconnect, and support economic recovery after a major earthquake. The Earthquake Ready Burnside Feasibility Phase is complete, resulting in four alternatives that will be studied in-depth during the environmental review phase that will continue through FY20.

This program relies upon the Bridge Engineering and Roadway Engineering programs to provide county labor and to plan and oversee the design and construction associated with capital projects.

Performance Measures

Measure Type	Primary Measure	FY18 Actual	FY19 Purchased	FY19 Estimate	FY20 Offer
Output	Dollar value of capital improvements	\$59,888,672	\$50,923,781	\$37,053,076	49,232,937
Outcome	Percent of project costs covered by grants	N/A	N/A	N/A	80%

Performance Measures Descriptions

Dollar value of capital improvements includes all county funds spent, regardless of source. The percentage of project costs covered grants looks at total cost of the project and percentage of funds that is covered by grants. This reflects the leveraging of county funds for grant dollars to build capital projects.

Legal / Contractual Obligation

This program is mandated by Federal Regulation CFR Title 33 which covers the responsibilities of drawbridge owners; ORS 366.744 and ORS 382.305-382.425 specifically addresses the Willamette River Bridges; ORS 366.514 addresses the Bike and Pedestrian Program; ORS 368 addresses the Road Capital Program, and revenue sharing agreements with the cities of Portland, Gresham, Fairview and Troutdale.

Explanation of Revenues

Revenues come from dedicated Transportation Funds for construction, repair, maintenance and operation of county roads, bridges and bicycle/pedestrian facilities. Capital projects in this program receive allocations from State Motor Vehicle revenues (such as state gas tax, vehicle registration fees, and weight/mile tax), county gasoline tax, county vehicle registration fees, permits, development charges, state and federal grants, and intergovernmental agreements.

Significant Program Changes

Last Year this program was: FY 2019: 91018A-19 Transportation Capital

Passage of House Bill 4064 allows the county the use of county vehicle registration fees to be used on all county bridges. The new funding allows Transportation to start the environmental review phase on the Earthquake Ready Burnside Bridge project. This phase is expected to last approximately three (3) years.

Legal / Contractual Obligation

Title II of the ADA prohibits state and local governments from discriminating against people with disabilities or from excluding participation in or denying benefits of public programs, services, or activities to people with disabilities. This section covers curb ramps, sidewalks, and other roadway access issues, and requires a Transition Plan to ensure compliance. Pursuant to both Section 504 of the Rehabilitation Act (1973) and Title II of the ADA (1990), Multnomah County is required to complete a self-evaluation of all transportation capital facilities and identify barriers that may prevent people with disabilities from accessing public areas.

Executive Summary

Land Use Planning guides thoughtful development while preserving and protecting open spaces, natural resources, scenic views, wildlife, forests and farmlands through implementation of the county's zoning code and comprehensive plan. The program provides current and long-range planning as well as code compliance for the rural areas of Multnomah County. The planning program plays an important and active role at the state and regional level to ensure adopted codes, plans and policies comply with state requirements while ensuring preservation and protection of the county's rural character.

Program Summary

Unincorporated Multnomah County is a unique and highly sought after location to live, work and recreate because it offers open spaces, natural and scenic resources, forests and farmland in close proximity to the state's largest city. Land Use Planning develops and implements codes and policies to preserve the rural character by preventing urban sprawl.

The focus of the Long-Range Planning program is to create, revise and adopt plans, policies, and zoning codes in a uniform, fair and equitable manner to ensure that development is consistent with the rural character of the county. At the end of 2016, the county adopted the revised Comprehensive Plan and staff are currently consolidating the Zoning Code. Long-Range Planning staff will continue to focus on drafting code to implement the community's vision articulated within the revised plan. Planning staff also play a key role in coordinating with regional partners, such as Metro and the Columbia River Gorge Commission, to ensure the county's vision and values continue to be achieved. Further, planning staff help the county achieve goals for rural areas by addressing policies and plans within the Urban Growth Boundary.

The Current Planning program provides assistance to property owners, neighbors, developers, realtors and other agencies with the land use process to objectively, consistently and fairly apply the county's development standards and procedures. Staff explain land use rules, review land use and building applications for compliance with applicable laws and problem solves complex land use issues with applicants and community members.

The Code Compliance program responds to possible land use complaints on a voluntary compliance basis. The focus of this program is education and compliance to successfully resolve existing and potential issues. This is accomplished by encouraging property owners to voluntarily resolve land use conflicts without the use of penalties or fines whenever possible. Planning also manages a Solid Waste and Recycling Management program, which provides outreach materials and licenses service providers in the unincorporated areas of the county for solid waste and recyclable materials.

Performance Measures

Measure Type	Primary Measure	FY18 Actual	FY19 Purchased	FY19 Estimate	FY20 Offer
Output	Number of land use/compliance inquiries	8,639	8,000	8,100	8,000
Outcome	Legislative actions completed	5	6	7	5
Output	Number of compliance cases closed	49	55	45	20
Efficiency	% of land use decisions made in 120 days	88%	75%	81%	80%

Performance Measures Descriptions

The first measure includes calls received and responded to, walk-in customers assisted and enforcement complaints logged. The second measure describes the number of legislative applications processed each year via ordinance. The third measure describes the total number of cases closed by the Compliance section. The fourth measure is an efficiency measure that describes the total number of final decisions issued within 120 days of when the application was completed.

Legal / Contractual Obligation

Multnomah County must adopt a Comprehensive Plan that meets Statewide Planning Goals, including enacting and implementing regulations as provided under ORS 92, 195, 196, 197, 215 and 390. The County regulates land uses in the National Scenic Area in accordance with federal law. These land use laws mandate the County review all development within its jurisdiction, prescribe extensive procedures the County must follow to ensure due process and set out a timeframe within which land use reviews must be completed. The County must update its codes to comply with new laws adopted each legislative session or when the Gorge Commission revises its rules. The County must appoint a Planning Director and employ staff necessary to carry out these responsibilities.

Taxes	\$0	\$0	\$0	\$0
Total Revenue	\$223,100	\$35,000	\$209,778	\$35,000

Explanation of Revenues

Fees are set and collected for land use permits. We estimate \$197,400 in revenues from land use permits and waste franchise fees in FY 2019. Metro provides additional support of \$12,378 to assist with the administration of the rural waste hauler program. LUP receives \$35,000 from the Oregon Department of Land Conservation and Development in the form of a grant to assist with the management of the Columbia River Gorge National Scenic Area.

Significant Program Changes

Last Year this program was: FY 2019: 91021-19 Land Use Planning

The program continues to implement the revised comprehensive plan through the development and implementation of land use code in close coordination with the community. During FY18, the county opened 54 compliance cases and closed 49 cases. During FY17, the county opened 41 compliance cases and closed 59 cases. With 2.00 FTE, the county is currently able to address the cases that come in. This program offer reduces the compliance section from 2.00 to 1.00 FTE to meet the general fund constraint target. If the position is not restored, the number of compliance cases that are opened will likely remain constant but our ability to respond will be greatly reduced.

Program Characteristics:
Executive Summary

In 1984, Multnomah County entered into intergovernmental revenue sharing agreements with the cities of Portland, Gresham, Troutdale and Fairview, whereby dedicated county road funds receipts are transferred as county roads are annexed. The supplemental payments executed by this program offer fulfill the funding requirements of these agreements as it pertains to county road funds.

Program Summary

These agreements require the county to transfer prescribed revenue amounts it receives from the county gas tax and state highway funding. County road funds are transferred to the cities, where they are commingled into the cities' transportation operating budgets. The cities are not required to report how county funds are used. The cities' allowed uses of these funds are defined under ORS 366, which requires funds only be used for the construction, reconstruction, improvement, repair, maintenance, operation and use of public highways, roads, streets and the administration thereof.

For Troutdale and Fairview, the supplemental payment formula is adjusted annually based on the Consumer Price Index – Urban Index for the Portland metropolitan area. For Portland and Gresham, the supplemental payment formula is adjusted based on actual receipts collected by the county.

Planned FY20 Payments:

- City of Fairview \$14,430
- City of Troutdale \$17,800
- City of Gresham \$4,691,647
- City of Portland \$38,305,000

Between 1984 and 2019 the county has transferred 607 miles of roads to the cities.

This program offer does not deliver any county services and is submitted for the provision of a supplemental payment to the cities. The agreements remain subject to future appropriations by any future Board of County Commissioners or City Councils. The formulas in these agreements were intended to remain permanent unless amended by mutual agreement.
