Program Description

The Sheriff and her Executive Team are dedicated to the philosophy of continuous improvement, accountability, transparency and service to the public. This is put in practice by collaboration with public and private partners, open communication, a diverse and respectful workplace, implementing operational best practices, and achieving business efficiencies through innovation. The Sheriff promotes organizational transparency by including community and governmental partners in program and policy development, specifically ensuring a public review process for policy development. The office is guided by shared principles identified in the vision, mission, and values.

The Sheriff's Office is committed to the work of equity and inclusion, for our agency and for the communities we serve. We value public trust and work to maintain and improve our relationships. One way we do this is by committing to shared learning opportunities around using an equity and empowerment lens at the executive level and more specifically through creating an EE Lens process connected to MCSO policy. We make conscious efforts to identify, analyze and address procedural norms, processes, and/or policies in place that creates barriers and power imbalances which prevents equal access to opportunities.

The Sheriff's Office provides professional public safety services using data-driven decision making across the four MCSO Divisions; Law Enforcement, Corrections Facilities, Agency Services, and Business Services. The Sheriff oversees the disbursement of all funds granted to MCSO.

The Sheriff has strong partnerships with regional public officials which translate into mutual understanding, shared respect, and collective strategies for the public safety priorities that span jurisdictional lines.

Program Description

MCSO is an agency whose sworn members are authorized by law to arrest and confine citizens against their will. Sworn MCSO members are authorized to use physical force against members of the public or against adults in custody when objectively reasonable under law. With that enormous responsibility and potential liability, the public demands and deserves assurances that the Agency is conducting its mandated duties impartially, ethically, and efficiently. The Professional Standards Unit operates independently of the chain-of-command and reports directly to the elected Sheriff, ensuring public accountability. The Professional Standards Unit is comprised of the Internal Affairs Unit (IAU), including two full-time investigators and one office assistant senior; the Use of Force Inspector; the Inspections Unit, including one Inspections Sergeant and one Life Safety Officer. Professional Standards Unit members provide oversight, promote accountability, and manage risk through inspections, audits, and investigations.

The work of the Professional Standards Unit ensures internal and public accountability for individual misconduct and also provides critical feedback to the Executive Team in order to promote the adoption of best practices and minimize the impacts of systemic inequity. The Internal Affairs Unit serves as MCSO's primary system of employee accountability. The IAU independently investigates complaints and allegations of employee misconduct and recommends corrective action to address instances of sustained misconduct. The Use of Force Inspector conducts comprehensive reviews of all control events and corresponding use of force reports, provides annual training to sworn staff, recommends updates to existing policies and procedures based on emerging standards and best practices in the area of confrontation management, and prepares reports for review by the elected Sheriff and the public. Through independent inspections, audits, and the provision of training, the Inspections Unit ensures compliance with operational, facility, and health safety standards. The team coordinates with the County Attorney to respond to legal actions and provides feedback and suggestions to the Professional Standards Unit manager and the Executive Team.

The Professional Standards Program:

- Reviews complaints lodged against MCSO members, investigates alleged misconduct, and recommends corrective action in instances of sustained misconduct.
- Reviews control events and corresponding use of force reports to ensure compliance with use of force policy, and makes recommendations for changes to policy and training based on emerging standards and best practices in confrontation management.
- Conducts audits and inspections to ensure compliance with operational, facility, and health safety standards.

Performance Measures

Measure Type	Performance Measure	FY24 Actual	FY25 Budgeted	FY25 Estimate	FY26 Target
Output	Number of control events reviewed by Use of Force Inspector	394	600	225	300
Output	Number of complaints against MCSO staff that resulted in a full administrative investigation	42	25	55	55

Performance Measures Descriptions

Control events include situations in which physical force is used during an encounter with a community member or adult in custody. Staff are required to write reports to describe action taken during control events, and such reports are reviewed by the Use of Force Inspector. The Internal Affairs Unit maintains a record of all complaints lodged against MCSO members, including those that require a full investigation by IAU investigators.

Program #60200 - Business Services Admin **FY 2026 Department Requested**

Department: Sheriff **Program Contact:** Jon Harms Mahlandt
Program Offer Type: Administration **Program Offer Stage:** Department Requested
Related Programs:
Program Characteristics:

Program Description

MCSO’s Business Services Division (BSD) oversees five professional units whose work is to support the Law Enforcement Division, Corrections Facilities/Services Divisions, and our Executive Office. BSD strives to make strategic decisions to help position the Sheriff’s office for success in the community. We work to help anchor Equity and Inclusion into our culture, ensure fiscal responsibility and transparency in the work we do with both internal staff and the diverse communities in which we serve, and continually look for efficiencies across the agency.

BSD includes a diverse mix of work units whose overarching mission is to inform, evaluate, and support the Sheriff’s office as we strive to continuously improve our service to the community. BSD oversees the following Units: Fiscal - responsible for professional stewardship of all funds allocated to MCSO; Planning and Research - collects, analyzes, and reports key data to enable data-driven, strategic decision making; Criminal Justice Information Systems (CJIS) - provides technology support for 3,000+ users across a wide range of platforms; Training - develops and delivers critical curricula to ensure compliance and certification requirements are met for sworn staff with a growing focus on providing de-escalation skills, professional development, and Equity training for all staff; Human Resources – supports all MCSO employees from recruitment to hiring and throughout their careers.

BSD’s portfolio of work brings diverse challenges. The Sheriff’s Corrections Division is critically understaffed, and consistent reductions in State and County funding have challenged MCSO to do more with less. These constraints are particularly impactful to support functions which lack the mandate of direct service functions. Even still, BSD continues to strive to onboard top talent to provide the very best support to MCSO Corrections and Law Enforcement personnel.

- The Business Services Division Administration Program:
- Provides leadership and direction to all programs and units in the MCSO Business Services Division
 - Ensures the personnel and training needs of the Division are met

Related Programs:
Program Characteristics:

Program Description

The MCSO Fiscal Unit provides comprehensive financial services to the Multnomah County Sheriff's Office in support of the agency's public safety operations and also has responsibility for the Sheriff's Office procurement and contract functions. The Sheriff's Office has over a \$200 million dollar annual budget which is funded from a variety of sources including County general fund; State and Federal grants; intergovernmental agreements; service fees; and through policing service agreements with local jurisdictions.

The Fiscal Unit gathers financial data, enters and processes transactions through the County financial system, conducts analysis, and reports financial information to the management team so that strategic operational decisions can be made. The Fiscal Unit makes certain that funds are available for running the agency's operating programs and documents their use by providing key financial services including: budget development, modification and monitoring; fiscal projections; accounts receivable and payable; contract development and monitoring; procurement; grant accounting; travel and training processing; as well as monitoring County internal service reimbursements.

The Fiscal Unit provides crucial monthly financial reports to management and information for the County's annual audit. Oregon budget law, County financial policies, County administrative procedures and internal controls are implemented and administered by the Fiscal Unit. The Fiscal Unit works with the Planning & Research Unit and the Executive Office in providing information to the public.

The Fiscal Unit develops the Sheriff's Office's adopted budget annually. An agency's budget is a reflection of their values. With a lens toward equity, budget decisions include an assessment of equity impacts for potential burdens and benefits for the community, especially communities of color and low-income communities.

- The Fiscal Unit:
- Enters, processes, and analyzes agency financial transactions
 - Produces regular budget reports for stakeholders internal and external to MCSO
 - Facilitates all aspects of the procurement process for agency purchases

Program #60217 - Time & Attendance Unit FY 2026 Department Requested

Department: Sheriff **Program Contact:** Jon Harms Mahlandt
Program Offer Type: Administration **Program Offer Stage:** Department Requested
Related Programs:
Program Characteristics:

Program Description

The Time and Attendance Unit provides auditing, error correction, entry research, payslip analysis, and support to management and employees. This ensures that all agency staff are correctly paid as well as confirming policies, contract language, and work rules are being consistently followed. The Time and Attendance Unit works with employees and management to resolve time entry and payment discrepancies. This auditing function is critical to the Sheriff's Office as over 80% of the entire MCSO Budget is paid out through salaries and benefits.

The Time & Attendance Unit is responsible for auditing the time and leave entry information for the Sheriff's Office employees. The Unit's tasks are essential and critical; accuracy of time entry, applying Union contract, Agency, and County rules with State and Federal laws, to ensure the time entry accuracy of employees working a wide variety of schedules, shifts, work classifications and changing assignments within a 24/7, 365-day environment. The Time and Attendance Unit performs time entry audits during the pay period and after the payroll cycle is processed to ensure all employees are accurately compensated for their work effort. This auditing function reports potential discrepancies and mistakes before they result in overpayments or underpayments to employees. When these errors occur, it causes more work for staff to have to analyze the error, adjust the time after the fact, and either begin the process of taking the money back from the employee in the form of dock pays in future paychecks or issue extra, paper checks to make the employee whole.

With the change to employee-based time entry and manager approvals under Workday, it has been realized the increased need for the Time and Attendance Unit to continue in depth auditing and payslip review. While the unit doesn't have the resources to complete 100% auditing with only three timekeepers working full time on this work, the auditing function saves a tremendous amount of time and money for the County. The Time and Attendance Unit has continued their support role for staff and management requesting training and support with the Workday system. The Time and Attendance Unit also provides analysis for staff to better understand their time and pay and walks them through changes that need to be made.

This unit exclusively serves MCSO staff in providing their time entry and auditing function but works collaboratively with Central Payroll on resolving issues and errors. Efforts are constantly being made to ensure the work the timekeepers do for staff is transparent and consistent to ensure fair, equitable attention to each and every member in the agency.

- The Time and Attendance Unit:
- Audits, researches, and analyzes agency pay to ensure all employees receive correct compensation
 - Issues manual corrections to payslips to correct any pay errors

Output	Number of manual checks issued	54	100	75	100

Performance Measures Descriptions

The "Total hours audited per year" is the total hours entered by all MCSO staff during the Fiscal Year. The unit has not increased the number of overall FTE so this number should be consistent with previous FY years. The "Number of manual checks issued" represent underpayments found and paid to employees off payroll cycles. The manual check counts include paper checks and electronic checks that were direct deposited.

Program Description

The Planning and Research Unit (P&R) provides advanced business intelligence development and reporting, data analytics, research, smaller-scale application development, and data engineering that allows for data-informed decision making. P&R ensures that Sheriff's Office leadership, management, and line staff have access to timely, relevant, and accurate data to make informed decisions, while equipping units with the ability to collect and leverage data specific to their individual operations. By fostering a culture of data-informed decision-making and operations, P&R helps support the Sheriff's Office in its efforts to improve operational efficiencies and position itself to better adapt to the evolving public safety needs of the community.

The Planning and Research Unit enhances Sheriff's Office operations by integrating business intelligence and data engineering practices that consolidate diverse and disparate data sources into cohesive, actionable insights. By implementing innovative tools and technologies, the unit streamlines workflows, improves data accessibility, and promotes digital literacy across the organization. Complementary to this are P&R's research and analytics efforts. As part of these research initiatives, the unit conducts staffing studies, workload analyses, program evaluations, and resource allocation assessments. These efforts help Sheriff's Office leadership and unit managers make data-informed decisions on the most efficient use of available resources and personnel.

Collaboration with system partners is central to P&R's work. The unit works closely with others across the public safety system, leveraging collective data and expertise to inform decision-making to improve system-wide outcomes. These partnerships allow for the identification and resolution of operational challenges, including addressing disparities and inefficiencies throughout the public safety system. Diversity, equity, and inclusion (DEI) are integral to P&R's work. The unit holds regular DEI meetings in an ongoing effort to identify inequities, inform equitable decision-making, and help the Sheriff's Office better serve all members of the community.

The Planning and Research Unit:

- Develops applications that support agencywide data collection and analytics
- Produces business intelligence products to inform agency leadership and drive decision-making
- Researches and evaluates agency programs to guide operations and inform resource allocation

Program Characteristics:

Program Description

The MCSO Training Unit provides training for Law Enforcement, Corrections and Civilian staff including statutory/policy requirements to meet community needs and agency expectations. A strong training program is the foundation of a progressive, vibrant organization, and it's important MCSO is evolving skills to reflect growing public safety needs. The Unit delivers curricula to support developing new and diversified skills, public safety, community confidence in our agency, employee responsibilities, and training mandates. We prepare lesson plans; obtain training venues; schedule classes; collaborate on training offerings with managers, particularly our E & I Manager, and outside partners; identify instructors; deliver training courses; record and track classes; and assess training effectiveness for continuous improvement.

The Training Unit is responsible for providing and documenting training to sworn Law Enforcement and Corrections Deputies to ensure they are well equipped to address the needs of the community and meet certification standards set by the State of Oregon. The Oregon Dept. of Public Safety Standards and Training (DPSST) and the Oregon Jail Standards set the training requirements and recommendations for the respective public safety personnel to ensure continued training of all deputies across the state. We are also increasingly focused on non-sworn staff training for professional development and more consistent DEI training support for all staff. Classes are created, prepared, scheduled, and delivered via in-person lecture/discussion, hands on scenario skills training, and the MCSO Online Training System. In-depth orientation training is provided to all new employees.

The Training Unit prepares a yearly plan that is approved by agency leadership, which serves to drive training and inform the agency of upcoming training curriculum content. The 2026 fiscal year training plan includes many diverse training topics, including Prison Rape Elimination Act (PREA), Case Law and Policy Updates, Mental Health and Communications, Diversity, Equity and Inclusion, De-escalation Skills (on which we're also working to collaborate with County departments), Employee Health and Wellness, Trauma Informed Care, Duty to Intervene, and Confrontation Management. Additionally, per DPSST standards, all sworn supervisors complete 24 hours of leadership training over the course of the 3-year cycle. We are currently piloting a dedicated mentorship program to support new sworn recruits for stronger retention outcomes and to better align with our agency values of safety, trust, and belonging.

- The Training Unit:
- Onboards all agency staff through a weeks-long new hire training regimen
 - Develops and implements an annual training plan that meets the diverse certification requirements and training needs of all agency staff
 - Responds to audits and evaluations to modify and enhance trainings to meet evolving agency needs

Program Description

The Corrections Facilities Division administration provides leadership to Corrections Facilities operations in MCSO detention facilities. It is responsible for developing and guiding implementation of Sheriff's policies and directives in MCSO Corrections Facilities by operational managers and staff supervising Adults in Custody daily. The Corrections Facilities administration also oversees and determines allocations of resources and personnel throughout the jail system to maintain safe and secure operations for staff and Adults in Custody in addition to ensuring Adults in Custody have access to services while in our care and custody.

As policies and directives are developed or modified, the Corrections Division Administration works to integrate these into corrections facility operations, providing guidance and direction to operational managers. Corrections Facilities Administration meets with labor leadership to address questions and operational challenges as policies and procedures are implemented into operations. Information collected from Adults in Custody is considered as part of the enactment process to address concerns and ensure there are no disparities in application and address gaps if identified. The Corrections Facilities Division offers support to the citizens of Multnomah County by providing safe and considerate processing of arrestees and constitutionally sound supervision of adults in custody and sentenced offenders. The Corrections Facilities Division is comprised of individuals from various ethnicities, age and cultural backgrounds, leading to a racially diverse team with various skills and problem-solving abilities to serve our Adults in Custody. The Corrections Facilities Admin develops and implements policies to ensure adults in custody have fair and equitable access to treatment and opportunity to address their needs while in custody in a safe environment and encouraging engagement in their care. The Division works collaboratively with the Department of Community Justice and other criminal justice partners to ensure the corrections continuum of services are administered with focus on improving inequities in the corrections system to improve outcomes for populations disproportionately affected by interaction with the criminal justice system. The Corrections Facilities Administration will continue to work closely with Multnomah County Corrections Health and Public Health as our operations evolve in response to the COVID19 pandemic and other infectious disease concerns arise which impact facility capacity and processes. The County and Sheriff's Office recognizes the importance of access to communicate with loved ones while an adult is in custody with the Sheriff's Office. This offer includes funding to provide all adults in custody with two phone calls per week at no cost to them. By providing free access to phone calls for adults in our custody, MCSO ensures those experiencing economic hardship are not adversely impacted by the cost of phone services.

The Corrections Facilities Administration Program:

- Provides leadership and direction to all programs and units in the MCSO Corrections Facilities Division
- Ensures the personnel and training needs of the Division are met

Program Description

Booking is the process by which persons subject to arrest enter the criminal justice system. The MCSO Booking Facility serves all Law Enforcement agencies in the county; safely and efficiently admitting and releasing arrestees, and readying them for transfer to both MCSO facilities and outside agencies. The Booking Facility has 18 beds that are included in the jail system bed count. This offer includes the deputies and sergeants working in booking and release 24 hours a day, 7 days a week. These deputies and supervisors provide safety and security for booking operations and processing of arrestees.

Every person arrested in the County is processed through the MCSO Booking Facility. Highly trained deputies process arrestees as they are brought into the facility by arresting law enforcement agencies or transferred in from other jurisdictions. Deputies are trained in de-escalation and search techniques and work together to provide a safe and secure environment for arrestees coming into the facility. Arrestees come from all areas of the community and often are struggling with addiction or mental health issues. Deputies work with each arrestee upon entry to identify issues and provide arrangements to accommodate arrestee's individual needs throughout the booking process.

Booking works collaboratively with Corrections Health who provide medical screening and care to those arrested. A registered nurse from Corrections Health sees each person to identify and isolate individuals who appear potentially contagious, seriously ill, injured or dangerous, thus protecting the health and safety of the person, the staff, and the community. Also, as part of the booking process, the Recog Unit interviews all defendants with a pending local charge.

Release is the office through which every arrestee and Adult in Custody who is released from custody must pass to return to the community. The Release deputy works closely with transition services, medical/mental health and Corrections Records to ensure necessary information and documents are provided to individuals being released. Release also ensures individual property is returned upon release.

The Sheriff is under statutory obligation to maintain the jail system. Booking and Release act as the "Enter" and "Exit" doors to this system, providing a process allowing arrestees to be positively identified, medically screened and treated, assigned court dates relative to their local charges and released or transferred to MCSO jail facilities or scheduled for transport to outside agencies. Multnomah County Corrections Health is the health care provider inside the jail.

The Booking and Release Program:

- Processes all standard and in-transit bookings at the Multnomah County Detention Center
- Processes all releases at the Multnomah County Detention Center

Performance Measures

Measure Type	Performance Measure	FY24 Actual	FY25 Budgeted	FY25 Estimate	FY26 Target

Output	Number of releases processed at MCDC	18,084	19,000	19,619	19,750

Performance Measures Descriptions

The number of bookings processed and the number of releases processed at MCDC are distinct measures. Booking is a program that processes arrestees into the corrections system. The booking process includes search, identification, corrections health and state recog as well as property storage. Booking is a process and not a program per se. Release is a function that supports booking as well as the entire system. Programs may be associated with release as to placement and transition back into the community.

Legal / Contractual Obligation

Federal law, state statute and county charter mandate the Sheriff maintain the local detention facility(s) within the Sheriff's jurisdiction. Under those same laws, local detention facility managers are mandated to operate safe and humane facilities. The right to health care in jail is legally mandated under Federal and state law. When an individual is arrested and incarcerated, the obligation for health care falls upon the government as a matter of constitutional law, enforceable under the U.S. Constitution's 8th Amendment and the 14th Amendment's due process clause.

Program Description

This offer establishes the necessary infrastructure for the Multnomah County Detention Center (MCDC) including administration and support for the facility and supports the operation of 46 beds on the 4th floor essential to the function of the facility including the medical infirmary, administrative segregation, and mental health units. These units provide unique services to adults in custody who need enhanced supervision, medical and/or mental health needs. Deputies and sergeants included in this offer provide essential services to support Corrections Health access to individuals and provide safety and security for those assigned in these units.

The 448 maximum-security detention beds at MCDC are offered to support public safety and Adults in Custody treatment systems by providing safe and humane pretrial or sentenced Adults in Custody living environment. The facility includes services such as family and professional visiting, medical, video conferencing, counseling, law library, and religious/educational services to all those detained.

This offer includes the Administration and Support for the facility, jail services such as medical and transport, and resources for the operation of 46 beds. Ten beds serve those with special medical needs, 16 beds are for administrative segregation, 10 beds are mental health services, 10 beds are for disciplinary use.

The Sheriff's Office has statutory authority to maintain capacity population levels. In the event of a population emergency, arrestees may be forced released into the community. This offering, in conjunction with the Multnomah County Inverness Jail (MCIJ) offering, will reduce the potential for emergency releases. Operational budget figures are derived from staffing and essential service functions mandated in safe and humane corrections standards.

The program's mission is to ensure Adults in Custody are treated with dignity and respect during a difficult time as they work through court processes or are serving a sentence. Staff work to provide opportunities for all Adults In Custody to have fair access to treatment and opportunity to address their needs while in custody in a safe environment and encouraging engagement in their care. Program Characteristics:
Program Description

This offer is for the operation of 96 individual cells at the Multnomah County Detention Center, located on the 8th floor of the facility, and supports the staff and resources necessary to provide supervision, safety, and security for those housed in these units on a 24/7 basis. Deputies provide support for the access to programs, medical, religious and professional services that the Adults In Custody require daily.

The 8th floor of the Multnomah County Detention Center (MCDC) is a housing area in this maximum security facility. The floor contains a control center and four housing modules as well as some program space. The 8A and 8D modules have 32 individual cells each while the 8B and 8C modules have 16 each. The total floor capacity for the 8th floor is 96 cells.

Working with partners in Programs, Corrections Health and Mental Health, deputies facilitate access to services provided for the Adults In Custody population. Examples of services provided may include parenting classes, AA and NA and various educational programs to include GED attainment. A portion of this offer allows for Adults In Custody recreation, supervision and facility escorts.

The program's mission is to ensure Adults In Custody are treated with dignity and respect during a difficult time as they work through court processes or are serving a sentence. Staff work to provide opportunities for all Adults In Custody to have fair access to treatment and opportunity to address their needs while in custody in a safe environment and encouraging engagement in their care. Suicide prevention procedures are reviewed and updated. The Prison Rape Elimination Act is strictly enforced, claims are investigated, and prosecution is sought when violations are reported.

Most of these housing units are integrated as part of our classification housing for incoming arrestees who remain in our custody for observation purposes prior to movement to longer term housing options.

The MCDC 8th Floor Program:

- Provides safe and secure housing for Adults In Custody
- Facilities access to medical and mental health services for Adults In Custody
- Provides safe and secure transport in and out of custodial housing units

Program Description

MCSO supports Corrections Health by increasing its Clinic Escort Deputy Staff by one at each facility creating a swing shift clinic at Multnomah County Inverness Jail (MCIJ) and the Multnomah County Detention Center (MCDC). This has significantly increased Adult In Custody access to mental health clinicians, physicians, nurse practitioners, and physician assistants. Moreover, the length of appointments and quality of care to Adults In Custody is enhanced with the extended hours of clinician availability.

Previously, clinics only operated during day shift, Monday through Friday. This schedule could not accommodate Adults In Custody seeking medical or mental health appointments. Other aspects of jail operations which require the presence of an Escort Deputy such as court appearance movements, off-site for work crew projects, kitchen work crews, attorney visits, social services visits and other necessary tasks often limits staffing. These multiple demands on Escorts at times limited the ability to move Adults In Custody for regular medical/mental health appointments due to the lack of Escort Deputy availability. The addition of swing shift hours has increased access for Adults In Custody.

MCSO Clinic Escort deputies work in collaboration with Corrections Health to provide increased access to medical/mental health appointments. The dedication of one additional Clinic Escort Deputy for expanded hours on swing shift at MCDC and MCIJ has allowed medical/mental health appointments to be made much more frequently significantly increasing access for Adults In Custody to these critical services. A further expected outcome of additional clinic access is a shortening of jail stays, lessening of use of force events, increased therapeutic assessments, fewer injuries to Adults In Custody and staff, potential release from custody, and an increased placement of Adults In Custody in the appropriate venues such as the Oregon State Hospital, Unity Center, Hospital, etc.

The staffing of the swing shift Clinic Escort Deputy position facilitates safe and secure supervision of Adults In Custody requiring clinic services and creates a safe and secure working environment for Corrections Health Staff.

The Clinic Escort Deputies Program:

- Provides expanded access to medical and mental health services for Adults In Custody

Program Description

This program offer is for the operation of three single cell housing units totaling 64 beds at the Multnomah County Inverness Jail (MCIJ). Also included in this offer is the operation of two separate control centers within the facility and additional support staff to provide for facility and Adult In Custody activities and needs. Deputies facilitate access to programs, medical, religious and professional services Adults In Custody require daily while providing safety and security supervision and direction in the dorm.

This offer provides for two single cell disciplinary/special management dorms and one medical infirmary dorm. Dorm 16 provides for 31 cells, Dorm 17 has 23 cells and Dorm 18 has 10 medical infirmary, negative pressure cells to provide for better control of airborne illnesses. Single cell housing offers a more controlled environment which provides for enhanced security. Adults In Custody housed in disciplinary housing units require a higher level of security due to violation of facility rules of conduct, such as fighting or assaulting another person, contraband introduction or disruptive behavior. Special management populations are determined by the Classification Unit to address specific security needs or risks an Adult In Custody may have which require higher security housing. Adults In Custody in special management units are regularly reviewed for movement to less restrictive housing. Also included in this offer is the centrally located primary control center (Central Control) for the majority of the facility, and a separate control center (Processing Control) to manage population movement within the facility in addition to movement to and from the facility for housing, court and other activities. Additional operations, administration, support activities and other jail services, such as Escort Deputies, medical clinic and Clinic Deputies, Hospital Deputies, Medical Transport, Facility Maintenance Deputies and Visitation Deputies are included in this offer. The Multnomah County Inverness Jail is a medium security, primarily direct supervision, dormitory style facility. In addition to the open dorm style housing units, there are a smaller number of single cell housing units. The design and population of Inverness Jail offer the greatest prospects for programs, education and volunteer work opportunities for those in custody. Adults In Custody are afforded opportunities to exercise their faith while housed at MCIJ, to include offering religious diets and available faith related items and materials. Language interpreter services and ADA accommodations are available and provided to meet individual needs of those entrusted to the care of MCSO. MCSO strives to ensure everyone in our care has access to medical, mental health and emotional support while in custody.

The MCIJ Dorms 16, 17, & 18 Program:

- Provides safe and secure housing for Adults In Custody
- Facilities access to medical and mental health services for Adults In Custody

Program Description

This program offer is for the operation of 138 beds at the Multnomah County Inverness Jail (MCIJ). Dorm 14 houses 65 persons in single cells and Dorm 15 houses 73 individuals in single cells. Single cell dorm housing is utilized for offenders requiring a higher level of control and supervision. These dorms offer a more controlled, single cell environment which provides for enhanced safety and security. Adults In Custody in these units are regularly reviewed by the MCSO Classification unit for eligibility to transition to open dorm housing, our least restrictive housing available, while in custody.

The Inverness Jail is a medium security, primarily direct supervision, dormitory style facility. In addition to the open dorm style housing units, there are several single cell housing units. The design and population of Inverness Jail offer the greatest opportunities for programs, education and volunteer work opportunities for those in custody. Adults In Custody are afforded opportunities to exercise their faith while housed at MCIJ, to include offering religious diets and available faith related items and materials. Language interpreter services and ADA accommodations are available and provided to meet individual needs. MCSO strives to ensure everyone in our care has access to medical, mental health and emotional support while in custody.

The program's mission is to ensure that Adults In Custody are treated with dignity and respect during a difficult time as they work through court processes, serve a sentence or a sanction. Staff work to provide opportunities for all Adults In Custody to have fair and equitable access to a variety of programs and services. Additionally, individuals are provided opportunities to actively engage in addressing their individual needs while in custody in a safe, encouraging and engaging environment. Funding for MCIJ and the Multnomah County Detention Center (MCDC) aid the Sheriff in managing the incarcerated population and reduces the potential for emergency releases.

- The MCIJ Dorms 14 & 15 Program:
- Provides safe and secure housing for Adults In Custody
 - Facilities access to medical and mental health services for Adults In Custody

The East Control center provides ongoing direct and video surveillance of the east end of MCIJ, the kitchen work areas and facility perimeter. In addition, the deputy monitors and serves as the primary radio communications control center for the facility and associated emergency alarm response. The control center deputy also coordinates attendance for Adults In Custody who sign up for law library access for case related research. Additionally, they maintain supervision of those individuals who attend law library. This provides Adults In Custody the ability to have access on a regular basis to the law library located on the east end of the facility.

Dorm 13 will provide additional housing space for those committed to the custody of the Sheriff's Office. The continued operation of Dorm 13 allows for housing of other populations at MCIJ, such as mental health and female persons in custody, that would otherwise be displaced from the facility. MCIJ dorms are used to appropriately house Adults In Custody to ensure safe, efficient and equitable operation of the jail system. Open dorm housing is structured to fit the needs of those in custody who do not require a more restrictive level of confinement. Adults In Custody have increased access to programs, services, and recreation in open dorm housing.

Program Description

The Work Crew Unit provides an opportunity for Adults In Custody to learn valuable job skills and earn time off their sentence. In 2021, in collaboration with the MCSO counseling staff, the work crew program introduced PEP (pathways to employment program). The PEP program provides training, resources, work experience, and a plan for employment after release from custody. While receiving training, mentoring, and work experience, Adults In Custody are able to earn time off sentences.

The MCSO Work Crew Unit provides Adults In Custody with real world work experience in a safe environment that focuses on building positive relationships and comprehensive training in a variety of job skills. Deputies work with Adults In Custody to develop two types of work place skills. The first are general work place skills to include; time management, teamwork, professionalism, effective communication, attention to detail, and working safely. The second are job specific skills directly related to a job or field of work.

Post COVID the Work Crew Unit will continue to prioritize the safety of all workers in the program by limiting and contact with the public outside of the facility. In addition, a reduction in the overall jail population has limited the number of workers available. Like so many organizations in our community, this has led to a pivot in the unit's work that has led to an exciting new opportunity.

The Pathways to Employment Program (PEP) is a collaboration between MCSO's Corrections Counselors, Work Crew deputies and SE Works which provides a mechanism to schedule training and life skills classes, track work experience and training received from the work crew program, and assist Adults In Custody with a plan for employment after release from custody. The goal of the work crew program is to use training, relationships with outside partners, and real work experience to successfully transition Adults In Custody to gainful employment after release from custody.

The MCIJ Work Crews Program:

- Provides adults in custody real world work experiences in a safe environment
- Facilitates the Pathways to Employment Program to provide training, document work experience, and develop post-custody employment plans

Program #60345 - Corrections Emergency Response Team and Crisis Negotiations Team (CERT & CNT) FY 2026 Department Requested

Program Characteristics:

Program Description

The MCSO Corrections Emergency Response Team (CERT) and Crisis Negotiations Team (CNT) respond to emergency situations that represent a potential hazard to a facility, loss of life, serious injury to staff, Adults In Custody or the public, or when significant property loss is imminent. Protecting and preserving human life is the top priority for the MCSO CERT/CNT.

CERT/CNT is currently one of the most diverse units within MCSO. Members are comprised of individuals from various ethnicities, age and cultural backgrounds. This staff diversity parallels the diversity of the population served in Multnomah County. Selection is a thorough, robust and improved process, leading to a racially diverse team with various skills and problem-solving abilities. CERT/CNT callouts are often situations involving Adults In Custody suffering mental health crisis. Utilization of CERT/CNT ensures a higher skillset and specialized training, mitigating potential injury to staff, Adults In Custody and agency liability. The mission of CERT/CNT is to manage dynamic, high risk, high liability situations in a safe, secure and efficient manner. Members receive specialized training to deal with a large variety of emergencies in the safest manner possible for both Adults In Custody and staff. When called upon, CERT/CNT will always strive to accomplish the stated objective through negotiations or tactical operations using only the amount of force necessary to accomplish the intended goal(s). CERT/CNT will always attempt to resolve all situations with no injuries to staff or Adults In Custody. The MCSO CERT/CNT consists of 1 CERT/CNT Commander, 2 CERT Team Leaders, 2 CERT Assistant Team Leaders, 10 CERT members, 2 CNT Team Leader and 4 CNT members. CERT is divided into 2 teams of 7 members each. CERT teams rotate one month on primary call-out duty and one month on secondary call-out duty. The CNT is also made up of two teams, which alternate on-call duty monthly. All members of CERT/CNT are full time MCSO employees and are continuously on call to respond to emergent situations at any time of the day or night. All CERT/CNT members only serve on an "On-Call" status; there are no full time CERT/CNT members. Program funding supports supplies, equipment and training exclusively. CERT/CNT is used primarily to respond to incidents in an MCSO Corrections Facility, but may be called upon to respond to other County Facilities, such as the Juvenile Detention Home, or to respond as mutual aid to another jurisdiction if requested. CERT/CNT has also been contracted to respond to emergencies at the Northwest Regional Re-entry Center (NWRRC).

- The Corrections Emergency Response and Crisis Negotiations Teams:
- Respond to emergency situations at County jail facilities
 - Manage high-risk, high-liability situations in a manner that maximizes safety for all involved parties

Program Description

Classification Unit is comprised of specially trained corrections deputies, whose primary function is to determine appropriate housing for Adults In Custody. Housing decisions are made during an in-person interview using an objective jail classification instrument at intake. Updated interviews and evaluations are done throughout the time an Adults In Custody. This process assists in ensuring the safety of all Adults In Custody while supporting efficient management of MCSO's corrections facilities.

The Classification Unit develops housing configurations used to create safe separations for Adults In Custody who have different risk and need levels. Important factors when determining appropriate housing for Adults In Custody include; current charge, previous behavior, as well as risk and programmatic needs. The unit's primary goal is to operate an objective classification system that provides for separations between violent and non-violent offenders and facilitates movement through administrative processes, from the most restrictive housing to the least restrictive housing. This is a critical element to ensure that the jail meets the reasonable standard of care required by the United States Constitution.

Best practice has shown that utilizing an objective classification process is key. This process creates a structure that allows individuals who require special housing or have special needs to be housed in an environment with those of like needs. Adults In Custody who create the potential for compromising safety and security are housed in more restrictive environments with enhanced security as appropriate. The objective classification process is also designed to identify programmatic needs and provide adequate services and programs to assist Adults In Custody in building positive life-skills with the ultimate goal of successful re-entry into the community.

Finally, the Classification Unit is also responsible to provide an in-house disciplinary process that is fair and balanced to maintain proper order in the corrections facilities, as well as to promote human values, individual dignity, and socially desirable changes in attitude and behavior.

- The Classification Program:
- Determines the appropriate housing classification for Adults In Custody in Multnomah County jails
 - Develops and implements housing configurations that maximize the safety of all in custody

Program Description

Adults In Custody with mental health or substance use disorders benefit from a focused program designed to screen, identify, and channel appropriate healthcare services while in MCSO custody. The team operates within the Multnomah County Detention Center in support of, and in collaboration with, dedicated County mental health and medical health professionals, ensuring that mental health services for Adults In Custody are maximized through the synergy of common approaches.

The Mental Health team consists of one sergeant and one deputy, who focus on the mental health and substance use concerns of those in MCSO custody. This team will screen, identify, assess, record, and direct mental and physical health needs through an established network and system of professionals best suited to provide this critical care. This focus on addressing the immediate needs of Adults In Custody who require specialized mental health attention ensures necessary care and attention is provided as soon as possible by those best positioned to conduct corresponding evaluations, direct further care, or prescribe medications in line with a mental health diagnosis. Health Department Staff are relied upon to provide the assessment, diagnosis, and prescription of medication and care and the MCSO Behavioral Health Team ensures the individual is properly screened upon entry into the facility and properly classified for receipt of mental health attention as part of this collaborative protocol.

In addition, this sergeant and deputy support the timely facilitation of the weekly Aid & Assist Docket, ensuring individuals who may require a higher level of mental health care are safely able to attend the court process. In the event an alternative to jail is ordered, this team coordinates communication for gathering health records and safe, timely transport from jail. The combining of mental health services, security, and social behavior programming promotes stabilization and engagement with health services and encourages individuals to advocate for themselves in a positive manner, as well as provides access to groups for building coping skills.

The ultimate goal is to ensure individuals with Severe and Persistent Mental Illness (SPMI) and/or Substance Use Disorder are properly managed and cared for. The Team will contribute to a safe and livable community by facilitating access to services in the facility and linking to the appropriate levels of care within the community: Inpatient Hospitalization, Forensic Diversion, MH Court, Outpatient Services.

The MCDC Behavioral Health Team:

- Facilitates mental health services for Adults In Custody in collaboration with Corrections Health
- Facilitate the Aid & Assist Docket so that persons with significant mental health need can participate in court process

Program Characteristics:
Program Description

MCSO Programs Unit staff provide services to pretrial and sentenced Adults In Custody with the goals of enhancing a safe and secure environment, preparing Adults In Custody for a transition to the community or prison, and ensuring compliance with statutory mandates. Such services include, but are not limited to: assessment, case management and care coordination, individual counseling, group programming, education, mental health support, transition and re-entry services, and connections to service providers in the community. The Programs Unit strives to provide programs and services to Adults In Custody that increase opportunities for successful reintegration into the community. Corrections Counselors provide services to stabilize, effectively manage, and positively impact pretrial and sentenced Adults In Custody. These services satisfy constitutional and statutory requirements, as well as assist with their progression through the jail (most secure to least secure housing) and successful re-entry into the community. Staff efforts assist in providing a safe housing environment for those confined and maximizing the efficient, effective, and fiscally responsible use of jail beds.

Corrections Counselors provide direct services to Adults In Custody. They assist individuals in adjusting to a custodial setting, addressing criminogenic needs, and accessing resources both within the jail and in the community. Counselors engage in individual and group counseling with Adults In Custody to reduce the level of anxiety typical to those confined and to provide them with skills to successfully manage their behavior, thereby diffusing escalating behavior, especially for those suffering from mental health related concerns. Corrections Counselors also provide resource information and referral service, which by the development of community partnerships, link sentenced offenders to various community services. Corrections Technicians (CTs) provide a variety of services to facilitate communication between individuals in custody and the community. CTs address requests for law library services by scheduling law library sessions, providing legal forms and providing correspondence materials for legal matters. They assist in scheduling confidential phone appointments for Adults In Custody and professional service providers, and preparing intake files for assessments. CTs also receive, sort, and scan incoming mail for prohibited materials before it is distributed to Adults In Custody. Chaplains address the spiritual and religious needs of Adults In Custody. Staff and volunteer chaplains offer weekly chapel services, one-on-one spiritual counseling, death notifications, and ongoing support to Adults In Custody. Chaplains also assist with requests for religious diets, provide religious materials, as requested, and regularly connect with spiritual leaders in the community to ensure that the diverse religious and spiritual needs of those in custody are met.

The Jail Programs Unit:

- Provide assessment, case management, and care coordination for Adults In Custody
- Facilitate and provide counseling, group programming, and transition/re-entry services
- Build and maintain connections to community service providers that support justice-involved persons

The Volunteer Services Program enables the Sheriff's Office to achieve its mission with the assistance of nearly 250 volunteers, interns, and community partners. Volunteers support and enhance operations in all agency Divisions by providing reach-in services from the community to the Adults In Custody (AIC). These services are key to ensuring a diversity in programming aimed at meeting the needs of those in our custody who are persons of color, have been historically underserved and are in an especially vulnerable position due to the challenges they face in receiving adequate representation while incarcerated, and in navigating benefits and services once they re-enter the community.

The Volunteer Services program provides for the recruitment, interviews, backgrounds, training, placement, data maintenance, and recognition to sustain a core base of nearly 250 volunteers, interns, and community partners supporting MCSO operations. This process is focused on ensuring those with lived experience are able to provide peer mentorship and support to those in our custody.

Volunteers and community partners assist the MCSO in achieving its organizational mission of treating everyone with dignity and respect to ensure they experience an environment of support that fosters feelings of safety, trust and belonging. By monitoring the agency's needs, Volunteer Services works to find professionals willing to share their time and expertise in many vital areas. Placement opportunities include involvement in jail programs such as education services, domestic violence prevention and safety planning, employment resources and transition services, alcohol/drug prevention and education, and 12-step meetings, which assist with transition services and the reduction of tensions within a facility/housing area. Program Description

Close Street Supervision (CSS) is a pretrial supervision program that provides services to individuals arrested for Measure 11 and domestic violence crimes, as well as a select group of defendants with significant behavioral health needs. CSS is focused on providing public safety through the effective management of those who would not be otherwise eligible for release. At the direction of the court, CSS provides intensive, individualized supervision and management of multiple need pretrial arrestees who would otherwise be ineligible for release from custody.

CSS deputies develop plans that help to ensure client accountability and safety in the community; including home visits, telephone check-ins, electronic monitoring, office visits, and court reminders. The CSS Deputies are also in direct contact with victims of crime to ensure their voice is a part of the supervision process. During the COVID-19 pandemic, CSS caseloads have increased in an effort to reduce reliance on jail beds. In close coordination with the Local Public Safety Coordinating Council and its partners, CSS is working to reform the pre-trial supervision process. This work includes resources aimed at preserving the rights of pretrial release for defendants and maintaining community safety. A focus on understanding how the pre-trial system impacts marginalized communities continues to be a priority in our pre-trial reform efforts.

The MCSO Transport Unit is responsible for moving Adults In Custody between a variety of state and county correctional facilities. The Transport Unit also facilitates several vital legs of the Northwest Shuttle System, furthering MCSO’s efforts to transport Adults In Custody in the most fiscally responsible means possible.

Members of the Transport Unit utilize a comprehensive understanding of the jail system to ensure timely, accurate transport of Adults In Custody to and from Multnomah County facilities, state facilities, the Oregon State Hospital, and a host of other county facilities throughout the state.

To ensure a means of safe and accessible transportation for all adults in our custody, MCSO utilizes a fleet of vehicles specifically designed for the unique needs of those we serve. These vehicles include accessibility features and varied capacities to allow for flexibility and separation when moving a diverse population from one facility to another. These vehicles also limit the number of transports that need to be made, allowing MCSO to continue in its efforts to make both equity and fiscal responsibility its top priorities.

As a primary hub for the Northwest Shuttle Service, the Transport Unit is tasked with picking up Adults In Custody who are required to appear at MCSO, as well as shuttling Adults In Custody between other jurisdictions in the northwest. Through this collaborative effort, MCSO is able to save tax dollars that would otherwise be spent on costly extraditions that require more staff hours and transport costs.

The Transport Unit is an invaluable asset to not only Multnomah County and its community, but to a variety of other agencies committed to the safe, efficient transport of Adults In Custody to ensure they are able to participate in the judicial process with limited delays, regardless of where they are located. During the COVID-19 pandemic, the MCSO Transport Unit updated its operations and cleaning protocol. Program Description

The MCSO Court Services Unit (CSU) is a customer service focused source of security safeguarding the courts, staff, jurors, public, and Adults In Custody, while ensuring the new Multnomah County Central Courthouse is safe and accessible for everyone involved in the judicial process. The CSU is a multidiscipline unit consisting of both Corrections Division and Law Enforcement Division staff.

The Multnomah County Central Courthouse (MCCCH) represents one of the highest volume court facilities in the State of Oregon with an average of 1,500 visitors and 500 staff members being screened each day, pre-COVID-19, to attend a variety of both routine and highly volatile court matters. A commitment to addressing all court matters with a customer service-oriented approach is a priority that continues to ensure the CSU meets the MCSO mission of exemplary service.

The CSU is responsible for providing a safe, accessible court process for everyone who visits the MCCCH. By utilizing staff from both the Law Enforcement Division and the Corrections Division, the CSU is able to provide a comprehensive response to the myriad of in custody and out of custody court matters that occur daily. One of the primary missions of the CSU is to facilitate the appearance of approximately 50-70 Adults In Custody who are scheduled on the court docket each day, pre-COVID-19.

In addition to the routine activities at the Courthouse, CSU staff are available to respond to both security and medical emergencies within the courthouse. They are also responsible for developing security plans for volatile or high-profile court matters, which may include victims, multiple co-defendants, media presence, or other outside influences that must be considered. The number of court matters occurring is expected to increase quickly as we move past COVID-19 and courts begin to work through backlogs of cases which have been delayed and/or rescheduled due to the pandemic and other staffing challenges the courts have been working through are resolved.

The Court Services Courthouse Program:

- Oversees and welcomes an average of 1,500 daily Courthouse visitors

Program Description

Members of the Facility Security Unit (FSU) serve as ambassadors of the Multnomah County Sheriff's Office (MCSO) and are often the first point of contact for visitors to county courthouses and MCSO Corrections facilities public lobbies. They assist in ensuring public safety by providing a uniformed presence deterring disruptions and preventing the introduction of weapons or contraband into these facilities through visitor screening. FSO's comprehensive understanding of the judicial process and familiarity with courthouse functions enable them to provide accurate information to assist in expediting access to the judicial system. FSO's assist the public and professional visitors at corrections facilities with Adults In Custody information, bail processing, visitation, Adults In Custody accounts and property transactions.

The FSU provides security and information for both the public and professionals conducting business at The Gateway Center facility. The FSU works closely with a variety of community partners at The Gateway Center to facilitate the needs of community members seeking domestic violence support and resources. The FSU also conducts records checks for Facilities and Property Management, Corrections Health, MCSO Programs, vendors, and others who require access to MCSO facilities. The FSU works closely with other agencies and MCSO units to facilitate business transactions for Adults In Custody.

Community members can often be discouraged when attempting to navigate through the complexities of the criminal justice system, and FSOs provide person-to-person information and assistance when needed. The FSOs ensure continuity of jail operations by providing a safe environment for the public to transact their business and by working collaboratively with jail staff to process transactions for Adults In Custody. The FSU provides both public and professional access to a variety of different processes that help those in custody maintain critical relationships with their family, legal representation, and other aspects of their daily lives while they are incarcerated. It is the priority of all FSO's to ensure each member of the community feels a sense of belonging when entering any of the facilities staffed by FSO's in Multnomah County.

The Facility Security Unit:

- Screens and welcomes visitors at the Multnomah County Detention Center, Multnomah County Inverness Jail, Multnomah County Central Courthouse, East County Courthouse and Gateway Center
- Conducts records checks on persons who require access to MCSO facilities

Program Description

The MCSO Records Unit plays an integral part in the success of the Corrections and Law Enforcement units. The Unit supports agency efforts through Enforcement and Corrections Records components. Each component ensures the activities of the agency are documented, recorded, and processed so that gleaned information is properly managed and retrievable, to be consistent with governing provisions.

Within the Enforcement Support Unit, the Law Enforcement Records Unit operates 24/7, 365 days a year and receives, processes, and maintains law enforcement, warrant, and protective order records for Multnomah County. This unit is often the first point of contact for the public, other agencies, and other law enforcement personnel. Accurate and timely processing of work requests is critical to the overall success of enforcement operations and has a direct effect on timely arrests, detention of Adults In Custody, public and police officer safety, and the level of service we provide to partners and the community.

The Corrections Support Unit (CSU) is mandatory for the successful and accurate management of arrestee, pretrial, and Adults In Custody population information. CSU processes Adults In Custody bookings, transports, releases, court orders, and monitors Federal prisoners. CSU is responsible for being responsive to the public’s phone calls regarding all aspects of Detention of Adults In Custody and for the processing of Forced Population Releases in accordance with the Capacity Management Plan as adopted by the Board of Commissioners. CSU is a 24 hour, 7 days a week, 365 days a year operation. The CSU creates and maintains computerized bookings and releases, captures all Adults In Custody booking photos, processes all Adults In Custody court orders, calculates release dates for sentences, makes inter and intra-state transport arrangements for Adults In Custody, and case manages all Federally held Adults In Custody following the inter-agency agreement with the Federal Government, Parole and Probation Adults In Custody and Fugitive Adults In Custody. CSU provides a 24 hour a day point of contact for the Multnomah County Department of Corrections, processes Forced Releases when a designated population emergency arises, answers the primary public telephone line for all Multnomah County Jails, scans and maintains all custody documents according to State archive rules and regulations and schedules and monitors all persons sentenced to serve weekend sentences.

The MCSO Records Unit:

Program Characteristics:

Program Description

The Warehouse offers a cost-effective means to supply and support the Corrections, Business Services, and Law Enforcement Divisions at MCSO, adults in MCSO custody and our community. In addition, the Warehouse, in cooperation with other county, state and federal entities, serves as the Receipt, Stage, and Storage (RSS) center in the event of countywide public health emergencies. Within the Auxiliary Services Unit, the MCSO Warehouse facilitates the ordering, storage and distribution of goods and services in support of agency-wide MCSO operations.

The receipt and distribution of property and supplies through the warehouse supports MCSO operations in eleven different facilities. Receiving, warehousing, and distributing items used by MCSO requires complex tracking and accountability systems to ensure accurate and timely logistics outcomes. This year, to more accurately reflect the dollar value of purchase orders processed, the measure instrument under output has been changed to reflect the actual total dollar amount spent instead of providing information on the number of orders processed.

Warehouse staff emphasize the safety and security of personnel and those in custody as their highest priority. Operational goals are prioritized, with emphasis on supporting the health, safety, and well-being of persons in custody in conjunction with supporting day to day MCSO operations. During the COVID-19 pandemic, having an in-house supply of personal protective equipment and cleaning supplies proved invaluable to the safety of our staff, the adults in our custody and the community.

Warehouse personnel train routinely as part of RSS operational readiness planning and response. This effort requires a keen focus on situational readiness and a tested collaborative approach to ensure success during times of crisis. This is a collaborative partnership with the Multnomah County Health Department, Emergency Management, and other state and federal entities.

- The Auxiliary Services Program:
- Orders, stores, and distributes materials that support MCSO operations
 - Tracks and audits procured goods to ensure proper stewardship of agency dollars

Program Description

The Multnomah County Sheriff's Office (MCSO) Civil Unit provides enforcement services for the civil and probate court systems. Notices and enforcement actions originate through the courts and are processed through the delivery and services conducted by the Civil Unit. Civil enforcement actions are statutorily mandated to the Sheriff. The Civil Unit delivers all court action documents through written notification to parties of a pending action. Through this program, court orders to seize and sell property, satisfy landlord/tenant actions, and enforce child custody disputes are conducted in an objective, fair, and equitable manner in compliance with Oregon statutes and rules on civil procedure.

When domestic violence threatens the family, deputies in the Civil Unit serve domestic violence restraining orders to protect family members from violence and aggressive behavior. The Civil Unit collaborates with the MCSO Gun Dispossession/Restraining Order Unit, focusing on retrieving firearms from respondents in the restraining orders. Through probate court, families, police officers and other interested parties seek involuntary commitment for alleged mentally ill persons suffering from episodes so debilitating that they are a danger to themselves or others. In these cases, Civil Unit deputies provide security during the Civil Commitment hearing.

While performing their statutorily mandated duties, Civil Unit deputies experience many challenging situations, including those that require a substantial amount of additional resources and a significant amount of time to complete the civil process, while also ensuring the safety of the community. All members are trained in utilizing de-escalation techniques and conflict resolution skills to assist in resolving these challenging situations in a peaceful manner. Additionally, every community member served an eviction is provided a resource list with phone numbers and addresses to assist in resolving their situation. A balanced public safety system provides community members the ability and right to address grievances in a safe, fair, and equitable manner while also ensuring that these mandated services are performed effectively to meet the needs of all.

Program Description

The Multnomah County Sheriff's Office (MCSO) River Patrol Unit collaborates with the Oregon State Marine Board, the Port of Portland, and the United States Coast Guard to provide safe commercial and recreational access and passage to the County's 110-miles of waterways along the Columbia River, Willamette River, Sandy River, and the Multnomah Channel. The River Patrol Unit provides law enforcement and search and rescue services to all river, lake, shoreline and island locations in Multnomah County. The MCSO River Patrol Unit (RPU) provides public safety services for the numerous county moorages, marinas and houseboat communities. The nation's fifth largest port requires protection and unobstructed ingress and egress of commercial ship movement into the region. River Patrol Deputies respond to all life-threatening marine calls for service, such as boat collisions, drownings, missing persons, suicidal individuals, and environmental hazards.

The River Patrol Unit is also challenged with addressing the ongoing surrounding abandoned and derelict vessels in and near the waterways of Multnomah County. Deputies collaborate with various marinas and associations that work, live, or recreate on the rivers, as well as MCSO's homeless outreach and community resource programs and other partner agency resources to address the concerning livability issues along the rivers. Deputies provide boater safety education and intervention through classroom, boat inspections, and enforcement activities. The education and intervention programs include youth water safety and working with Metro to facilitate a life-jacket station at the Columbia River boat ramp.

It is crucial for the local economy that cargo vessels carrying consumer products, transport these goods in a timely and efficient manner. Over 12 million tons of cargo moved through its facilities last year. A safe and thriving community for everyone contributes to a flourishing economy, and access to work, cultural, and recreational activity is an important element. River Patrol Deputies participate in regional multi-agency marine security drills to promote efficient coordination of first responder resources and provide critical infrastructure security protection along Multnomah County waterways. The River Patrol Unit is key to emergency preparedness on/near the regional waterways. They participate in numerous agency collaborations and are a significant function to a visible public safety system which strives to support all community members through exemplary public safety service.

- The River Patrol Program:
- Provides proactive patrol services for Multnomah County-area waterways
 - Promotes boating and water safety
 - Issues warnings and citations to ensure safe operation of port and waterways

Department: Sheriff **Program Contact:** Carey Kaer

Program Characteristics:

Program Description

The Detective Unit is responsible for responding to crime scenes, conducting preliminary and follow-up investigations, preparing the required investigative reports, apprehending the suspect, preparing the case for successful prosecution, and testifying in court. The detectives are also members of the East County Major Crimes Team, as well as other inter-agency teams which allows for collaboration of multiple resources and leverages personnel for more efficient and effective results. The goal of the East County Major Crimes Team (MCT) is to provide a successful outcome to all serious person crimes, and other high-profile investigations throughout all communities in Multnomah County.

The Detective Unit is versatile and is responsible for a wide range of investigative efforts. With changes to the statewide Department of Human Services (DHS) hotline reporting and case management, the Detective Unit receives and processes all DHS reports of alleged child abuse and neglect in order to ensure cases are cross-reported. Trained and experienced detectives will objectively and thoroughly investigate nearly 150 allegations of child abuse each month and determine if a violation of criminal law occurred, identify and apprehend the offender, and file appropriate criminal charges while ensuring the child's needs are met.

The Detective Unit also has a dedicated detective to conduct follow-up investigations and provides services for victims impacted by domestic violence through the Domestic Violence Enhanced Response Team. This team utilizes a model of intervention that provides a coordinated, multi-disciplinary response to high-priority/high-risk domestic violence cases. When gun violence impacts east county communities, detectives engage in collaborative community outreach efforts and provide investigative resources with the goal of bringing awareness and reducing incidents involving firearms. The Detective Unit also registers approximately 450 sex offenders annually and conducts sex offender compliance missions, as Oregon law requires sex offenders to report in person to a law enforcement agency in the county where they reside.

The Detectives Unit:

- Conducts preliminary and follow-up investigations of criminal activity
- Collaborates with other area agencies to address major crimes
- Investigates reports of highly sensitive crimes including those against children and victims of domestic violence

Data from Law Enforcement Associates Data Technologies caseload database and RMS. There has been a dramatic increase in the number of serious person crime cases investigated by Detectives while over past years cutting FTE's to the program. Total cases are expected to be fewer as property crimes are no longer able to be assigned in the Detectives Unit based on the increase of serious person crimes; especially child abuse crimes.

Program #60525 - Special Investigations Unit FY 2026 Department Requested

Department: Sheriff **Program Contact:** Carey Kaer
Program Offer Type: Operating **Program Offer Stage:** Department Requested

Program Characteristics:

Program Description

The Multnomah County Sheriff's Office (MCSO) Special Investigations Unit (SIU) provides for the investigations of crimes involving the sale, distribution and manufacturing of dangerous drugs. The MCSO SIU is tasked with enforcing state narcotics laws, prostitution activities and assisting with advanced surveillance of major criminal cases. The emphasis of drug investigations is placed on narcotic distributors who supply to street level dealers, referred to as mid to upper-level narcotic traffickers. This program is also a resource for investigating and apprehending suspects involved in human trafficking of children.

The purpose of the Special Investigations Unit is to investigate illegal drug activities in the Metro area and other criminal activity as directed by the Sheriff. This unit conducts criminal investigations of street level illicit drug activity, up to and including the prosecution of federal narcotics crimes. Investigations often lead to drug trafficking organizations that transport and eventually sell dangerous drugs for a profit. Investigations conducted by detectives assigned to this unit have resulted in indictments and prosecutions in numerous methamphetamine and fentanyl cases. With the changing needs and priorities of the communities, the unit has modified its mission over the past several years to accommodate the significant impacts of methamphetamine and other dangerous drugs infesting neighborhoods, schools, recreational areas and work places. This unit's investigations take them into areas considered hazardous to health and public safety. Statistics show that about 90% of all crime can be attributed to dangerous drugs in the community. By dismantling drug trafficking organizations from introducing illicit drugs into the marketplace, the vision for a safe and thriving community for everyone is achievable. This program is partially funded through grants, revenues received from forfeitures, and federal case funding.

This program has the responsibility to proactively identify, investigate, prepare the required investigative reports, apprehend the suspect(s), prepare the case for successful prosecution, and testify in court in all cases dealing with illegal drugs and vice activities; to include prostitution, illegal gambling, money-laundering and gun possession. SIU recovers weapons which included handguns, rifles, and machine guns during their criminal investigations. SIU is also responsible for investigating overdose incidents that occur in our facilities and patrol jurisdictions. Collaborating with social service providers and the courts, the primary goal is to encourage community members to engage in treatment. The investigations will focus on the dealers, complying with the Len Bias Anti-Drug Act, concentrating on the supplier for charges in connection to overdose deaths.

- This Special Investigations Unit:
- Investigates criminal activity involving the sale, distribution, or manufacturing of illegal drugs
 - Interdicts criminal operations of narcotics distributors and traffickers

The Transit Police Division (TPD) provides specialized police services through collaboration with TriMet to ensure all community members have safe and equal access to public transportation on bus, light rail, and commuter rail lines throughout the Tri-County area. Funded by TriMet, team members of the TPD utilize proactive, innovative, equitable, and inclusive policing practices to ensure there is a safe public transportation system for all community members and area visitors. The TPD also partners with TriMet to implement reimagine policing ideals and provides training and professional development for all TriMet and TPD staff. TriMet and Transit Police are committed to providing all community members and visitors of the Tri-County area with safe and equitable access to public transportation. TriMet ranks 11th, out of 50, for urbanized areas with the most transit travel, 16th, out of 50, for largest bus agencies and 4th largest in light rail and street car.

TriMet, Transit Police, security partners, community partners, and social service providers ensure there is a daily visible presence on the public transportation system. This collaboration allows team members to employ innovative strategies and outreach services to address community needs and to mitigate livability concerns that would otherwise adversely impact safe public transportation. In 2020, the TriMet General Manager created a TriMet Reimagine Committee to advise on creating a safer and more welcoming transit system for all. The Committee continues to provide recommendations to address community policing policy objectives, including staff training, increased personnel presence on the system, and the creation of crisis intervention teams. TPD will continue to partner with TriMet to assist with these recommendations.

TPD leadership team is continuing its collaboration with the Sheriff's Office Equity and Inclusion Manager. Front line supervisors with TriMet and TPD completed a 12-week pilot professional development training project. This training was aimed at enhancing active listening, advanced communications, trauma informed understanding, cultural competency and anti-racism. As we move forward we are continuing to provide this type of training to both TriMet and TPD with the skills and tools necessary to more effectively connect with all community members.

This Transit Police Program:

- Provides a proactive presence on Tri-County transit
- Responds to calls for service to ensure the safety and security of transit passengers

Program Description

The Reynolds District School Resource Deputies are the liaison between schools, law enforcement, and social services. SRDs work toward offering resources to reduce risk to children and their families and to enhance educational opportunities by addressing the various barriers children and families may encounter. SRDs also perform outreach to vulnerable and underrepresented students and their families, and are often the first necessary step toward intervention and referral. In addition to outreach, SRDs ensure frontline emergency response if a violent, active threat is present, provide criminal investigative services including assisting with threat assessments when necessary, and intervene in dire situations, including child abuse and exploitation. SRDs not only become a stabilizing influence for youth, but in many cases SRDs act as role models promoting positive relationships for those they encounter daily. Participating in daily and after school activities, SRDs have the opportunity to engage with students and families in a fun, less formal environment that strengthens relationships.

Also, the SRDs, as part of the Community Partnership Unit, participated in a 12-week pilot training project developed in collaboration with the Sheriff's Office Equity and Inclusion Manager. This training was aimed at bringing awareness and understanding on topics including active listening, advanced communications, trauma informed understanding, cultural competency and anti-racism. The training provided SRDs with the skills and tools necessary to more effectively connect with and represent all community members as the program strives to provide exemplary, innovative and inclusive policing services.

The School Resource Deputy Program:

- Builds relationships between schools, law enforcement, and social services and programs
- Provide outreach to students
- Responds to and investigates active threats in a school setting

This program offer is for CRDs serving unincorporated east Multnomah County, unincorporated west Multnomah County and the city of Troutdale.

Working with schools, businesses, neighborhood associations, and diverse community organizations, CRDs seek to understand specific community needs and utilize problem solving skills to assess, investigate, and intervene in criminal activities. CRDs make a positive impact on the communities they serve by building relationships and establishing and fostering community trust by reaching out to vulnerable and underrepresented populations and utilizing innovative and inclusive community policing strategies.

All current CRDs have completed a 12-week pilot training project developed in collaboration with the Sheriff’s Office Equity and Inclusion Manager. This training was aimed at bringing awareness and understanding on topics including active listening, advanced communications, trauma informed understanding, cultural competency and anti-racism. The training provided CRDs with the skills and tools necessary to more effectively connect with and represent all community members as the program strives to provide exemplary, innovative and inclusive policing services.

Department: Sheriff **Program Contact:** Carey Kaer
Program Offer Type: Operating **Program Offer Stage:** Department Requested

Program Characteristics:

Program Description

Multnomah County Sheriff’s Office (MCSO) Gun Dispossession program provides for countywide investigation of restraining order violations, specifically when the respondents do not comply by dispossessing themselves of their firearms. Since approximately 2015, MCSO has collaborated with the Portland Police Bureau, Multnomah County District Attorney’s Office, and the Multnomah County Circuit Court in enforcing the gun dispossession clause of restraining orders by working with both petitioners and respondents to gain compliance with the court orders.

In 2011, a model surrender protocol was developed in a statewide domestic violence firearms task force, and this process is currently being utilized in Multnomah County. In January 2020, this protocol was extended to the other protection orders through an Oregon House of Representatives Bill, which include Stalking Orders, Sex Abuse Protection Orders, Disabled and Elder Abuse Protection Orders, and Family Abuse Protection Orders. The purpose of this program is to provide one MCSO full-time employee to partner with the Portland Police Bureau’s Family Services Division for education and enforcement actions against respondents who do not comply with the firearms prohibition on their restraining order and to conduct follow-up investigations on restraining order violations. The unit will also investigate general restraining order violations and present cases to the District Attorney’s Office for prosecution.

This unit helps educate and/or force respondents to comply with the court order to surrender their firearms. It conducts investigations to locate the respondents and their firearms. This reduces the number of illicit firearms in the community, and assists in reducing domestic violence lethality by removing firearms from the respondent’s possession. Data shows that access to firearms can increase the risk of death to the petitioner by five times and up to twenty times if the respondent had made prior threats or assaults with firearms. Statistics demonstrate that an abuser’s access to firearms increases the risk of homicide of a female partner by 400%, and the mere presence of a gun increases fivefold the chance that domestic violence results in homicide.

- The Gun Dispossession VRO Detail:
- Seizes firearms held by subjects of restraining orders and protection orders
 - Investigates restraining order violations for follow-up

Program #60565 - Alarm Program FY 2026 Department Requested

Program Characteristics:

Program Description

The citizens of Oregon have designated certain activities be regulated in support of a safe and livable community. One of these activities is the MCSO's Alarm Program which administers and manages the reporting of legitimate and false alarms. False alarms are subject to penalties in an effort of reduce their number and unnecessary responses by law enforcement. The Program presently manages approximately 8,000 alarm customers.

Within the Law Enforcement Support Unit, the Alarms program issues burglary and robbery alarm permits for both residential and business customers located in unincorporated Multnomah County as well as in five cities located in East Multnomah County. Approximately 8,000 alarm customers are managed within the Alarms program. A False Alarm Reduction Program is operated for all residents and business, inclusive of all ethnicities, cultures and diverse backgrounds, which tracks burglary and robbery alarm events in the areas we serve.

Effective alarm use management increases the probability that the alarm calls law enforcement responds to will be valid alarm calls. Additionally, reducing false alarm calls conserves scarce public safety resources by reducing the time that law enforcement officers respond to false alarms. The program includes penalties for the reporting of false alarms, which motivates alarm customers to properly maintain their equipment and exercise sound alarm-use practices. False alarm response is an inefficient use of law enforcement time and resources and presents potential safety concerns for innocent citizens and law enforcement, as a result of an armed response. Additionally, we continue to increase our alarm education outreach to the general public to focus particularly on those who install their own alarms to ensure they know the laws, are compliant, and have information on maintaining alarms for optimum safety. Making this information accessible to everyone is a priority for the Sheriff's office. The efficient use and management of properly working alarm systems provides increased security for the community, a reduction in criminal offenses, more effective law enforcement, and cost savings for Multnomah County and the cities we serve.

- The Alarm Program:
- Issues new and renews existing alarm permits for both residential and business customers
 - Responds to false alarms and administers applicable penalties
