(\$225,753)	(1.00) FTE	(\$225,753)	

Description

The proposed elimination of a 1.00 Senior Budget Analyst FTE would prevent the Budget Office from expanding and significantly improving the high-level analytical capacity that was a key part of the office redesign in FY 2026 that saw the addition of 2.00 new Sr. Budget Analyst positions.

This Senior Budget Analyst position is currently vacant. It has historically been challenging to recruit and retain qualified Senior Budget Analysts. The Budget Office is developing a new staffing plan to address this issue. We are exploring changes to the team structure and daily workflow. This includes introducing an entry-level Budget Technician role. This new position would handle the routine, day-to-day tasks. This will allow the remaining Senior Analysts the necessary time to concentrate on more complex analysis.
