The fees contained within this schedule are set by United States Code (USC), Code of Federal Regulations (CFR), Oregon Revised Statute (ORS), Oregon Administrative Rule (OAR), Oregon Building Code (OBC), Multnomah County Code (MCC), and Department Directors.

This Proposed version of the fee schedule contains additional information that will not appear in the final fee schedule. Such additional information includes a column showing the prior year's fee amount, fees that will be deleted from the schedule, and an "Exemption Policy" column that is populated with the information from the Chief Operating Officer's Office countywide fee assessment budget note report (focused on program fees). **The final fee schedule will be approved by the Board of County Commissioners during budget adoption.**

In the electronic version of this schedule, for most fees, the column titled "Section" contains a hyperlink to further information on that fee. Additionally, for some fees, there are more links in the "Notes" column, including for Program Fees as described below. The electronic version is available on the County's Budget Office Homepage (www.multco.us/budget).

There are three categories for fees:

Admin Fee - Routine office and administrative fees.

Fees Set by Others - Some fees are required to be a certain amount due to State statute or other entities' requirements, which means any determinations regarding cost recovery are made outside of the County.

Program Fee - Fees supporting a specific program. For program fees, additional information on the financial components of cost recovery is provided at the end of each department section.

DCM	Fees Set by Others	<u>Low Income SFR Home Ownership Exemption Fee - ORS 307.674(5)</u>	Low to Moderate Income Single Family Home Ownership Exemption Fee	Varies	Varies		ORS requires the city, after consultation with the county assessor, to establish an application fee in an amount sufficient to cover the cost to be incurred in administering ORS 307.651 to 307.687. The application fee is paid to the city at the time of application, and if approved, the city pays the fee to the county assessor for deposit in the county general fund, after first deducting a portion attributable to the city's administrative costs in processing the application.	
DCM	Fees Set by Others	<u>Exemption Late Filing Fee - ORS 307.162</u>	Annual Exemption Application Late Filing Fees	\$200 or greater	\$200 or greater		For real or business personal property to be exempted from taxation under ORS, an annual application is required and due by April 1 of the preceding tax year. If application is filed after the April 1 due date and before December 31 of the tax year for which the exemption is claimed, the late filing fee charged is the greater of \$200, or 1/10th of 1% of the real market value (RMV) as of the most recent assessment date. For a first-time filer or a public entity described in ORS 307.090, if application is on or before April 1 of the tax year for which the exemption is claimed, the late filing fee is \$200. For additions or improvements to exempt property, the late filing fee is equal to the product of the number of tax years for which exemption is sought multiplied by the greater of \$200 or 1/10th of 1% of the RMV. Fees are to the county general fund.	
DCM	Fees Set by Others	<u>Veteran's Exemption Late Filing Fee - ORS 307.260</u>	Late Filing Fee for Disabled Veterans or Surviving Spouses	\$10	\$10		Each veteran or surviving spouse qualifying for the exemption under ORS 307.250 shall file with the county assessor, a claim in writing on or before April 1 of the assessment year for which the exemption is claimed, except that when the property is acquired after March 1 but prior to July 1 the claim shall be filed within 30 days after the date of acquisition. A qualifying veteran or surviving spouse may make application to the county assessor not later than May 1 of the current year, if accompanied by a late-filing fee of \$10 to be deposited in the County General Fund.

Notes

The auditorium and rooftop rental fee budget are low-confidence estimates for the first year of operations in FY 27. They are based on assumptions about the portion of the year these amenities will be rented and the fee structure uses base level assumptions for staff support, janitorial, audio-visual support, and building costs. Additional program revenue and expense will be incurred if patrons require 'add-on' services for their programming needs. Actual program fee revenue will depend on community demand and the volume of library programming during the inaugural year. A policy determination was made to scale cost recovery based on entity type in order to promote community access and maximize public benefit, which will be used in tandem with a scheduling priority process that favors events that are open to the public. Cost recovery is shown here at approximately 70%, but will depend on the overall mix of programming over the course of the year. The lowest cost recovery rate is for individuals users (about 50%), non-profits and local governments (about 70%), and for-profit entities paying 100% cost recovery rates. These rates and cost recovery rates may be adjusted in FY 28 once more information is know about community demand and operational needs for the auditorium and rooftop spaces.

Notes

The County Surveyor's Office includes two cost centers: 905700 (Survey Office), and 905750 (Land Corners). 905700 is funded by fees that are charged when work is submitted for review and filing in the County Survey Records, as well as deposits which cover our work reviewing land division plats (full cost recovery for these reviews). These fees and deposits currently fund all expenses incurred under the 905700 cost center. 905750 is funded by a \$10 fee that is applied to the recording of certain documents in the County Deed (Official) Records. This \$10 fee is the maximum allowable under current statute. We accumulated a reserve (beginning working capital) over several years due to these revenues exceeding expenses when recording numbers were high, driven by housing refinancing activity fueled by low interest rates. We are now expending this reserve as lower revenues are being collected due to lower recording numbers, as well as increased costs due to inflation, etc. Legislation has been introduced that would allow county governments to raise this fee in order to fully cover these costs going forward.

Cost Recovery	11.6%	

Notes

Right of way and Development Review fees are charged to applicants when they apply for certain work within the right of way. Permits range in cost. A permit fee increase was approved by the board on 3/5/2026. Per state law, Counties are not allowed to charge Utility providers more than \$500 (adjusted annually for CPI) for a permit - and only for some types of permits; many are required to be free. Staff time is supplemented by Road fund or Bridge fund depending on permit type. Staff that work on permits include principal planner, transportation planning specialist, senior planner, engineer 2, and engineer tech 3
The Fee-Related Budget Summary above was narrowed down to Transportation Development Program only (Cost Center 905405).

Notes

Vehicle Registration Fees are collected on every vehicle registered in Multnomah County. State law allows the County to charge this fee to create funding for capital maintenance and projects. It also pays for staff time associated with specific projects. Per state law, the County's VRF is only allowed to be used for projects on the six Willamette River Bridges operated and maintained by the County (Sellwood, Hawthorne, Morrison, Burnside, Broadway, Wapato). Presently it is being used to pay for debt service on the Sellwood and Burnside bridges, bridge maintenance, and match on bridge capital maintenance projects.

Cost Recovery	100.0%	

Notes

Multnomah County is required by state law to license and regularly inspect restaurants, food carts, lodging, pool and spa establishments, and temporary food events. The health inspections program safeguards public health and supports a strong restaurant, food cart and hospitality economy by preventing illnesses and outbreaks. The health inspections program operates on a full cost recovery fee-based model. With guidance from the food service advisory committee, a annual fee increase of 5-7% is implemented. These annual incremental adjustments allow businesses to anticipate and budget for fee changes. The health inspection budget estimates are driven by facility counts, which dictate labor hours and equipment needs based on mandatory inspection frequencies. The proposed 6.5% increase will continue to keep the program fully funded by license fees. The fee increase will impact about 100 different fees that are charged throughout the year.

Cost Recovery	100.0%	

Notes

Ambulance Licensing Fees have remained the same since its implementation in 1995. The fees cover the County's general expenses related to regulating providers of emergency medical services and ambulance services to assure that the citizens of the county receive prompt, effective, efficient, coordinated, and consistently high levels of pre-hospital care before and during transport to a medical facility. Medical supply, equipment and patient treatment standards are set by the County EMS Medical Director. Interoperability of the ambulances with regards to equipment and supplies including communication equipment, like 2 way radios, are needed to meet the EMS systems obligations. The fee covers the collections, and review of this information, and physical inspections of the vehicles and equipment. In addition to costs that occur throughout the year related to cause investigations. Fees help offset personnel, contractual, and program costs that would otherwise be covered by the Ambulance Service Franchise fee. Revenue is recorded in 42400-GF1. (Ambulance Lisensing Fees ad Franchise Fees fund EMS Administration).

Notes

Ambulance Service Franchise Fee 42400-GF1. 1. Fees include all actual costs for overall administration and supervision of the ambulance contract, specifically including fees or costs associated with the provision of medical direction provided by the Emergency Medical Services Medical Director (EMSMD) and online medical direction provided by the Medical Resource Hospital under contract.

a. Per Multnomah County Code 21.421, the County EMS Program Office is responsible for administering the Ambulance Service Area (ASA) and the Emergency Medical Service (EMS) System including the contract for 911 emergency ambulance services.

b. County Code 21.425(C)(9) - Fee requirements for medical supervision and program management and support - provides for inclusion of fee requirements for medical supervision and EMS program management and support in the contract between the County and the provider - providing emergency ambulance services.

c. PROVIDER shall be responsible for the costs of this administration and supervision, and medical direction.

d. Invoices to PROVIDER shall not exceed the County's actual expenses. The Ambulance Franchise Fee covers the cost not otherwise covered by Ambulance Licensing Fees, or Medical Direction Fee paid by other EMS Provider Agencies, those other fees are restricted by County Code to EMSMD and agents salary and benefits.

Notes

Multnomah County is required by Multnomah County Code 21.565 and state law to license and inspect tobacco retailers. The Tobacco Retail Licensing Program safeguards public health by reducing youth access to tobacco and nicotine products. The program provides training for tobacco and nicotine retailers and employees to reduce illegal sales of tobacco to people under 21 years of age. The tobacco retail licensing program budget is driven by retailer counts and estimates of penalties and fines based on past years' trends. These counts dictate labor hours and equipment needs based on mandatory inspection frequencies. The board last increased the tobacco retail license fee in 2019. The proposed 44% increase aligns with the State Tobacco Retail License fees in addition to moving the program toward the county's policy of full cost recovery. Fines are increasing between 100%-400% depending on the violation to match the state.
