

2027-2028 MULTNOMAH COUNTY

Charter Review

A Charter Review Committee (CRC) is convened every six years to study the Multnomah County Home Charter through research, engagement, and public input. If the CRC believes changes are needed, it can propose Charter amendments that the Board will submit to the voters of Multnomah County to decide via ballot.

The next Charter Review Committee will serve in 2027-2028, with recruitment for committee members taking place July - September 2026.
