Prior Governmental Experience:

Director, Gresham-Barlow School Board

Four years ago I was elected to the board with a mission to bring our kids and staff back to our classrooms. Two years ago when I was reelected, our students were back in the classroom but our challenges were greater than ever. Today, there is still much work to do. We are starting to see improvements in both academics and behavior, we have hired a new superintendent, and our board has established new board goals to direct the district going forward.

Those goals are:

- **Safety:** An environment in which physical security, emotional support, and intellectual freedom coexist through shared accountability, care, and respect.
- **Belonging:** The connection of students, staff, and community to their schools and to each other, recognizing that each individual is a valuable part of our educational community.
- **Opportunity:** An awareness of and unhindered access to quality instruction and breadth of experiences that ignite curiosity and develop skills to launch students toward personal fulfillment and positive contributions to society.
- **Achievement:** The intentional, determined, and confident pursuit of individual and collective excellence through the development of critical thinking, creativity, and problem-solving skills.

Our community needs and deserves great schools. Schools they can feel proud of and find a sense of belonging in. As a mother, neighbor and member of the local business community I will not stop advocating for our students, staff and families and would appreciate your vote.
