Formatted Statement

I have spent my life serving others. As a U.S. Army veteran, registered nurse, and hospital leader, I've learned that leadership is about listening, solving problems, and putting people first. I'm running for Gresham City Council because I want to serve our community in a new way.

Service You Can Trust

For more than 30 years, I've worked with families during some of life's most challenging moments, leading healthcare teams, managing resources responsibly, and making decisions that put people first. Those experiences have prepared me to bring practical, thoughtful leadership to City Hall.

The ACT Plan for Gresham

My priorities are simple: Affordable Government, Community Safety, and a Thriving Economy. I'll work to ensure taxpayer dollars are spent responsibly, support our police and first responders, and champion policies that help local businesses grow and create good-paying jobs.

Smart Spending & Economic Opportunity

Gresham's budget shortfall is growing, and we should act now with small, early changes rather than waiting until we're forced into painful ones. We should review city spending for efficiencies and hold programs accountable. We must also make Gresham more business friendly by streamlining permitting so entrepreneurs aren't deterred by red tape.

Focused on Results

Gresham is a community with tremendous potential, but we face real challenges, like the current water issue. Families deserve a city that is safe, affordable, and accountable. I believe we can accomplish more by working together, listening to one another, and focusing on practical solutions.

I love and believe in this community. I would be honored to earn your support and your vote.
