What Does the Public Health Infrastructure Grant Program Do?

In this section, please describe your department/division/work unit.

The Public Health Infrastructure Grant (PHIG) is an investment made by the Centers for Disease Control and Prevention that supports critical public health infrastructure needs of health departments across the United States. PHIG focuses on increasing our public health workforce through innovative collaborations and building up infrastructure to support public health staff. This is important work because a healthy and stable workforce ensures we can respond quickly to community needs and emergencies.

Multnomah County Health Department's PHIG program focuses on Workforce Stabilization and Restoration and Public Health Foundational Capabilities, which includes our goal of public health accreditation. PHIG work is grounded in three key principles: data and evidence drive planning

and implementation; partnerships play a critical role in grant program success; resources are directed in a way that supports diversity and health equity.

Internship Description & Responsibilities:

This internship will focus on coordinating outreach and relationship building with key Health Department programs that are working toward one of the main goals of the PHIG grant, Public Health Accreditation.

Achieving Public Health Accreditation will increase the effectiveness and efficiency of Multnomah County's public health system infrastructure, which is critical to ensuring the health and well-being of our diverse communities.

We are seeking a Public Health Accreditation Intern to help build relationships, systems, and tools needed to achieve accreditation.

- Build relationships with internal stakeholders by meeting with program staff across the Health Department
- Build awareness of Public Health Accreditation by creating communication materials and presentations
- Develop organizing systems to track accreditation documentation and progress toward meeting requirements
- Collaborate with PHIG Project Managers to conduct stakeholder interviews and analysis
- Track outcomes and next steps from meetings
- Assist with administrative tasks and resource collection related to accreditation programming

Learning Outcomes:

*Internships are inherently learning experiences for students and a description of the expected **learning outcomes** shows candidates how they will **benefit from the experience**.*

The intern will have the opportunity to engage in the public health accreditation process; network and partner with employees across the

Health Department; receive training; and apply relevant concepts and skills from their coursework. The internship will be under the direction of the PHIG Program and will work closely with our PHIG Project Managers during their summer outreach.

Learning outcomes include:

- Gain valuable experience in project planning and execution
- Gain valuable applied experience and make connections in professional fields you are considering for career paths
- Network and partner with employees across the Health Department
- Connect to key staff who can help deepen your understanding of public health

Education and Minimum Qualifications:

- Candidates should have completed or enrolled in a college/university academic institution.
- Promote a culture of respect, inclusiveness, and appreciation of diverse perspectives, backgrounds, and values ([Link to Equity and Empowerment Lens](#))
- Strong communication, facilitation, organizational, and interpersonal skills
- Ability to work independently and as a member of a diverse team

Workforce Equity:

Our Commitment to Safety, Trust and Belonging: Multnomah County is committed to developing, nurturing and continually improving workforce equity by identifying and addressing the structural and policy barriers to equal employment opportunity faced by our employees and communities. Learn more by reading our [Workforce Equity Strategic Plan](#) and exploring our [Core Competencies](#) for all County employees.

Veterans' Preference:

Under Oregon Law, qualifying veterans may apply for veterans' preference for this recruitment. Review our [veterans' preference website](#) for details about eligibility and how to apply.

For veterans qualified for Veterans' Preference: If you believe you have skills that would transfer well to this position and/or special qualifications that relate to this position, please list those skills and/or qualifications.

Accommodation under the Americans with Disabilities Act: We gladly provide reasonable accommodation to anyone whose specific disability prevents them from completing an application or participating in this recruitment process. Please contact the recruiter below in advance to request assistance. Individuals with hearing or speech impairments may contact the recruiter through the Telecommunications Relay Service by dialing 711.

Application Instructions:

Please fill out and submit an application for this position through the form also located on this [website](#). The deadline for submitting an online application is March 25th, 2024.
