

# Mission, Vision, Values

---

## MISSION

We work with communities to advance health equity, protect the most vulnerable, and promote health and wellness for everyone.

## VISION

Thriving communities that nurture the health and resilience of all.

## VALUES

### Compassion and Care

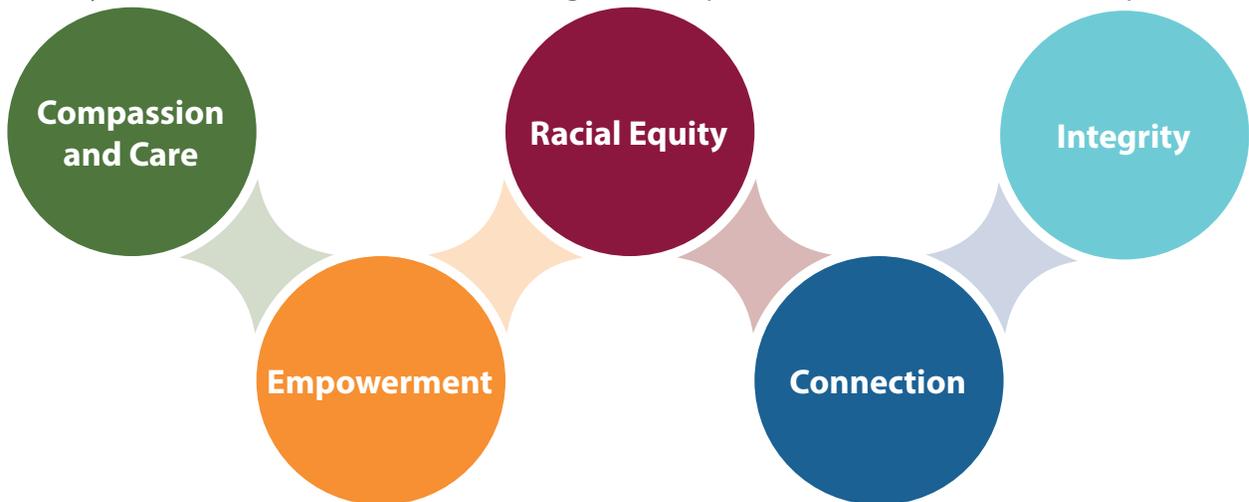

We treat all with kindness, dignity and respect as we seek to uplift one another's humanity.

### Racial Equity

We acknowledge that racism negatively affects everyone in our county, and we commit to accelerating our progress in eliminating racial inequities.

### Integrity

In protecting our community's health, we lead with conviction, honor our commitments, and deliver on our promises.

### Empowerment

We work collaboratively to ensure that our policies and programs amplify people's voices and uplift community-driven solutions.

### Connection

Our success depends on the diversity, brilliance, and care of one another. So that employees reach their full potential, we further environments that instill trust, promote safety and foster belonging.
