Clark County Representative: [OPEN]

Vision: *We envision a region that actively ensures that all people living with HIV/AIDS have access to high quality care, free from stigma and discrimination, and where new HIV infections are rare.*

Mission:

- Establish priorities & allocation of funds available under Ryan White CARE Act, Part A, based on: documented needs of people living with HIV, cost and outcome effectiveness, **priorities of the recipients of services**, and **availability of other public and private resources**.
- Establish methods for obtaining input on community needs, priorities & satisfaction with services
- Evaluate the administrative mechanism to **ensure that resources are distributed effectively** in the community according to the decisions made by the Council.
- **Collaborate with state governments to develop Integrated Prevention and Care Plans** for responding to HIV in our region, in a coordinated partnership with other planners and community members living with or affected by HIV disease.
