## ***Trends we're spotting...***

- **Labor trafficking across all industries**
  - **Some we see: agriculture, dairy, restaurant, housekeeping, hospitality, construction, caregiving...**
- **Companies prioritizing profit over human safety and wellbeing**
- **The rise of mainstream exploitive practices along with the cost of living**
- **Traffickers promising legal immigration avenues that do not exist**
- **Sex trafficking within domestic relationships**
- **The overlapping of sex and labor trafficking by the same entity**
- **Survivors relying on traffickers for housing and necessities**
  - **Poor or missing credit, wages withheld, family members threatened, documents confiscated, language barriers, only feeling safe within the**
