Inmate Distribution by Type of Bed Occupancy, July 2007 (Total inmates housed=4410)

¹ This data sheet is provided mainly to meet the reporting requirements as specified in one of the FY 2008 Budget Notes.

² This represents 98.1% of total County operational jail bed capacity (N=1633). Capacity at 97% or higher is considered a Population Emergency. In-transit bookings were excluded from the total bed use calculation.

³ This number does not include 27 non-exclusive USM beds that were reported in other categories.

⁴ The number of billed USM beds is a result of negotiation and data reconciliation between the County and US Marshal's office. It may not be the same number as pulled out from the DSSJ system.

⁵ Beds used for SB1145 and BM11 were counted first regardless other types of holding an inmate might have.
