<sup>1</sup> This data sheet is provided mainly to meet the reporting requirements as specified in one of the FY 2008 Budget Notes.  
<sup>2</sup> This represents 98.3% of total County operational jail bed capacity (N=1633). Capacity at 97% or higher is considered a Population Emergency. In-transit bookings were excluded from the total bed use calculation.  
<sup>3</sup> This number does not include 22 non-exclusive USM beds that were reported in other categories.  
<sup>4</sup> The number of billed USM beds is a result of negotiation and data reconciliation between the County and US Marshal's office. It may not be the same number as pulled out from the DSSJ system.  
<sup>5</sup> Beds used for SB1145 (based on primary offenses) and BM11 (based on primary offenses) were counted first regardless other types of holding an inmate might have.
