Need in-person care? You have more options.

Kaiser Permanente members can now visit 27 ZoomCare clinics in Portland, Vancouver, Salem, and Eugene. This gives you even more ways to get convenient, in-person care for minor illnesses and injuries. Some clinics offer evening and weekend care.*

When ZoomCare may be a good choice

Choose ZoomCare when you need same-day or next-day in-person care for urgent, nonemergency health concerns, including:

- Fever, sore throat, and coughs
- Minor cuts, wounds, strains, sprains, and rashes
- Pink eye, eye infections, and urinary infections

More care choices when you need them

With the addition of ZoomCare, you have more places to get convenient, in-person care. Your Kaiser Permanente care team continues to be available for your ongoing health care needs.

Your cost: You'll pay the same copay or coinsurance you'd pay for the same service at Kaiser Permanente.

Pharmacy: Some common medicines are available at ZoomCare. You may be able to leave with medicine in hand for a self-pay cost. You can also ask ZoomCare to send your prescription to any Kaiser Permanente pharmacy.

Ready to schedule?

Visit **zoomcare.com/kpnw** to schedule care at a participating ZoomCare clinic. Before you go, check the clinic's available services. Some services, such as X-rays, are not offered at every location.

Need help choosing care?

Call **1-800-813-2000** (TTY **711**) or visit **kp.org/knowbeforeyougo**. We can help you find the care that's right for you.

* ZoomCare is not available to members whose main coverage is Medicaid, including Oregon Health Plan or Washington Apple Health.
