Attn: Paul Gamboa:

Re: Will Serve Inquiry – Pleasant Home Water District – Gresham Oregon

Mr. Gamboa:

Please be advised that 33304 SE Luster Rd and the area south of 35319 SE Carpenter Ln are within Ziplly Fiber local Exchange serving area.

Ziplly Fiber facilities will be constructed under the terms and conditions of the company's Tariff. Attached is a copy of Ziplly Fiber's Builder Guide. If the developer makes a request to have Ziplly Fiber facilities constructed to serve the development, the Tariff requires that all exterior path and building interior must be placed according to Ziplly Fiber standards before cables or fiber would be installed.

Please contact OSP Engineer, Nathan Hoxmeier with plan sets as well as any inquiry about specific path or building requirements.

If you agree to these terms, please sign and return this letter to the address below.

Nathan Hoxmeier can be reached at 503-626-1121, or via email at nathan.hoxmeier@ziply.com

Thank you!

Joe Vandecoevering
Engineering Manager
