Candidate Statement

There are many positive things about our district, but we can make it better. Our district challenges kids to be excellent, but I believe we can expand how we do this to find the technique that works for each respective student. Corbett kids are individuals, we should treat them that way. I'd like to see more elective classes. These types of programs help keep kids engaged.

I am concerned about the divide in the community regarding our district. We need to bridge this gap and strengthen our school board's relationship with the district and the public it serves. Imagine what we could accomplish if we put our heads together as a community. Mistakes have been made in the past and trust needs to be restored. I believe the district needs to be overtly transparent in their actions and purposefully communicate things. We are a small community, and as such a sense of ownership in community members is inevitable and should be embraced. I would like to work to ensure the district is doing their part to make the community feel valued and heard. Every taxpaying family deserves a voice at the table.

I would like to work towards an effective and efficient school district, ensuring we come make a workable plan for our current facilities that need attention. It is essential that we become better stewards of our assets. We need a utilized and monitored plan for maintenance and upkeep of our facilities.

I have a long term interest in our schools. My husband graduated from Corbett. Our two oldest children go to Corbett Grade School. The next youngest will start kindergarten in the fall of 2015. I am an organized person that will bring attention to detail. Integrity is important and if elected, I will be fair, reliable, sincere, and straightforward.
