Candidate 3

OR Write-in on line above

To vote for a write-in candidate who does not appear on the ballot, completely darken the oval to the left of the line provided for the office and write the full name of the candidate on that line.

- Make sure you have correctly marked your choice for each contest.
- Your official ballot may have contests printed on both sides.
- Place the ballot in the return identification envelope.
- Read the Voter’s Statement on the return envelope and sign in the signature box.
- **Your ballot cannot be counted if you do not sign the return envelope.**
- Every signature is checked against the registration signature on file. The signatures must match for the ballot to be counted.

If you make a mistake or change your mind while marking your ballot,

- **You may correct it yourself.** See example below.

City of Portland
Measure 26-260
<i>Referred to the People by the City Council</i>
BALLOT TITLE
Maintain safe parks, nature, affordable recreation through 5-year levy. QUESTION: Should Portland maintain parks, recreation, fund repairs; five-year levy \$1.40 per \$1,000 assessed value beginning 2026-2027? This measure may cause property taxes to increase more than three percent. SUMMARY: In 2020, City of Portland voters approved a five-year levy to support parks and recreation operations that expires in 2025. If a new levy is not approved, the Parks operating budget would be reduced by approximately half, resulting in fewer programs and services. A new five-year levy would maintain operations, fund capital projects: ENSURE NEIGHBORHOOD PARKS MAINTENANCE AND CLEANLINESS • Daily restroom cleaning, trash pickup • Routine maintenance, minor repairs • Repair or renovate facilities like playgrounds, restrooms, pools • Park ranger safety patrols, incident responses PROTECT NATURE IN A CHANGING CLIMATE • Plant, maintain trees • Preserve natural areas, trails, water quality, wildlife habitat • Clear brush, maintain emergency access routes to reduce wildfire risk PRESERVE PROGRAM ACCESS • Continue free, discounted recreation programs for families experiencing poverty • Preserve classes, community center hours, arts and cultural centers, parks, pools Community oversight committee would review levy expenditures, provide annual reports. Independent audit required. A median homeowner would pay about \$310 per year, or \$26 per month - a \$11 monthly increase. Levy would raise approximately \$86,268,997 in 2026–2027, \$88,719,730 in 2027–2028, \$91,411,705 in 2028–2029, \$93,588,449 in 2029–2030, and \$96,068,483 in 2030–2031, for a total of \$456,057,364.
EXPLANATORY STATEMENT This Measure would allow the City of Portland to levy \$1.40 per \$1,000 assessed value for five years to operate the parks and recreation system, replacing and increasing the rate of the current \$0.80 per \$1,000 assessed value levy that expires after fiscal year 2025-2026. Within the \$1.40 per \$1,000 assessed value levy, \$1.37 will be for park and recreation operations and \$0.03 will be for capital projects. Services and programs are planned to include, but are not limited to: • Fix park playgrounds, pools and splash pads, restrooms, and other facilities in need of critical repairs. The levy will continue offering: • Daily restroom cleaning and trash pick-up at every developed park. • Summer events and Free Lunch & Play programs, Free for All free movies, concerts. • Inspection of every developed park tree, performing proactive maintenance on park trees to prioritize public safety. • Additional ongoing daily work in parks, natural areas, trails, and community centers, including:

Safety

- Supporting safety with hazard checks in parks and natural areas, Park Ranger patrols, incident response, and nighttime lock-up of facilities.
- Performing wildfire prevention through brush clearing, tree pruning, removing invasive species and other hazards, and maintaining emergency access routes.

Regular Maintenance

- Inspecting park assets like playgrounds, pathways, trails, bridges, and community centers.
- Repairing park assets and performing routine maintenance like painting, carpentry, electrical, mechanical, and plumbing work.
- Improving safety, accessibility, and year-round usability of park paths and trails through repairs and hazards removal.

Nature

- Supporting our environment through planting native species, improving wildlife habitat, stabilizing slopes, and taking care of assets like signs, gates, fences, culverts, bridges.
- Planting new trees in low-canopy areas.

Affordable Programs

- Providing free and low-cost options so every Portlander, regardless of income, can participate.
- Keeping community centers and pools open with diverse programming and classes.

Investment in partnerships to deliver services, programs, and community initiatives, including through access to PP&R facilities for partner-provided programming. Unlock the power of volunteers and collaboration with local and regional groups to improve safety, sustainability, connectivity, and long-term stewardship in Portland's parks and recreation system.

A community oversight committee will be appointed to review levy expenditures, data, and minimum performance metrics and report annually to City Council as part of the budget process. The Parks Bureau will provide for a performance audit to ensure that services funded by the levy would continue to be consistent with voter intent.

The City estimates that the levy tax rate of \$1.40/\$1,000 assessed value would cost the median residential property approximately \$11 per month over the current levy (or \$26 per month), raising approximately \$86 million in the first year with an estimated average of \$91 million raised annually over five years. If a new levy is not approved, the Parks operating budget would be reduced by approximately half, resulting in fewer programs and services.

Measure 26-260

ARGUMENT IN FAVOR

Let’s Keep Our Parks Clean, Safe, and Open for Everyone.

Parks are where Portlanders come together. They’re where we meet friends for a walk, where our kids learn to swim, where seniors stay active, where families gather on sunny days, and where nature thrives in the heart of our city.

But right now, the parks we love are at risk. Without Measure 26-260, Portland Parks & Recreation will lose nearly **half its budget**. That would mean closed community centers, locked pool gates, neglected natural areas, and the loss of free and low-cost programs that thousands of Portland families rely on.

Measure 26-260 provides essential funding to keep our parks open and thriving. It will:

- **Keep playgrounds safe, pools open, bathrooms clean, and trails clear** with daily maintenance and safety checks.
- Fund **free and low-cost programs** so every Portlander can participate.
- Protect our natural areas with **tree planting, wildfire prevention, and habitat restoration**.
- Ensure accountability through **independent audits and a community oversight committee**.

This levy is not just about parks — it’s about Portland’s quality of life. When our parks are clean, safe, and welcoming, our entire community is stronger.

Join the growing coalition of labor unions, environmental advocates, businesses, community groups, and neighbors across the city who are voting **YES on Measure 26-260** to keep Portland’s parks open, clean, green, and thriving.

ARGUMENT IN FAVOR

As a resident of North Portland for the past two decades, I have witnessed firsthand the positive impact the Charles Jordan Community Center and its programs have had on our community, particularly on low-income families. My children have actively benefited from the center’s resources, including the swimming pools, and I strongly believe in the importance of maintaining accessible and supportive programs for youth and families in need.

These programs are vital in providing positive environments, and encouraging healthy, active lifestyles. The continued operation of our community centers, pools, and parks programs is crucial for current and future generations.

I know my family is not alone. Thanks to Portland Parks & Recreation’s Access Discount Program — funded by this levy — thousands of Portland families can be part of our city’s parks, not excluded because of cost.

Please vote YES on Measure 26-260 — so all kids can play, learn, and grow.

Como residente del norte de Portland durante las últimas dos décadas, he sido testigo de primera mano del impacto positivo que el Centro Comunitario Charles Jordan y sus programas han tenido en nuestra comunidad, especialmente en las familias con bajos ingresos. Mis hijos se han beneficiado activamente de los recursos del centro, incluidas las piscinas, y creo firmemente en la importancia de mantener programas accesibles y de apoyo para los jóvenes y las familias necesitadas.

Estos programas son vitales para proporcionar entornos positivos y fomentar estilos de vida saludables y activos. El funcionamiento continuo de nuestros centros comunitarios, piscinas y programas de parques es crucial para las generaciones actuales y futuras.

Sé que mi familia no es la única. Gracias al Programa de Descuentos de Acceso de Portland Parks & Recreation, financiado por este impuesto, miles de familias de Portland pueden disfrutar de los parques de nuestra ciudad, sin quedar excluidas por el costo.

Por favor, vote SÍ a la Medida 26-260, para que todos los niños puedan jugar, aprender y crecer.

Saludos cordiales,
Josefina

ARGUMENT IN FAVOR

Parks Are Essential to Portland’s Economic Future.

Businesses know: a city where people want to live is a city where businesses thrive. Clean, safe, accessible parks are part of what makes Portland a place where businesses want to stay, employees want to work, and families want to lay down roots.

City of Portland

Measure 26-260

Measure 26-260 invests in our city’s reputation as a vibrant, livable community by:

- Keeping parks and restrooms clean and safe.
- Reinvesting in community centers and pools that serve as anchors in neighborhoods.
- Ensuring free and low-cost programs that allow every Portlander to participate.
- Providing the kind of public spaces that attract residents, visitors, and customers.

This levy also includes **stronger accountability measures**: a community oversight committee, annual audits, and performance reporting to City Council. Taxpayers deserve transparency, and Measure 26-260 delivers.

Businesses large and small are united: thriving parks and thriving communities go hand in hand.

Vote YES on Measure 26-260 — because Portland’s economy depends on Portland’s quality of life.

ARGUMENT IN FAVOR

**Protect Nature
Prevent Wildfire
Invest in Our Climate Future**

Portland’s parks are not a luxury — they are an essential part of our city’s environment and our health. Our system includes **8,000 acres of natural areas** and **1.2 million trees** that protect our clean air, filter our water, provide habitat for wildlife, and give Portlanders places to wander trails and connect with nature close to home.

But these natural treasures face urgent threats. Summers are hotter and drier than ever. Portland has already seen smoke-filled skies from catastrophic wildfires in nearby forests. Without proactive investment, our own natural areas will be at greater risk.

Measure 26-260 provides the resources Portland needs to **care for our environment and reduce wildfire danger** by funding:

- **Brush clearing and tree pruning** to lower wildfire risk.
- **Removal of invasive plants** that fuel fast-spreading fires.
- **Planting more trees in East Portland and low-canopy neighborhoods** to cool the air, protect water quality, and provide shade.
- **Habitat restoration and erosion control** to keep our rivers, creeks, and wetlands healthy.

This levy also ensures daily maintenance in our developed parks — keeping bathrooms clean, trash collected, and playgrounds safe — so that people of every age, background, and neighborhood can enjoy them.

Without Measure 26-260, Portland Parks & Recreation will lose nearly half its budget, putting our natural areas and community parks at risk.

Let’s protect what makes Portland Portland. Let’s vote **YES** on Measure 26-260 for clean air, safe water, wildfire prevention, and thriving natural spaces for generations to come.

Good Jobs — Safe Parks — Strong Communities

Portland Parks & Recreation is one of the city’s largest and most diverse employers — and the **largest summer employer of youth**. Thousands of families depend on these jobs to make ends meet.

But unless Measure 26-260 passes, Portland Parks & Recreation will lose nearly half its budget. That means layoffs, closed facilities, and fewer opportunities for young people and working families.

Why Your YES Vote Matters

This levy will:

- **Preserve hundreds of good-paying union jobs** for frontline workers.
- **Support stable employment** for maintenance staff, coaches, lifeguards, gardeners, and rangers who keep our parks safe and clean.
- **Provide summer jobs for young people** — often their first chance at meaningful employment and a pathway to a career.
- Ensure Portland Parks & Recreation has the resources to hire **a workforce that reflects our city’s diversity** and provide opportunities that do not require a four-year degree.

By investing in Parks & Recreation, we invest in Portland families and in the health of our economy. **A YES vote is a vote for workers, for families, and for our shared public spaces.**

Neighborhood Parks = Neighborhood Pride

From volunteers who tend our rose gardens to neighbors who show up for ivy-pulling work parties, Portlanders love and care for their neighborhood parks. These spaces are where we gather for concerts, birthday parties, barbecues, and neighborhood meetings. They are the heart of community life.

But without this levy, many neighborhood parks will face reduced care, fewer safety checks, and closed bathrooms.

Stronger Parks, Stronger Neighborhoods

Measure 26-260 ensures:

- **Daily bathroom cleaning and trash pickup** in every developed park.
- **Safe, well-maintained playgrounds, trails, and picnic areas.**
- **Support for volunteers and “Friends of” groups** who dedicate countless hours to keeping parks beautiful.
- Continued funding for **arts and culture programming**, including at Portland Parks & Recreation’s three arts centers and through Summer Free for All.
- Affordable access and **free or low-cost programs** that serve families, youth, and seniors.

Neighborhood parks are more than green spaces. They are where neighbors meet, where kids learn to ride bikes, where seniors walk for health, and where community comes together.

ARGUMENT IN FAVOR

Your Parks Levy Dollars: Spent as Promised

When Portlanders approved the Parks Levy in 2020, they were promised two things:

- 1. Our parks and recreation services would be protected.
- 2. Tax dollars would be spent responsibly, with oversight and transparency.

The record is clear: both promises have been kept.

An independent 2024 performance audit confirmed that “**Levy funds were used in compliance with voter-approved commitments**” and that “**Levy dollars were clearly tracked using strong financial systems.**”

Auditors found no misuse of funds and made no recommendations for improvement — showing that Portland Parks & Recreation is managing levy dollars with integrity.

Each year, a five-member volunteer Parks Levy Oversight Committee reports to City Council on the Portland Parks & Recreation bureau’s fiscal accountability, adherence to thelevy ballot language, and transparency.

Their most recent review found that “**PP&R remains fiscally accountable to Portlanders,**” and is “**tracking Parks Levy dollars in a transparent, auditable, and effective way.**” The oversight committee also confirmed that levy spending is aligned with the fifteen commitments in the 2020 ballot measure, “showing performance on promises made to voters.”

You can be confident: your Parks Levy dollars have been well spent, exactly as promised. Now it’s time to renew and strengthen that investment for the future by voting YES on Measure 26-260.

Recreation for All: From Kids to Seniors

Parks and recreation programs are for everyone. From toddlers taking their first swim lesson to seniors staying active in fitness classes, Portland’s recreation system is where people of all ages come together to move, learn, and connect.

Measure 26-260 Provides Recreation Opportunties for ALL Portlanders

Your **YES** vote on Measure 26-260 will:

- Fund **swim lessons, youth sports, and summer camps** so children grow up safe and healthy.
- Keep **gyms, pools, and community centers open** for adults to play basketball, join fitness classes, and build community.
- Support **senior programs** that help older Portlanders stay active, social, and healthy.
- Fund **arts and culture programming**, including at Portland Parks & Recreation’s three arts centers and with community partners.
- Provide **affordable access through free or low-cost programs**, so no one is turned away because of cost.

Without this levy, recreation programs will be cut back. That means fewer classes and higher fees for families, adults, and seniors alike.

With this levy, Portland Parks & Recreation will continue to serve tens of thousands of residents each year — offering opportunities to learn a new skill, join a team, stay healthy, or simply have fun.

Recreation is about more than sports or classes. It’s about belonging. Parks and programs bring people together across generations and backgrounds, strengthening our neighborhoods and our city.

Vote YES on Measure 26-260 — for recreation opportunities for every Portlander, at every stage of life.

ARGUMENT IN FAVOR Safe Parks. Safer Portland. Portlanders deserve to feel safe in their parks. Our parks are where kids stay active and supervised, where neighbors gather, and where everyone has access to healthy outlets. Voting YES on Measure 26-260 will help keep our parks safe, and will help support a safer community for everyone. But if Measure 26-260 fails, competition for limited city dollars will grow. Parks, police, and fire protection are all funded from the General Fund. Without dedicated parks funding, cuts to public safety services could follow. Keeping Our Parks Safe and Welcoming This levy directly invests in safety by funding: Park Rangers who patrol, respond to incidents, and assist visitors. Securing facilities at nighttime to reduce vandalism and trespassing. Hazard checks and repairs for playgrounds, trails, and natural areas. Clean, well-lit restrooms and safe, open spaces. Wildfire prevention including brush clearing, tree pruning, and removal of invasive plants that fuel fast-spreading fires. Keeping parks safe means keeping Portland safe. By voting YES on this levy, we protect both our public spaces and our public safety. Vote YES on Measure 26-260 for safe, welcoming parks and a safer city for all. ARGUMENT IN FAVOR

Parks for All Means Everyone

Nearly every Portlander visits a park each year. But not everyone has felt included or welcome.

Measure 26-260 ensures equity and access are at the center of our parks system. It will:

- **Reduce reliance on fees**, making programs affordable for families with low incomes.
- **Support culturally specific programs** like the World Soccer Tournament, Stand with Refugees and Immigrants, and community arts events.
- **Plant trees in neighborhood parks**, prioritizing those with less tree canopy.

This levy is about more than parks — it’s about who we are as a community. Parks are where we come together across backgrounds, generations, and cultures. Everyone deserves to feel welcome and included.

Join us and vote YES on Measure 26-260 for parks and community spaces that truly belong to all of us.

City of Portland
Measure 26-260 ARGUMENT IN OPPOSITION Taxpayers Association of Oregon urges No on 26-260 8 REASONS TO OPPOSE PARK LEVY MEASURE 26-260 #1. <u>It’s a 75% Tax Hike</u>, Not a Renewal This isn’t a simple renewal—it explodes your parks tax from 80 cents to \$1.40 per \$1,000 of home value. #2. Costs You <u>Over \$300</u> Every Year The average homeowner will pay more than \$300 annually in new taxes—money that could pay for groceries or gas. Families in large numbers have moved out of Portland because it is too expensive to raise a family here. Don’t make it worse. #3. <u>Political Tax Hostage</u> Tactics City officials threaten to slash parks budgets in half if you don’t approve their massive tax hike. There is no discussion of a smaller increase, only 75% or else. That’s not fair. #4. Creates the <u>Tax Ratchet Effect</u> First, they passed a temporary tax and now demand 75% more. What will they want next time? #5. <u>Portland Taxpayers Are Already Crushed</u> Families are bleeding money from inflation and rising costs, while city services worsen every day. #6. Rewards <u>Fiscal Irresponsibility</u> This lets politicians avoid tough budget choices by just grabbing more from homeowners instead of cutting wasteful spending. #7. <u>No Accountability</u> for Results Portland’s track record on managing tax money is terrible. Why throw more money at a system that doesn’t work? Portland has a massive general fund budget but claims it can’t afford basic park maintenance without soaking taxpayers again. This is government greed, pure and simple. Don’t reward politicians who hold essential services hostage for more of your money. <u>VOTE NO on Measure 26-260.</u> For daily tax news/updates follow us at OregonWatchdog.com (This information furnished by Jason Williams, Taxpayers Association of Oregon) ARGUMENT IN OPPOSITION Taxpayers Association of Oregon urges No on Measure 26-260 FIVE REASONS OUR PARKS NEEDLESSLY COST MORE #1. Our parks cost more because criminals who are caught engaging in graffiti vandalism are released with little punishment. Lacking harsh penalties, these released criminals simply go back to what they did before and continue to vandalize our parks and spray paint our entire city. #2. Our Parks cost more because Multnomah County handed out over 25,000 free tents to homeless. The free-tents-for-all idea only attracted more homeless to come to Portland from other states in order to get their free tents and camp in our parks. Now we are all overwhelmed. #3. Our parks cost more because politicians refuse to enforce trespassing laws. This has made our parks a great place for homeless encampments because trespassers know it is hard for their camps to be moved. #4. Our parks cost more because local governments (at taxpayer expense) hand out free drug paraphernalia to addicts. This makes Portland a top destination for drug addicts from other states to move here. #5. Our parks cost more because police cannot keep our parks safe from crime and destruction because liberal politicians defunded our police. City of Portland

Measure 26-260

The politicians have made these 5 major policy mistakes and they now expect you, the taxpayers, to foot the bill for the cost of their mistakes.

Politicians need to take responsibility for what is causing park expenses to rise and to fix it – not just punish taxpayers for their own mistakes.

ARGUMENT IN OPPOSITION

We Love Our Parks! That’s Why We’re Voting NO!

Parks Are Treasures—But We Need Real Solutions

Our parks enrich our lives. But loving our parks means demanding a plan that sustains them—not just throwing more money at a system that’s failing to deliver.

The Problem With This Levy

The proposed levy is a **75% tax hike**. Supporters say it will “save” our parks, but it actually locks us into an unsustainable spiral. Without a course change, levies will keep rising every five years while Park services stagnate—and **one in five park assets remain at risk of failure or closure within 15 years.**

Since the 2020 levy:

- Parks’ authorized **staffing jumped from 521 to 826 positions**
- New, maintenance-intensive amenities were added
- Critical repairs at existing assets were sidelined
- **The backlog of repairs ballooned from \$450 million to \$600 million**

Portland already spends **\$318 per person on parks**—well above **the national average of \$192**. The issue isn’t funding; it’s discipline.

What Supporters Don’t Tell You

Out of the proposed \$1.40 per \$1,000 tax rate, just **three cents—about \$2 million per year—will be dedicated to major maintenance.** That won’t scratch the surface of the \$600 million capital maintenance crisis. The rest—**\$84 million annually—will continue funding the operational bloat** that created this crisis.

A Smarter Alternative

This is not a do-or-die vote. The City Council still has time to propose a smarter, more balanced levy. For instance, a **\$1.00 tax rate with 20 cents dedicated to capital maintenance** would yield over **\$13 million annually for maintenance—nearly seven times more** than the proposed levy provides.

Our Parks Deserve Better

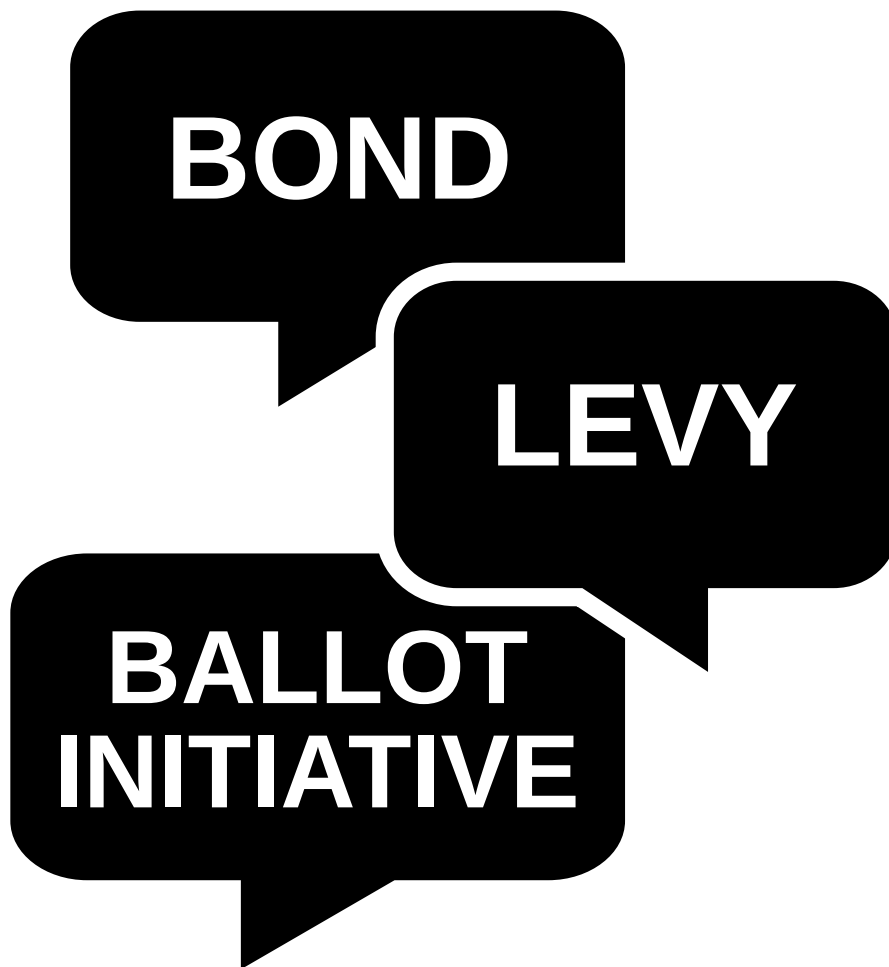

A basic rule of budgeting is simple: **don’t build what you can’t maintain.** City Hall has ignored that rule while asking taxpayers for ever-bigger blank checks.

Vote NO on the 75% tax increase. Demand accountability and real stewardship of Portland’s parks.

Bonds are debt obligations issued by jurisdictions to fund major capital improvement projects. Similar to a home mortgage, they are used to finance large purchases over time. Bonds are generally repaid through property taxes. The financial impact of a bond election will vary from resident to resident based on property values and the number of bonds issued.

Levy (noun): An imposed collection of local or state tax(es), by voter approval, which may be a renewal of existing taxes or an increase to a tax through a local option tax by voter approval.

Ballot Initiative: A proposed law drafted by residents and placed on the ballot to be approved or rejected by voters. Ballot initiatives are usually drafted by a group of residents who are passionate about a particular issue.

Lake Oswego School District

Measure 3-628

BALLOT TITLE

Bonds to improve safety, security; update classrooms, capacity; modernize facilities

QUESTION: Shall District maintain current estimated bond tax rate, issue bonds to improve safety, repair schools; expand classrooms, career/technical education?

If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

SUMMARY: This measure is expected to maintain current estimated Lake Oswego School District bond levy rate and authorizes \$245 million in principal amount of bonds to finance capital costs, including:

Safe, Secure Schools:

- Update fire alarm systems
- Standardize secure classroom doors
- Install hardened glass
- Expand security camera coverage
- Upgrade emergency communication systems
- Improve seismic structural resilience

Replace Two Oldest Schools

Replace Forest Hills and Lake Grove Elementary Schools. Built in 1940s, plumbing is embedded in concrete, and foundations cannot support seismic strengthening.

Improve Aging Facilities

- Upgrade roofs, windows, HVAC, plumbing, electrical systems
- Update recreation facilities
- Acquire furnishings, equipment, technology

Modern Learning Environments

- Expand Science Technology Education Math (STEM), Career and Technical Education (CTE) spaces at both high schools
- Purchase property, remodel for Community Transition Program
- Add classrooms to meet demand at Palisades

Requires community oversight, regular audits

Bonds may be issued in multiple series, each maturing within 26 years. Estimated not to increase bond rate above \$2.90 per \$1,000 assessed value. Actual levy rates may differ due to interest rates and property values.

EXPLANATORY STATEMENT

Lake Oswego School District (LOSD) serves approximately 6,800 students across 11 schools and is consistently recognized among Oregon’s top-performing K-12 education systems, according to Niche.

COMMUNITY INVESTMENT IN SCHOOLS

This bond measure represents the final phase of a three-part initiative to build safe, modern, and resilient schools in Lake Oswego.

Projected to Maintain Current Tax Rate

If approved, the \$245 million bond is projected to maintain LOSD’s current estimated bond tax rate of \$2.90 per \$1,000 of assessed property value. No increase in the bond tax rate is anticipated.

ADDRESS CURRENT NEEDS

- **Safety and Emergency Preparedness**
Several schools would receive safety improvements, including new fire alarm systems, secure classroom doors, expanded security camera coverage, emergency communication upgrades, and hardened glass window installations.

- **Aging Infrastructure**
Many school buildings are several decades old and rely on outdated systems. Roofs, windows, HVAC, plumbing, and electrical systems would be repaired or replaced to support healthy, safe, and efficient operations.
- **Oldest Schools Replacements**
Forest Hills and Lake Grove Elementary Schools, built in the 1940s, have obsolete systems and deteriorating infrastructure, including plumbing embedded in concrete and foundations that cannot be seismically upgraded. Replacements would be less costly than major repairs.
- **Learning Space Capacity**
Lakeridge and Lake Oswego High Schools would receive expanded and upgraded classrooms for Science, Technology, Engineering, and Math (STEM) and Career and Technical Education (CTE). Palisades Elementary would receive additional classrooms to support growing enrollment. Community Transition Program, which supports students with developmental delays preparing for independent living, would receive a dedicated facility.

2025 BOND REQUEST

Developed in collaboration with community representatives, this bond proposal is designed to address current needs while maintaining LOSD’s current estimated bond tax rate.

If passed, the bond would fund:

Health, Safety, and Security Improvements

- Update fire alarm systems
- Install secure classroom doors and hardened glass windows
- Expand security camera coverage
- Upgrade emergency communication systems
- Add seismic reinforcements to Level 4 “Immediate Occupancy” standards

Facility Preservation and Upgrades

- Improve roof, window, HVAC, plumbing, and electrical systems
- Restore physical activity facilities
- Replace deficient furnishings, equipment, and technology

Oldest Elementary Schools Replacement

- Rebuild Forest Hills and Lake Grove Elementary Schools at current sites

Learning Space Expansions

- Add STEM/CTE classrooms at both high schools
- Purchase and remodel a facility for Community Transition Program
- Add classrooms at Palisades Elementary

OVERSIGHT AND ACCOUNTABILITY

Bond funds may only be used for voter-approved projects. Oversight includes:

- A citizen-led Bond Accountability Committee
- Regular audits and quarterly expenditure reports
- Monitoring by the Lake Oswego School Board
- Compliance with bond program objectives and state law

COSTS

Bonds may be issued in series, each maturing within 26 years. While the LOSD’s total bond tax rate is estimated to remain at \$2.90 per \$1,000 of assessed value, actual rates may vary based on interest rates and assessed property values.
